**SPEECH OF
PRESIDENT RODRIGO ROA DUTERTE
DURING THE DAVAO CITY BULK WATER SUPPLY PROJECT
CONSTRUCTION CEREMONIAL KICK-OFF**

[Delivered in Barangay Gumalang, Baguio District, Davao-Bukidnon Road,
Davao City | 26 November 2018]

Thank you. Kindly sit down. Salamat po sa courtesy ninyo. I have a --- two pages, Secretary. Medyo kulang 'to. Anyway, I'll just have the acknowledgments.

The Cabinet Secretary, our new Cabinet Secretary Karlo Nograles; Mr. Sabin Aboitiz, President and Chief Executive Officer Aboitiz InfraCapital; Davao City Water District Chairman Eduardo Bangayan; J.V. Angeles Construction Corporation Chief Executive Officer Kathryn Angeles; Apo Agua Infraestructura --- Español ni --- President Roman Azanza; Apo Agua Infraestructura General Manager Cirilo Almario; fellow workers in government

Ah si --- nakita ko si Joel Unad trial leader ng Ubo-Manobo tribe. *[applause]* Buti 'yan nandito ka kasi... You know, the earlier we finish this --- itong insurgency, the better for us all.

Alam mo as I have told you, if there is no law and order in this country and there is no stop sa graft and corruption, walang mangyayari sa Pilipinas.

Even if you give us, our country, another headway of 10 years we cannot catch up with the rest of Asia. Kailangan talaga, Joel, Datu Unad, na tapusin natin 'yung giyera dito. Tumulong na kayo kasi... Anyway...

I am honored to be here to formally kick-off the construction of the Davao City Bulk Water Supply Project.

I remember about 10 years ago I was looking at the river --- dito sa Toril? Talomo ba 'yun or is it...? What river is that?

Tayong dalawa, Ed, sinabi mo na 'yung --- you have plans of utilizing the surface water. At on --- in another site, I believe we were talking also about the inadequacy of the aquifer sa tumoy in the years to come.

You know, during the ASEAN we were talking of resources of water. Really as the fiction writers and scientists would tell us now that climate change and water is really becoming a harder --- a harder commodity to secure.

At ang --- sa ASEAN we were talking about the siltation of the Mekong Delta. It's the biggest rice field in all of the Earth and yet they are very apprehensive about the siltation of a part of the Mekong Delta. It is providing food, rice, carbohydrate, which is very important. But it's also becoming a problem for humankind.

So 'yung water na ano should no longer be dedicate to the planting of rice. We are talking about it. There's a cry now in everywhere about the climate change but nobody seems to be compliant with it. I do not see any active advocacy that's really being implemented dito sa ating bayan regarding climate change.

And only because there seems also a distorted or fractured setup itong sa climate change where the big countries, the one that is really --- the ones, rather, that are really spewing a lot carbon dioxide o kung anong monoxide and footprints are everywhere. The carbon footprints can be found everywhere including Africa, wala talagang let-up because of the population itself.

And even Manila does not have a working sewer and sewerage. Lalo na tayo. And that is why I can hardly see any improvement in the quality of life in Manila or maybe in the entire Philippines na wala tayong sewer and sewerage system that is really working.

So ganun kahirap how to grapple with the problems of... Wala bang obispo dito? Babatukan ko 'yang mga ulo ninyo. Kayo 'yan eh. The Catholic Church pati si Bishop David sa Caloocan. Clinging on to a belief which was 3,000 years ago.

Ang mga tao noon nomads. What do they know about the world today tapos pasundin mo 'yang sinusulat ninyo? Totoo. How can the people there 3,000 years ago predict or project what is happening today? And it's only the archaic church of --- because it's getting money, that's all. You are supporting a...

You build a chapel on your own house and pray there. You do not have to go to church to pray for these idiots. Ah pero 'yung ibang pari kaibigan ko. Magbigay kayo sa maa, sa... Pero 'yung obispo? Ay susmaryosep.

Maghingì pa ng sakyanan sa gobyerno, knowing fully well that it is corruption, as there is a separation of church and state. And you have the balls, brave as you are, to ask property of the government. Tapos magsalita kayong mga p***** i** ninyo akala mo sino kayo.

I have always believed that access to safe drinking water is a fundamental right that must be enjoyed by every Filipino family so that they may lead healthy, dignified and productive lives.

Isipin mo naman kung lahat ng tao walang ligo. Lalo na... Minsan magputol kayo ng... You know, I would like to.

