**SPEECH OF
PRESIDENT RODRIGO ROA DUTERTE
DURING THE INAUGURATION AND BLESSING OF THE BATAAN
GOVERNMENT CENTER AND BUSINESS HUB 'THE BUNKER'**
[Delivered at the Capitol Drive in Balanga City, Bataan | 12 September 2019]

Salamat po. Kindly sit down.

Before anything else, I'd like to apologize for my attire. I do not know why it's protocol who says what I should wear for an event. Inilalagay na ho nila sa kama ko. And I thought it was just an outdoor... I am really amazed, totally amazed by the arrangement that you have made and you were able to perfect the PPP --- private and public participation. One of the --- one of the few success stories of the private and public partnership dito sa Pilipinas.

Sabihin ko sa inyo, in a scale of 1 to 10, maybe Bataan has reached its apex in governance at about 8. Iyong iba hanggang ngayon nag-one. *[applause]*

Nakakahiya dalawang pages lang naman ito, nakakahiya naman. We were very late because we were waiting for the clouds to go up. Hindi ho kami maka-take off because mababa 'yung clouds eh. Hindi ho makita namin 'yung building. Kung pinilit namin eh di baka wala ng Presidente bukas. *[laughter]* So we just had to bide our time and I was really praying that because of Abet --- I did not want to disappoint you ma'am and si Boy Roque, who has been a good friend of mine for the last 60 years? Bata pa kami. Ngayon bata-bata na lang.

Bataan Province Governor Albert Garcia and the other local government officials; Senator Bong Go, Bong magpasalamat ka Bong. *[applause]* Actually ito si Bong is --- Batangueño ito, mga Tesoro ng Batangas but nag-migrate sila sa Davao kagaya namin, and few success stories about business. They own the biggest printing press in the City of Davao. 'Yung pumunta doon marami. I remember there was this eatery in one of the main streets of Davao si Ate [Onorata?], I forgot na. They were three sisters. They never got married. Si [Elo?], si [Onorata?] pati --- I forgot the other name. For the longest time they migrated to the United States. One of the closest sa mga taga-Bataan habang lumalaki kami sa Davao.

The Honorable members of the House of Representatives; the up-and-coming Speaker of the House tutal wala man dito si Aquino *[laughter]* --- ay si Cayetano. Biro lang. The other invited guests; fellow workers in government; mga kababayan.

I thank the people of Bataan for their warm welcome. I am deeply honored to be a part of the inauguration and blessing of the new Bataan Government Center and Business Hub, aptly called the Bunker.

When we hear the word "bunker," we think of it as a safe refuge – a shelter that can adequately provide our basic needs during extraordinary times. I hope that this Bunker that we are inaugurating today will serve its purpose in helping the people of Bataan face the rapidly evolving modern complexities and challenges of everyday life.

Alam mo hindi ko naman kayo binobola. Bataan promises to be one of the fastest rising local governments. And with your distance, it's only about a few hours or a few minutes, you can connect even with the vast waters in between Bataan will surely gets its share of whatever is good in the days to come. You do not only have the ideal place, you have the most revered ground. Regret lang natin kasi we were not here to help our forefathers when they fought for freedom for our country.

It is in this light that I acknowledge the government officials of Bataan for their inspiring vision --- `yan ang ano --- to build this hub that will facilitate the convergence of government offices, national government agencies, and other service providers as they engage the general public.

I likewise recognize the potential of Bataan for further development. In fact, I signed a measure expanding the territory of the Freeport Area of Bataan to create more investment and tourism opportunities for the country. *[applause]* Dadating din `yan at sinabi ko the proximity and the opportunity is there.

It is my hope that you will continue to partner with other stakeholders even as you maximize the opportunities afforded by this institution, including the delivery of quality and responsive government services to our people in line with the Ease of Doing Business Act of 2018.

I will --- mag-deviate ako sandali dito ha kasi it's about corruption in government. I'd like to --- I'd be out in a few months, buwanan na lang

`yan. But this I would leave you and you will remember me for it: for as long as we cannot have law and order in this country and for as long as corruption is not stopped, no amount of resolve by any person --- huwag na lang ninyo ako isali --- the other who will come after me, maski anong gawin natin, if we cannot stop corruption and if we cannot remove that --- it's a worm inside in almost everybody in government national, local.

