**SPEECH OF
PRESIDENT RODRIGO ROA DUTERTE
DURING THE OATH-TAKING OF THE NEW CAREER EXECUTIVE SERVICE OFFICERS
(CESOs), CONFERMENT CEREMONY OF THE 2017 GAWAD CAREER EXECUTIVE
SERVICES (CES), AND THE 2018 OUTSTANDING GOVERNMENT WORKERS AWARDS
RITES**

[Delivered at the Rizal Hall, Malacañan Palace | 27 September 2018]

Kindly sit down. Thank you for your courtesy.

Let us be clear on this, I only have two pages for you. *[laughter]* And the --- considering the human toil that you did for your country and fellowmen.

Masyado namang ano ito... *[laughter]* You know, I --- kasi ho I do --- I am not into reading speeches. Alam mo naman mga politiko harapin mo lang 'yang mic, hindi na maghinto 'yan. *[laughter]* Arrrrrrrr. Kaya ako nasanay na...

But if we are in a hurry or time constraint, ito ang binabasa ko pero I have more to tell you. Vignettes of life, share-share lang tayo.

The Executive Secretary Salvador Medialdea; the Ombudsman of the Republic of the Philippines, Samuel Martires; Commissioner Leopoldo Roberto Valderosa; the officials and members of the Civil Service Commission headed by Chairwoman Alicia Bala; the officers and staff of the Career Executive Service headed by Executive [Director] Maria Anthonette Allones; the 2018 distinguished awardees of the Gawad Career Executive Service, Pagasa Dangal ng Bayan, Presidential Lingkod Bayan; of course, we have here Secretary Delfin [Lorenzana] of the DND; the DILG Secretary General Año; and wala absent 'yung iba tinamad siguro mga buang; *[laughter]* ladies and gentlemen

I have a prepared speech. If you don't mind, I will read it later. Pero marami kasi akong gustong sabihin sa inyo about our country.

Alam mo ang Pilipinas maraming pera. Actually kung --- if we will just talk about the needs to meet the challenges of day-to-day governance and of course the long term, it will take about two, three years of projects, meron ho tayo.

But the problem is --- I would like to tell you now and I'm very frank with you, the presence of the Ombudsman is here --- corruption. Talagang matindi ang corruption.

And I will just like to lay the two predicates, unless we stop corruption and unless there is law and order in the Philippines, I am sad to say to you, we will never rise from our present level of governance.

Maski idagdag mo 'yung akin, maski anong gawain ko wala pa rin. Kaya nga may sabi-sabi na coup d'état, mutiny, gusto nila akong paalisin --- the irony of it all is gusto ko talagang umalis. *[laughter]* Bigyan mo ako nang magandang rason. As a matter of fact, Senator Lorenzana was there --- ah Secretary Lorenzana, General Año, si Bingbong and all, about two --- two, three weeks ago, I called for a command conference.

Alam mo I was busy fixing the Nayong Pilipino and I decided that afternoon that everybody will go. Sinasabi ko na sa lahat, anong bagay man 'yan maski balut, basta gobyerno, you have to go into a bidding. A bidding that is not rigged and a bidding that is properly done.

You might have the bidding but it's rigged, which always happens everywhere, everyday. Ngayon 'yan ganun eh.

Kaya hirap ako dito because you know when I ran for itong opisina ko, I promised only five simple things. And even during the presidential debates, I was always the first one to stop talking because knowing the time constraint, hindi mo talaga maibigay lahat. So what I did was to go into bullets --- pag-napresidente ako, one, ito, second.

And the first that I promised you I said, I will try my very best to stop corruption. And here is an entity, hindi lang man... The lawyer himself justifying the contract even if it was really a fraud all along, and you can even see the --- even the soul of the contract would tell you that it was fundamentally wrong.

Kaya 'nung natapos ako, paguwi ko dito, here comes a report again about the ghost deliveries ng medisina sa AFP. Kaya literally itinago ko lang 'yung --- I can only grit my teeth.