Ed, 'yung a --- 'yung ang advice ninyo sometimes comes in late. Tapos what is really very unsettling for a citizen is that when he turns his faucet on --- on a Monday morning rushing ah --- eh iisa lang naman talaga ang bathroom ng mga bahay natin, papalit-palit.

Eh pagka walang tubig... So bad breath na, may muta ka pa, hindi mo malinisan 'yang ilong mo pati ears mo, then you go stinking. Walang problema sa lalaki. Eh iyong mga babae? Ma-discourage tayo. *[laughter]* "Ma'am, wala ka mang ligo."

I believe that you should improve on the --- at least, at the very least, it should be about 48 hours in advance. And you must have an understanding with the rest of the networks --- communications: TV, radio --- to have it announced every, maski twice, thrice in the morning ano lang naman 'yan; and you pay for it, if they require.

But if they do it out of public service and out of the love of their country and people; never mind about God, leave it to bishops. You just pray to your own God, I have my own God. It is not the God...

I mean, I... You know, it's not true that I said I do not believe in God. I was answering to an incessant attacks of demonic man daw ako kasi diyan sa patayan.

Whether I really order or not, it is the duty of the soldier and the police to protect their country. And I have announced it when I was in Davao, all of you were here, and when I became President that I said I'm going to build a Davao City that is comfortable for you all and I'm going to kill anybody who would f*** with my city and destroy my daughter or my son to drugs.

When I became President, 'yung mga bishop, when I was campaigning I was already mouthing it. And I even challenged you in Luneta, "let this be a referendum". Iyon --- ang maniwala sa inyo at gusto ng walang patayan at maraming durugista, diyan kayo sa mga religious. Kung gusto ninyong walang durugista, patay lahat at wala namang magho-holdup sa iyo, wala namang magsaksak sa iyo, dito kayo sa akin. Sabay tayo sa impyerno.

Bishops, do you remember that? Eh bakit hindi kayo nag-kampanya? Instead, the Filipino people gave me... Same mouthing, papatayin ko talaga kayo. At anak ng... Bishop ka, magpabili ka ng droga diyan maski single sachet pag hindi kita pinutulan ng ulo.

Walang bishop-bishop sa akin. Basta pumasok ka diyan, sirain mo ang Pilipino, hindi talaga tayo magkakaintindihan diyan sa totoo lang.

Demonic? Kayo ang demonic diyan. Maya-maya makita ko sa ET 'yung iba. 'Yung ibang obispo naman, p***** i** niya nandian sa --- may mga kabiti diyan sa NHA oh nakatira. *[laughter]* G*** kayo.

Tapos sabihin ninyo, "mad man." Paano ako maging mad man? May Diyos ako because sabi ko --- nag-away kami, sabi ko, "I --- I do not --- I do not believe in your stupid God." I have my own God in my estimation na hindi nangongolekta ng pera.

Kayong mga barangay captain, 'di ba ilang beses mag-reklamo 'yang mga tao. Pagka linggo dalhin mo diyan sa punera --- simbahan, magalit pa ang pari kasi walang binditahan ng patay, maski mabaho na. Eh 'yan ang mga pobre ang embalsamasyon niyan dalawa, tatlong araw.

At meron pa kayong... There's a practice which really pisses me off. 'Yung sa ano daw --- na ang... It has something to do with water, the washing of the Filipino people. Na 'yung patay, ipalibiing mo --- ito 'yung mga konsehal, alam nila 'yan, nine days bago ilibing, sige sugal diyan, sige inom, drinking, gambling.

Ang patay gi-langaw na, hindi mailibing kasi ang spirit daw nandito pa sa lupa. P***** i***** espiritu na 'yan. Kaya 'yung pobre, magkasamot og

kapobre maihaw tanan. Og wa nay maihaw tawo na giihaw wala sila kibaw og tawo diay ginakaon nila.

Pagka-baptism, bayad; `pag minyu, bayad; pagkamatay, bayad. Unsa ning p**... Nikolekta simbahan, unang kolekta naapa gyud ikaduha. Ang ikatulo kanang prutas ug saging, offertory. Naga-kuwan ba mo? Asa na lamesa mu-landing? Didto sa iyang uyab. *[laughter]* P*****... O tinuod na. I'm telling you, David. Nagdududa nga ako bakit sige ikot `yan ng gabi. Nagduda tuloy ako p***** i** nasa droga ka.

Kayo na ang Katolikong na...