`Yang ease of doing business matagal na `yan; and at itong pabalik-balik. Kaya ang sinasabi ko I will issue the executive order na kung may mga customer ng gobyerno, kliyente, whatever and you ask them what they want, they should be provided with a shopping list na dapat i-submit nila at pagkatapos diyan they are given a day to submit the papers and `yung papel na `yan should include everything.

There will be no changes, no modification and no reason or excuse to call back the transacting public to produce another document. It is in the art of making them going back and forth to the office that perpetuates corruption in government.

The delay and follow-up iyan `yung mga --- those are the things that make up the ugly face of government. Ako hinahamon ko kayo. You really want to stop corruption --- gusto talaga ninyong mahinto? I'm challenging you. I suppose that every TV network is here. So I'd like to address myself to the Filipino people.

Gusto ninyong mahinto ang corruption? O ito, tanggalin natin ang neto at pupunta tayo doon sa gross sa BIR. `Pag `yan ang isunod natin kagaya ng Hong Kong, Singapore, Brunei, and the rest, in a --- you would have removed about 70 percent of the corruption.

Ang mayayaman diyan --- I'm not attributing this to anybody. Do not be offended if you are not the one. But as a government worker, a national government worker, I have to tell you this frankly. Customs, ganun rin. Ang --- kasi ang yayaman diyan `yung examiner. Kasi kung pumunta ka doon sa neto, doon na `yung deduction sa... Doon na `yung lagayan. So mawala diyan ang mga examiner.

Punta tayo ng... I am challenging everybody. You want to stop corruption? Lalo na ito sa BIR, we go gross. Iwanan niyo `yang neto. Kung talagang gusto ng tao at sinsero kayo to stop corruption and to save the country and to just give a respite, eh pagpahinga sa mga taong Pilipino who have been victimized with corruption all of these years. Walang pahinto `yan.

Ewan ko bakit. But I'm challenging Congress and every Filipino. I guarantee you, 'pag pumunta tayo ng gross wala na examiner, wala ng deduction then they do not haggle for anything. 'Pag nandiyan 'yung resibo, 'yan na 'yun. Wala ng istorya.

At itong Customs, I was given a list of 164. They have been there already for 38 years, 15 years, 20 years, 25 years. Sabi nung taong ma-acquit sana, an ex-employee of --- sa Customs, "Itong mga tao na ito, Mayor, kung matanggal mo ito, mawawala ang corruption sa gobyerno."

In the meantime that I am investigating the 64, I think they were already suspended by the Ombudsman, I'm still trying to look for these 100 idiots, these son of a b**** na wala talagang pahinga ang bayan. So 'yun ang...

We have to have law and order and there must be no corruption. Ako wala akong patawad. I just dismissed the --- 'yung chairman ng Pasig River Commission. Sinabi ko, "Umalis ka na. Hindi na lang kita hiyain kung anong kasalanan mo. Umalis ka kaagad bago kita patayin. Kasi 'pag hindi, ihulog kita diyan sa..."

Ako, nandiyan 'yung mga... Hindi ako nagyayabang. Eh lahat naman marunong magalit eh. Ako lang 'yung Presidente na nangbubugbog talaga ng tao hanggang ngayon. Tanong mo 'yan sila.

At 'pag tinawag kita dahil extortion, sa gobyerno ka, papakainin kita ng pera. Ipapakain ko talaga sa'yo. Kung wala akong pera, maghingì ako sa kanila, "Bigyan mo nga akong pera." Wala man akong pera. Itong akin ano lang man. Fresh breath para... G***

Ayaw talaga mahinto. At hindi... Every month. You know, I'll tell you frankly, I was busy attending to the Nayong Pilipino scandal. They bid out the property without a bidding. And they wanted to put up a casino inside the Nayong Pilipino. So nagalit ako kasi tinanong ko sila.

Pardon my Tagalog. Bisaya ako eh. Tinanong ko sila, "Ano ba namang kahulugan nitong p***** j***** istraktura na gambling ipasok mo sa Nayong Pilipino?"

Tapos, tapos na ako diyan. Pagdating ko sa command conference, may nakalagay naman doon, itinulak ni Dominguez, binasa ko lang sandali. Ang medisina para sa AFP hospital ghost delivery. Talagang pumutok na ako.

Sabihin ko sa inyo, nandiyan man lahat ng military pati police. Sinabi ko sa kanila na kung pati kayo nandiyan, pati medisina ng sundalo, mamamatay

na lang, sabi ko, walang pag-asa itong bayan na ito. You don't deserve me and I don't deserve you.