But doon sa command conference na 'yon, of course the generals --- Lorenzana, General Año, lahat, 'yung Executive Secretary sabi ko, "You know I am sorry to the people of the Philippines that I cannot comply with my promise." Because I said corruption, drugs --- I will not f*** with the money of the people, sabi ko didistansiya ako diyan and I will try to talk to the enemies of the state.

I have complied with all, but corruption nahihirapan talaga ako. You know those people who went to me before the election to convince me to run na, "Rod, ganito 'yang corruption grabe na, law and order sa Maynila pinapatay na lahat ng tao ng mga durugista." I knew because I was running a big city too at alam ko.

Kaya sabi ko sa kanila, "ayaw ko". Kaya binibiro na ako ni nila ni Medialdea and Faeldon si...

Itong si SolGen nagpupunta doon --- itong si SolGen ang nakakatawa. He went to Davao to see me. "So what time are you available? "So well, this afternoon late?" "Okay, we'll have coffee."

Sabi nitong Calida na 'to and... I knew that may problema siya. He was looking at me, may kasama siyang Colonel na pulis, tumi --- nagtitinginan kami doon sa ano, sabi ko, "Ano?" Basta nagtinginan, "In love ka sa akin?" *[laughter]*

Kababata ko 'yan eh. He is an Ilocano. He is related to the Marcoses, kay Doña Josefa. But he grew up in Davao, the migrants pumuntang Davao long time ago. Pero Ilocano talaga 'yan. And you can understand why now.

Sabi ko sa --- tumindig ka doon sabi ko. Kakatapos ko lang tapos nandito na naman itong isa. I thought all the while that I could depend on you at least and the worse thing is I can maybe perhaps 'yung mga conversion. I can swallow it, one or two.

Pero 'yung medisina por Diyos sabi ko, huwag ninyong --- talagang pumutok ako.

And in front of all the officers of the police and the Armed Forces I said, "Sayang naman 'yung pagod ko wala man ring mangyayari, since I cannot stop corruption, I am now offering to step down as President."

Sabi ko na wala man tao dito to witness it, if the five major commanders of the Navy, Army, Air Force and Albayalde was there, kung magtindig kayo and say that my time is up, I will go.

Not because I am afraid of you or I am afraid to die. We will all die. Ang akin na lang sabi ko if you do it, do not do it with a melodramatic thing. Do not bring your armor there outside. You just can call me, we will have coffee and I think if I like your strategy, your plan, you can have it.

There is no need for us to fight. There is no personal hatred or motive for me to order my soldiers who are also your sol...

Magka --- 'yung pulis, rotation 'yan sila lahat. All of them will pass PSG diyan sa likod. Just like a regular tour of duty, you are assigned to Luzon, Visayas, Mindanao.

And ang PSG diyan is... It's either the military, things that you are good or if they do not want you, that's the...

Sabi ko bitawan ko lahat 'yan. Sabi ko the irony of it all is you want to kick me out, naghahanap lang ako ng rason really I'm going home, I'm tired. 'Yan ang totoo diyan.

Kasi hindi ko talaga kaya ang corruption. Maski anuhin ko. It begins with something like an inaugural thing, the breaking of the ground or the cutting of whatever. It's given the widest publicity. Three months after, nandoon na sa Ombudsman and then sa Sandigan.

It seems that ang transaksyon nang lahat sa gobyerno meron talaga. Maski saan ka magtingin meron. And all --- dito sa national pati sa local.

I cannot control and I am supposed to be the control and supervision of the Executive department.

Even how much I would pour the --- my labor there... So at least whatever happens, 'yung first kong --- graft and corruption ginagawa ko talaga. I am not trying to pull my chair or...

But really to stress my point, it is really the policy, official policy of this government that no transaction of whatever kind, be it a reclamation, an LRT, MRT, kung ano ng R-T gawain niyo diyan, basta transaction involving money, it begins and ends with a Cabinet member.

'Pag magbili si Lorenzana ng anim, sampung eroplano, that's his business; and he's supposed to do it right. So wala akong problema sa kanila. Kay Secretary Año, Local Government. Nandiyan man 'yan sila lahat. I have never, never, never ever called them. Sila may listening device 'yan sila 'yung mga sundalo na --- wala silang makuha diyan.