Nandiyan ka pa sa tiyan, you are a --- you are part of the semen of your papa and mama and when there is conception mas may kasalanan ka na, the original sin. P***** i**. Unsa may labot nako sa tsuk-tsak diha ninyo?

Tapos `pag daw ako --- you have to be baptized, you have to... That's all s***. Actually noon `yan. But now, do not dwell on that kind of stupid --- at even if you are there as a fetus inside the womb of your mother you have the --- acquired the original sin because Adam and Eve kinain `yung --- kinain `yung apple nga gidala ni ahas.

Apple sa China ang lalaki niyan. Ibigay kay Eve, si Eve naman t***** kumain. Unya gihatag niya... So it's paradise lost. It's an essay, Paradise Lost. `Yun `yung...

Alam mo, I read this in my --- may I take much of your time? Tatal nagpagod ra ba ako dito ha papunta *[laughter]* kita mo pawis-pawis ako.

Ah I... We were there to inaugurate an orphanage actually. Hindi iningay ng asawa ko, hindi iningay --- hindi niya sinasabi. So I now realize I said I had this appointment at 2 o'clock, `yun pala may --- hindi ko na sabihin kung ano, saan. Basta may project siya.

So pagkatapos sabi ko, "Ang galing mo ah. Sabi ko pa na magpa-improve ako ng kwarto pa dito sabi mo magastos. Ngayon pala kung orphanage

gwapo kaayo ang... Mahusay ka na babae." Pero kung meron kang pera sa orphanage, pero 'yung sa kwarto kong sige'g tulo, eh isahon na lang daw.

Totoo. You can come to my house tonight. Puro langkat na gud ang plywood. You know, may I, I --- in my youth I've read it somewhere, somewhere. Hindi ko na malaman was it second year, was it third year when I was AB college.

There was this about Abu? This Abu --- and I related that story doon sa orphanage. Kasi sabi nga nila hindi raw --- galit raw ako sa Diyos, demonyo ako. Well, I'm reminded of that ... I don't know if it's a proverb actually but it's it in the days of my youth. So, youth-youth pa na dili youth-youth tiguwang, youth na bata pa.

That this Abu sleeping soundly one night and there was a crashing sound and a blinding light coming from the window. And he stared at the window and the light and suddenly an angel appeared, materialized before him.

Sabi ni Abu, "Who art thou?" Tapos ang angel nagsagot, "I am an angel of God." Sabi ni Abu, "And what is your purpose in coming here? To scare me?" "No." Sabi ng angel, "Just passing by to visit the faithful." Tapos tinitingnan niya the angel was carrying a tablet. And he said, "Is that tablet -- is that the Ten Commandments of God?" And the angel said, "No, somebody is taking care of it. It's somebody else's tablet, mine is different."

Sabi ni Abu, "And what are thee?" And said --- the angel said, "This tablet contains the names of the people who love God." 'Di sabi ni Abu, "Is my name there in the tablet as one of those who love God?" Sabi ng angel, "Sandali lang." Hinanap niya. "Duterte, Duterte, Abu Duterte, wala." "Is that so?" "Yes." "Means to say I am not one of those who love God?" "No, I'm sorry you are not in the list." Sabi ni Abu, "Well then if you have another list for those who are not allowed to love God but to serve his fellowmen, kindly put on that list because I love my fellowmen."

The angel said, "Okay." The following night the angel appeared, same angel and said, "Oh you are here, and what is the purpose of thee this time?" "I

am showing to you another tablet." "So it is not the same one that you carried last night?" Sabi ni angel, "No, this time I have the tablet for those guys who love his fellowmen." "And my name still there? It's okay that I am there." "You wait. Abu, Duterte, Abu, Duterte, Abu, Duterte, Abu, Abu Duterte... Ah number one Abu Duterte, the one who loves --- the number one who loves his fellowmen." *[applause]*

This will not just address the increasing demand for a steady and sufficient supply of potable water for the city, but also demonstrate the success of partnerships between the government and the private sector in effecting real changes in our communities.

As with any business venture, I firmly reiterate the importance of the strict implementation of the Ease of Doing Business Act.

Corruption is not acceptable to me. I need not repeat it everyday. Then when I go to Manila, I'm going back, I'm going to fire another undersecretary for corruption.

I am thus directing all concerned government agencies to ensure compliance with this law so that projects such as this will not be delayed or caught up in the processing of permits and clearances.

Nandito man itong media pakipasa lang. Kayong ABS-CBN ipasa mo 'to hindi ito para sa inyo, hindi para sa akin. Again, there is corruption in government because the people are not really assertive about it. You are just the willing and dying for it.