Sabi ko sa kanila, if the major commanders --- Navy, Army, Air Force, pati si Albayalde nandiyan --- kung tumindig kayo ngayon, ibig sabihin niyan gusto ninyong magpalit ng presidente. Titindig ako at aalis ako at magkuha ako ng ticket, 'yung last flight sa Davao, mag-uwi ako doon sa amin. Bahala na kayo sa buhay ninyo dito.

And in one of the Cabinet meetings, I really got pissed off. There was this presentation --- clearance from BIR, clearance from NEDA, clearance from... Almost three pages. Sinabi ko simplify. Clearance...

Alam mo isang clearance ngayon, aabutin 'yan ng isang buwan, tatlong buwan. By the time that you have finished with this corrupting procedures, iilang taon na. At ang mga materials nagmahal ulit. So you have to reconfigure your --- well the cost of what you are building.

Diyan ako... Kaya ako mag-alis, talagang hihiritan ko ito lahat. I will demand and if the Cabinet official cannot really cope up with it for health reason o matanggal ka lang, pero bata pa naman itong mga g***** ito. Sabi ko sa kanila, better leave. 'Yung mga director, you are only given about 10 days. Wala man kayong ginagawa. Nandiyan 'yung computer. P*****...

Sige ako bili nang marami computer tapos walang... So what --- what's the f***... Sige bili ng computer, billions na nagasto ko diyan. And then I do not see any appreciable improvement.

Ease of doing business, sinabi ko ipitin mo. Kaya 'pag binalik mo... The only thing that I am asking the Filipino people is really to be assertive, period. 'Pag nagbayad na kayo, buong Pilipinas, I'm addressing myself to the Filipino nation. 'Pag magbayad kayo sa taxes ninyo o fees, clearances whatever, at humingi --- humingi itong mga g*** na ito, sampalin mo. Kung may baril ka, pwede barilin mo. Huwag mo na lang patayin para --- baka hindi ka masali doon sa pardon, sa computation.

Paa lang. Eh serious physical injuries lang 'yan. Probation ka. Walang ano 'yan. Admitahin mo lang then you go to probation. You do not go inside the

prison. You'll just report to probation officer. Or at least nagbaril ka ng g***** magnanakaw na ulol.

And I will defend you. 'Pag sinampal mo, you create a commotion, then invariably whether you like or not, aabot sa akin 'yan. 'Pag umabot sa akin 'yan, kaya sinasabi ko nagbubugbog ako.

'Pag sinabing umabot sa akin 'yan, tawagin ko 'yung complainant. Sabihin ko, "Sampalin mo. Sampalin mo ng tatlong beses." Pagsabi mo, "Magkano ba hiningi sa iyo, sir?" "Five thousand." "O kulang pa ng dalawa. Sampalin mo pa ng dalawang beses itong p***** i***** ito. L*** kayo." Ganon.

Ako po'y... Mabait po ako sa amin. Hindi ako nagmumura. *[laughter]* But you know, in this kind of game, especially kita mo naman kung paano... Eh may mga tao ayaw talagang matalo. So they kept on rolling the black propaganda.

Ngayon, if I answer, it does not find its way into the front pages. Ang answer ko is placed beside the obituary, 'yung announcement kung sinong namatay dito sa Pilipinas. Doon lang ilagay nila. So ganon style ng media. Kaya the only way sabi ko para mapansin itong sagot ko, binastos ko talaga sila. Sinadya ko 'yan.

Sa amin hindi ako nagmumura. Lalo ng buhay pa nanay ko. Talagang good boy ako. Pero ito dito, style ng itong --- the corrupt media dito sa Pilipinas. P***** i** ko 'to sila talaga in public. P***** i** ninyo magnanakaw kayo, mga l*** kayo. Ganon.

Then they noticed 'yung sagot ko. Sabi nila, "Si Duterte hindi statesman." Hindi naman talaga ako statesman. Kailan pa ba ako naging statesman? Mayor lang ako. The only problem is 'yung style ko, my paradigm as mayor, dinala ko sa...

And it served me well. I do not give a s***. Sabihin mo na, "Ah huwag 'yan si Presidente kasi nagmumura." O 'di sige. Bahala kayo. Am I --- I am I and you are you. Bahala kayo sa buhay ninyo basta I stick sa trabaho ko.

Ang akin lang, you know, you must also be reminded that we are facing so many fronts. Number one is itong mga NPA. Mas marunong pa sa iyo.