Sinabi ko sa inyo ayaw ko ng corruption and if there is a corruption you have access to my office in Pasig, Mendiola, 24 hours. That's what happened doon sa frigate. 'Yung frigate nagpunta 'yung may-ari na gumawa noon bakit wala pang delivery --- order of delivery.

So he complained to me and so I told si Bong Go. *[Bong Go, bakit nandiyan ka? Ah senador ka na. (laughter) Usually 'yan sa likod ka eh.]* Good. Para manalo ka man, okay lang. *[laughter]*

Sabi ko kay Bong, puntahan mo ang legal. Dumating 'yung note ni Lorenzana, I don't know what happened kay diyan sa Malacañan hindi lahat tao mo 'yan. May mga ano 'yan panahon pa ni Aquino, panahon pa ni Gloria, panahon pa ni you know, 'yung dumaan. Serbisyo sa gobyerno matagal eh.

So meron talagang mga hudas diyan and you cannot prevent it altogether because akala nila mga duce duce. So dumating 'yan doon kay Trillanes pati kay 'tong Alejano. Itong dalawa, wala nang ginawa 'to kung hindi manira ng kapu --- puri ng tao.

I don't know what happened to the --- to --- they were there in the military academy. 'Yung values na ano... Nagwala ang mga g***, rebelled against government at itong na --- napagbigyan dahil naging unpopular si Gloria nanalo itong si Trillanes pati itong ano napagbigyan na akala ng mga tao reformist. Only to be such idiots also there.

And ito namang si Alejano talking and sometimes he sees a document, he interprets it and he knows that he is only good for four years of education, and he interprets it as if and he talks like a lawyer, pretending to be.

Ito si Trillanes wala talaga. And you know, something is wrong between his you know, gray matter between his ears. Ipinatawag nila si Bong, sabi niya, "sinubpoenahan (subpoena) ako Mayor". Sabi ko, " eh 'di punta ka". Sabi niya, "'yung sa frigate". Sabi ko, "sabihin mo lang ang totoo". Tapos na 'yan, ang inirereport lang dito bakit wala pa ang order sa Armed Forces na i-deliver sa Navy?

"Just tell the truth". Tapos nagpahabol ang isang senador, "President, do not worry we will have a closed door conference." Sabi ko, "P***** i** 'wag ninyong gawain 'yan."

Sabi ko kay Bong, "I will not testify any closed door conference. You ask for an open public investigation." "Sila 'yang mayayari diyan" sabi ko, "hindi ikaw. Just be --- sabihin mo anong --- what transpired."

May mayaya --- may... Kung 'yan puputok may tama 'yan sila diyan. Sila, ilaha na. So sabi ko pag-testify niya sinabi ko kay Bong, "Bong, that is your passport to being a senator of the Republic of the Philippines".

Ayaw niyang maniwala. *[applause]* Sabi ko, "Alam mo kasi, ang tao hindi bugok. 'Pag iyang style ni Trillanes, ha?..."

Alam mo bakit ayaw ko siya? Ayaw ko talaga siya. 'Yung sinasabi niya sa kapwa tao niya, sundalo niya, at PMAer, si General Reyes was trying to say -

-- to... Say, "Your honor may I be allowed to talk to defend my --- to defend my honor?" Alam mong sinabi ng g***, ng p***? "No, sit down. You have no honor."

Kaya sabi ko, ito ugok ito. Sige, mag --- iboto pa ninyo 'yang Magdalo, Magdalo. Ayan na, nagkakalat sa mundo ang mga g***. 'Di ba pakitain ko 'yan nag-reunion sila, anong ginawa niyan? Nakahilera Tanduay pati beer nagsige inuman.

'Yan ang sundalo ninyo? Ayan, pabilib-bilib kasi na --- pabandera diyan sa Makati sinira 'yung Peninsula tapos nag-surrender. Anak ng... Tapos matapang daw siya. Sus Trillanes amoy kita. Naghinambog ka lang naman, nagpakamatay ka sana na doon.

Maghinambog ka na mag-surrender ka. All for show. One of these days maghanap ako ng financer, the Magdalo Story. Mo --- gawain ko kayong kengkoy lahat. *[laughter]* Kengkoy man talaga 'yan. Nag-surrender... The least that you can do is nagpakamatay ka, 'yun talagang...

And here comes [Cejoco], a graduate of the PMA. Eh kasi may isang araw 'yan eh, mesa-mesa isang araw 'yan na walang hinto hanggang patayan 'yan. Trillanes was in his --- his father was holding office in the PMA, Baguio. And the mother was, we are looking into the papers, you know that we're investigating quietly 'yung mga deals sa panahon ng tatay pati 'yung --- 'yung involve 'yung nanay.

And he can be very sure na lalabas lahat 'yan. So sabi nung --- nung isang nakatapos na who was assigned there, [Cejoco], na walang ginawa 'yan kundi kumain kasama --- kasali siguro si Alejano diyan? Magbobolahan pa tayo?

Sabi ni Trillanes, ako daw ang pagka-abugado ko nilakad ng tatay ko. Hoy, Trillanes, I became lawyer after 20 years my father died. Ikaw, taga PMAer - -- PMAer taga PMA nandoon ka sa opisina ng tatay mo kumakain ka ng peanut butter pati naubos mo ang pan doon. Tapos 'yung mga classmate mo kaya ganun ka, you acted like a spoiled brat. Kaya leksyon niyo, People of the Philippines, sige, suma pa ka ng...

I look forward to the timely completion of this water treatment facility so that the people of Davao may enjoy its benefits at the soonest possible time.

There will be a crisis, you know that Mount Apo there is very big. There's a hole there at the top. And over the centuries ang tubig diyan, diyan bumubuhos. Even na sabihin mo lang at one day per week puno na 'yung aquifer dito but I think it's the --- it's a one large aquifer inside that 'yung sa underground ng Mount Apo. Part of it is really the channel in... Dumi. Kaya sayang 'yan. Ireserba ninyo kasi matamis ang tubig natin eh maski saan ka magpunta.

I only tasted like sa Canada. May isa ako doon na 'yung matamis, kita mo 'yung tubig sa ano, walang... Kayong mga babae 'di ba? Wala kayong shampoo, shampoo. Eh akin 'yung safeguard ko, 'yun din 'yung... *[laughter]* Ganun mo lang. Ganun man ang... 'Yung mga sundalo ganun 'yan. Hindi naman marunong maggamit ng shampoo 'yan. Ah 'yan pa-diretso. So hanggang ngayon hindi talaga nawala sa akin. Kaya ako nasunog ito kasi sige man ako sa kampo, ikot ako nang ikot. But you know as you grow old 'yung pigmentation, so nasunog nag-itim.

Itong mga... Tignan mo talaga ang simbahan ha pati oposisyon, ang binabantayan 'yung p**** ko. Colonoscopy 'yung bunganga ko pati 'yung changes ng mukha ko. Kasi nga naman kung may kidney ka, diabetes, nagda-dialysis ka. Dito 'yung mga ganun.

So sabi nila na si Duterte may kidney problem na 'yan kasi maitim. Ako naman --- sabi ba't maitim, Mayor man ang tawag sa akin, "Mayor, bakit maitim 'yan." "Ewan ko." Sabi ng... Siguro alam mo Mayor pagka matanda ka na vulnerable masyado ang ano sunog. So hinayaan ko lang nagpunta pa ako ng Jordan. Kaya ikaw sunod mag-dikit ka sa akin, 'yung aide ko. Bago man 'yung aide ko nagpalit kay Bong.

Wala. Wala man lang akong cap, wala akong payong. Sa Jordan tapos sa desert nanood ako ng mga helicopter kasi binigyan tayo ng dalawa. Kaya 'yan hindi ko ma-mura-mura 'yung human rights sa commissioner eh. Sabi nila, sabi ng itong mga ugok cousin daw.

The King himself said, "you know that brother of mine, screwbolt. Do not mind him kasi ako kailangan ko raw magpakita ng psychiatrist. Gusto kong banatan, P***** j** sige ka. L****-I***** kita. Ito naman si Esperon, "Mayor, huwag mo na lang --- huwag ka na lang gumanti. Tatal wala man 'yon. Sabi niya magpunta ka raw ng psychiatrist." Sabi ko, "Eh ikaw General ikaw sabihan niyan, maligaya ka?" Sabi niya, "Huwag mo nang awayin kay

ang helicopter natin baka hindi i-deliver." *[laughter]* T*** j*****
Esperon. Utro din.