Kaya kung ano, distribution of lands, I've --- almost 163,000 hectares na ako. Hindi lang ako na --- hindi ako nagdadala ng media. Iniiwan ko kay baka mahulog ko sa helicopter. Iwan lang kayo diyan. I do not bring media -- basta mag ano ako. I do not want publicity. Hindi ko kasi feel. You know why?

I've been mayor for 21 years. I've been a congressman. Kasama kami ni the late Tet Garcia noon. I've been the vice mayor to my daughter, tapos... I never lost an election since 1988. Diretso-diretso na ako.

Ang akin lang is not to --- I do not have to prove anything to the people. Alam na nila 'yan. You know kung sino. I --- I was campaigning. You heard me. Sinabi ko ito, ito, ito. Wala pa 'yang "Build, Build, Build". Because hindi ko --- magkapa ako kung saan ako magpunta. Walang pera eh.

And then dumating itong mga subtle invitations so I went to China because I needed arms. Kailangan ko kasi pumuputok na eh. In the intelligence, ang bilis pasok na it's about to explode. I was in Russia. But after going to China, I was buying arms. Kasi 'yung binili ko sa Amerikano, sa awa ng Diyos, ang Amerikano ganito. If somebody in Congress would talk against you for something which is connected to you, then they would just file a resolution na... Hindi naman dito. So napurnada ako.

And because I was hard-pressed, I went to Putin and I went to Xi Jinping. And they said, "No need to buy." Because I was asking for a --- the most liberal schedule of its payments, installments. Sabi nila, "Hindi." Ibigay na lang nila sa amin. And to this day --- to this day, ni isang ballpen o toothpick walang hiningi ang Russia o China sa akin.

And I never --- do not worry --- I never talked about military alliances because I'm always telling them that if we go to war at the present parity of arms, nuclear, you start a war and it becomes a world-wide phenomenon, it will be the end of the world. Nobody will grow in our land.

We will be targets because the Americans are here. And that is why I will never, never, never allow any foreign power. Not even... Maski sino. America, Britain. I will not allow the deployment of nuclear arms here. Talagang pupuntahan ko sila doon kung saan nilagay. Ipapatanggal ko talaga. That I can assure you. So 'yan ang...

Droga. Alam mo sa droga, drugs will destroy our country. Believe me. Ito ang tatay, 'pag bumagsak 'yan, wala na 'yan. Ang asawa magwala, iwanan, wala ng pagkain, and the children will stop schooling. And this will become a dysfunctional family and there are thousands of them. Mind you, there are thousands of them.

'Yung sabi ni Bato noon na 1.6 million addicts, ang counting lang niya noon Manila area, 'yung may mga TV coverages. Hindi mo pa binilang ang Cebu, Bacolod. 'Yan ang pinakamatama. Cagayan. Davao, wala na masyado kasi when I became mayor... Kaya nga 'di ko 'yan... Noong --- kay Abet.

'Pag ginusto talaga ng governor pati mayor, wala. Wala talaga 'yan. Tootoo. 'Yung provincial commander tawagin mo lang 'yan. "Ano? Kasali ka dito o kasali ka sa kabila? Kung kasali ka sa kabila, sabihin mo kay pati ikaw patayin ko." So you make yourself clear. 'Pag ayaw ninyo...

Napunta na ba kayo ng Davao? Well, hindi man pagyabang pero... Davao is... Okay na kami doon. And my warning when I was --- for the 21 years --- and this is for the consumption of the Human Rights.

Sinabi ko sa kanila sa Davao, I'm building a city. I want a city that is peaceful, that people can walk around at night. And I am asking you, the policemen, you ask your wives and daughter to walk at three, four, one o'clock in midnight. 'Pag nauwi 'yan, walang in --- unmolested, undisturbed, unbridled in their enjoyment of Davao City, they can use the streets again, that is the Davao City that I want.

Ang sinabi ko sa mga droga --- and I'm repeating it not only in Davao, for all of the Philippines to hear, especially the Human Rights, you will destroy my country and if you do that, I will kill you. Period. Wala akong pakialam.

Que se joda if you will hang me, burn me, but at least during my time talagang yayariin ko kayong lahat. I'm putting on notice ito. Drop the drugs.

Kayong mga NPA, I'm ready to accept you. I'm willing to forget what you --- how many killed. Pinakamarami kasing na namamatayan soldiers and barangay captains. We lose about three, four a day. Police, ako meron ako sigurong mga dalawa, tatlo.