Eh 'di tahimik na lang ako. Biro mo pagpunta ko nga meron gipakita dinala nga doon eh Cobra. Sabi ni King, "this is the... About my brother..." Nag-apologize eh. "Do not mind him. He is screwbolt." Ah kaya pag-uwi ko dito, p***** j** ka, l***** ka. *[laughter]*

Sabi man ni King, puro ka-init uy. Ang asawa ko sabi ko nasusunog sabi niya, ah... Sabi niya 'yan o, one, two, three, four. Sabihin ko na. Hindi ko ina-advertise ha, one, two, three, four. Ayan, one, pagkatapos maghilamos ka. Two, tapos three, four, five kumpletuhin mo 'yan gabi-gabi tapos paglabas ko lalo na pagkagaling ako Jordan, nag-itim lalo. *[laughter]*

Sabi kaagad ng mga p***** j**, si Duterte may ano na --- kidney na 'yan, cancer of the kidney, kita mo. Cancer ng --- ano, mag-itim. Mag-itim 'yang ano --- indication one of the sa...

Sabi ni Maria Sison, utro ring himatyon, dying, "Duterte has cancer sa colon". Gi-amoy ko 'yung l***** ko, okay pa man. *[laughter]*

No extraordinary smell of a decay. *[laughter]* Cancer is decay. Pareho man ang bango. *[laughter]* Tingnan mo. Kung ano ano na lang... They speculate on my death na ako kuno may cancer, t*** j**. Makita mo sila 'yung maunang mamatay tignan mo. *[laughter]*

Pusta kayo sila 'yung unang mamatay. 'Yung nag-aano lang na. So if you are that desperate to be president, why do you have to dwell on such issue as 'yung kamatayan ng tao?

After all, sino bang mag-akala na mamatay? 'Yan nahulog lang bigla. O 'di patay. 'Di biyuda.

Do not speculate on life. Ako wala akong illusions, anytime ako. Tapos na ako. Dumating na ako sa apex. Wala na. No more. No more mountains to climb, no more challenges to meet sa buhay ko. Wala na. No more.

To our private partners, let me assure you of this administration's full support as long as you conduct your business with the welfare of the people in mind. Let the success of this project inspire us to work together in making Davao City and the rest of the country a better place to live in.

I urge you to join me in this task, not just for ourselves... What you are doing now is for the next generation. Generation kami 'yung si [unclear] Angeles, part of the... Pero magtanong ka ng ako, 73 years old. Magtanong ka sa akin, "Kamusta, wala kang sakit?" Ay loko-loko ka man pala. Sinong 73 dito ang walang sakit?

'Yung ingrown ko lang ngayon gahubag na o. *[laughter]* Kita mo? Wala akong medyas kasi 'yung ingrown masakit eh. Ang ingrown ko 'yan o, o 'di gahubag. Kasi pumunta, lumabas pa ako...

Dapat ano talaga 'yan regular. Kayo bang mga anak ninyo sinabi sa akin noon, huwag kang magpa-pedicure kasi mag-pedicure ka pudpod... Totoo problema na. Lifetime na 'yan. Dito lang kaya ang anak ko ginu-guwardiyahan ko talaga.

Kasi once you tinker with the sides, pedicure, patay na. Ang mabubuhay niyan kagaya ng mga doktor pati abogado. Abogado maghanap lang ng gulo ala sige, sinong nag-away diyan ngayon? Doktor naman... Ewan ko, pero... At saka pari. Kasi ang pari sana "maraming mamatay bukas" ganyan. Bendeta, "sana may maraming ma-in love bukas". Sana maraming mabuntis para mapilitang magpakasal. Pera na naman ito." Mga p***** i** kayo.

Eh kayo ang nag-una eh. I did not start this. I have to do it because I am the only one who can do it. In the like manner there were things and developments in this place, kita mo naman ang Davao ngayon. I promised you a comfortable place. Maghanap ka ng siyudad ng Pilipinas na makalakad ka galing Calinan papuntang Davao, siyudad ng Davao. Ito lang mga ano, itong drugs, I will kill you. Itong NPA, no more talking. I intend really to --- maniwala kayo o hindi, I will go full scale. Full scale ako and I will tell the soldiers.

Itong droga pati itong... I would consider it a monumental failure pagka ano --- itong insurgency pa 'tong, itong Abu Sayyaf. Itong Abu Sayyaf talagang ano eh. There was this explosion I think the other day in Pakistan, 48 people died. This is a brutal war.

Kaya but ako, if you give me that kind of s***, 10 times I will double my response to it. Do not ever, ever think that you monopolize evil in this world.

Huwag ka gang maniwala na ikaw lang ang marunong gumawa nang masama. Marami tayo na kaya gawin `yan. Plus 20 kayo sa akin.

Maraming salamat po. *[applause]*