And I have been... I... I... Everyday there's the PTV? 'Yung sa gobyerno. Take a look at it. Nandiyan 'yung presidential briefer and tignan mo kung ilan ang patay. In about 30, they're about arrested kasi "A", "A" in ano is arrested. 'Yung "N" is neutralized.

You have to go over at it again and again to find out. There are about two, three. Mga ganun ang patay. Pero kung sabihin mo na 70? Saan ako magkuha ng 70 na para patayin ko? Ka... Maski na kalabitin ko 'yung kamay ko, magka-cramps na lang 'yan, hindi na gagalaw, hindi ko pa maubos 'yang 70.

Pero kung mayroon, I'll be glad to. Ihulog ko na lang diyan sa... May barge man kayo diyan. Talian ko lang 'yang mga paa niya pati kamay, ihulog ko diyan sa Bataan. Kayo pa ang makinabang. Alam mo bakit? Tataba 'yung isda ninyo dito at masarap. That's your protein.

Kaya 'yan. Just be assertive. And if you are a government official, do not be afraid basta magkakaso kayo. Pati 'yung military. Do your duty in accordance with the law. Patayin mo. Just do your duty. If you're a public...

Nag-aral naman itong lahat. Eh may mga... Itong pulis, two years 'yan sila. I am still teaching sa police academy in Mindanao --- sa Davao. I'm handling criminal law, criminal procedure, criminal evidence. Kaya magsabi ako na you can accept gifts, token, nominal, I was using the words of the law. It is found in the Anti-Graft and Corrupt Practices. There is an exception there at ginamit ko ang words ng batas. Tapos I had this flak from Lacson then from Robredo. Sabi ko, "Por Diyos, basahin ninyo ang libro."

The law allows it na hindi na mag... Kasi ang mga pulis, if they are able to solve a crime, ano tayo? Magpadala ng lechon, pagkain, 'yung ganun. Or 'yung mga kidnapped na mga Chinese, they would offer.

Sabi ko basta huwag lang mag-thousand-thousand at huwag kayong maghingì. Do not demand. And 'yon 'yan as a... Iyan ang wording ng batas eh, "to show gratitude." Hindi mo mawala sa Pilipino 'yang utang na loob.

And yet Robredo who was a lawyer outright pati si Lacson ang sabi, "Mali 'yan. That is illegal order." Sabi ko sa mga pulis, "I will not order you. That is an illegal thing." Remember that.

Pero 'pag sinabi ko "'yan, gawain na ninyo" because I will take full responsibility so that 'yung mga officials kayo. 'Pag sinabi kong "gawain mo", gawain mo. Then I will personally address the case with whatever.

Napakaistrikto naman nito kasi si Año, he's a military man. But... Now, you ask me. Give me about two minutes para maintindihan ninyo ako. Bakit lahat ngayon sa military? I want to ingratiate myself with the military with the police? Why? Sila ba 'yung nag-elect sa akin? I was elected by the Filipino people.

Pero kasi itong military, 'pag utusan mo, oo kaagad 'yan. Itong mga director, itong mga undersecretary diyan, they would go into a debate with you. Matagal at it takes forever for them to...

Kagaya ng Boracay. Sinabi ko kay Año pati kay Cimatú, "Linisan mo nga 'yang ano." O 'di tapos. Ngayon, malinis na. Aba'y hindi pa ako napunta doon. Marami pa bang naliligo doon sa ano?

Dito sa inyo may resort? May naliligo? Naga bikini-bikini rin sila? *[laughter]* Kasi magpasyal ako kung... *[laughter]* Not... Not really... Not really because I'm a misogynist. Hindi ako... I am just a lover of a woman.

Mamatay ako 'pag walang babae sa totoo lang. *[laughter]* At lahat dito 'yung mga mayor ninyo, sobra kalahati niyan may mga babae rin 'yan na iba. *[laughter and applause]* Ah sus, saan hanapin? "Saan siya?" "Ah nandoon sa bayan, may ano doon."

Maniwala ka diyan. Mayor ako, alam ko ang raket na 'yan. I am not the only one. Eh magprangkahan na lang tayo. Part of the culture, part of the

insanity of the Filipino. Pero kung sabihin mo na ako lang?
Susmaryosep. *[laughter]*

Pero hindi dito 'yan. Pasakayin mo 'yan ng ano. Doon mo makita sa... Doon o, sa Makati. 'Yung isa o, "Sir, nakita namin si ano kasama si ano." Ayun na 'yon. Pero dito, good boy 'yan. 'Yung totoo, ano...

'Yung droga. Pati itong mga carnapper, madali ito. P***** j**, wala akong pasensya sa... Kasi ang sabi nga nila, maganda man 'yang mahuli ma'am. It takes time. It takes time makita mo ngayon. It's not our law that you --- crafted by Congress in 2014. And verily, she made a computation there. Pagka-passage ng law, publication. Mga 2015, they started to release. Ang problema niyang batas na 'yan kung --- Madam Representative, wala talagang batas nagsabi kung sino. That's the greatest hiatus of them all.

Walang sinabi ang batas kung sinong magpirma. So the guys there sa Bureau --- sa BuCor took upon themselves to arrogate the power and started a practice which was continued.

Tapos kung sabihin mo maka --- maka-secure ka ng conviction, when the Secretary of Justice himself si Guevarra, said that "we will ask for a clarificatory question or for the Supreme Court to explain," that law becomes in doubt and questionable, then you cannot convict a person for the rule that he must be proved to be guilty beyond reasonable doubt.

Eh kung may doubt na nga pati si Guevarra maghingi pa ng clarification, eh kung ang mga abogado hindi sigurado, then how can you convict this idiot? Although it was really --- even if it was regular or allowed, corruption was there.

So setting aside all the legal infirmities there, even if it was allowed, corruption was present. Sabihin ko lang sa inyo. And everybody will go --- will have to go. Alam nila 'yan. Not because they were maybe exercising a questionable provision of law and arrogating upon themselves or to themselves that power, wala sa akin 'yan.

If it has done in good faith, hindi kita anuhin. "Eh sir, walang..." Pero kung sabihin mo na "bayaran," ah that is another story. I will hit you not because

the law was in the limbo but because of corruption. So 'yan ang maaasahan ninyo diyan.

I am glad that I came here to explain also to you some of the --- meron tayong NPA, meron tayong facing terrorism. Diyan ako takot sa lahat. I get a sweaty palm pagka 'yung... Kita mo naman sa TV, Iraq, Iran, and --- Iraq, Iran pati Libya, 'yung car bomb and in the United States.

'Pag 'yan ang nangyari sa atin, God forbid, hindi ko talaga malaman anong gawain ko. Hindi ko talaga malaman kung anong gawain ko. Maghurumintado ba ako o can I keep my cool and deal with the problem as -- as the best as I... Diyan ako takot.

Then we have the rebellion that was motivated by a conflict of lands. Kasi noon ang Mindanao talagang malawak. Talagang it was so big at that time. But when the Visayans and all tribes from other parts of the Philippines went down to settle, Mindanao became so constricted and had become very small.

Kaya 'yan ang ano. Ang galit ng mga Moro nawalaan sila ng lupa. Just like the Indians in America. They were deprived of their lands because it was the Americans who --- nung panahon ng Amerikano, kasi walang magpunta doon, magtrabaho sa kanilang mga plantasyon, they hired the Visayans, approximate distance. Malapit lang eh. So pinakamarami mga Bisaya.

So Mindanao is a Cebuano-speaking island. So 'yan ang umpisa niyan. But we were able to somehow meron tayong BOL and it seems to be working and I hope it would succeed. Si Nur na lang ang problema ko and he wants to begin the talk and I will accommodate him.

Ang --- ang sakit ng loob ko sa mga komunista ganito. When I was mayor for so many years, every NPA na nag-surrender o nahuli, I never, never allowed the military or the police maski isang kusi. Isang kusi is kurot, I'm sorry. Bisaya 'yung kusi, kurot, ni isa.

Talagang ipa-investigate ko then 'yung iba diretso na, ginagawa kong guwardiya, binibigyan ko ng baril kasi mag ... Ang problema nitong NPA, Negros, may mga --- may na-hostage silang pulis Gillette pa ginamit ng mga...

Kaya sabi ko, "malabo na ito." I --- I am sad and I am angry. And I do not think that we can have that talks again with Sison. Ayaw ko na kasi hindi sila

sumusunod ng batas. They always invoke Geneva Convention but they do not follow it. It's a pure hypocrisy.

Be assured that the national government will continue to implement measures that will empower our citizenry to engage more proactively in programs that will ensure the safety and security of our communities.

I ask the people of Bataan to remain as active participants in the challenging task of nation-building. Together, let us work hand in hand in ensuring that every Filipino will achieve meaningful and dignified lives.

Congratulations and I wish you success in all of your endeavors. I wish only the best for you people of Bataan. Maraming salamat po.

--- END ---