I never talked to them. I have not even called Medialdea once. Ako dito lang sa Malacañan. I reserved my comments, I have a list, tapos isa-isahin ko sila. If it's a confidential, I just pull them inside and say, "Ganito, ganito. Bantayan ito kasi marami nang nagreklamo."

And that is why 'yung frigate napunta na issue --- naging senador tuloy si Bong Go. Bong Go is a --- ang tatay lang niya but he is a Tesoro. Batangueño 'yan. Iyong Tesoro na ano barong. Go ang --- eh na-in love 'yung nanay niya doon sa tatay niya na Chinese, 'di...

Eh ako man rin lolo ko Chinese eh. Iyon ang... If I cannot, I might as well... It does not really matter to me sabi na you were ousted. Whatever you want to call it, I'd be happy to go. Kaysa itong ganito, you have to --- i-ganun mo talaga ang ano...

Pati 'yung pulis, General Año is losing a lot of his hair. O ngayon manipis na lang. Noon, he was in Mindanao, he was assigned there. Kasi ang pulis, 'yung iba nakatikim na ng dugo ng demonyo. No more redemption na 'yan.

Milyon? Kaya isa 'yan sa mga problema na ano. That's the reason why I said and when I was mayor, I did it in Davao but it's a small place then. Nakapunta man kayo ng Davao. It's a little bit... I'm not saying it is the most. Talagang okay lang.

But then I followed a policy, sabi ko. We were at the crossroads noon ng NPA pati 'yung patayan nila. Since I was a little bit parang left. Kasi kami, anak ako ng migrants. Then I do not have to explain to you my basic philosophy about life. I'm a socialist. Kasi anak lang ako ng mahirap. Otherwise, we would have stayed where we were. But we had to go to Mindanao and hack there the forest to seek the greener pasture.

Kaya ako ganun. So sinabi ko ang komunista, umalis kayo dito. Because we were friends. In our tête-à-tête mga ganun, we --- narinig na nila ako.

And when I was a prosecutor ---because nobody would touch it with a ten foot pole 'yung kaso ng military, police, pati rebels --- I was the only one assigned to handle this. But yet, I was fair.

'Pag wala akong ebidensya against sa rebels, I would always --- lalo na 'yang planting of evidence --- ako na nagsasabi korte, "Your honor, I move to dismiss the case." "Why?" "I think my evidence in my hands is fabricated."

Kaya sinasabi ko talaga sa --- huwag mong gawain. I will not prosecute a case na --- just to secure a warrant. Mahirap 'yan. But hardliner ako sa criminal. Talagang...

Eh sinabi ko kasi eh. Meron nung kidnappers, it was the capital of the --- nandoon lahat 'yung masasama sa... Because Davao City was growing and with it 'yung agricultural boom, banana. Tapos Davao is a trading --- ngayon malaki na talaga. Davao is the highest earning local government unit, nine percent.

Pero sabi ko sa kanila, do not --- I'm going to build a city comfortable enough for everybody. Do not destroy my city because I will kill you. Do not destroy our daughters and sons. Iyon lang ang pag-asa namin kasi mahirap kami.

'Yan pinapaaral namin, pinapakain namin, inaalagaan namin, when the day comes na wala na kaming trabaho, we are old. Hindi naman --- wala naman tayong investment sa bangko. Hindi naman tayo stockholder ng o shareholder ng San Miguel o Ayala, we would depend, greatly depend on our children.

Sila na --- kagaya ng atin ngayon. Kay magkasakit tatay, nanay niyo, 84, 85. Tayo ang gumagastos eh. And you put in peril ang insurance namin. Wala kaming insurance na guarantee or Phil American. Bihira sa Pilipino 'yan. And if at all, ma ano...

Ang insurance namin na maski mabuhay lang man konti, a little bit longer than the others is because we have children who will buy us the meds, magbayad sa ospital, magbayad sa oxygen, magbayad sa kabaong, p****, magbayad sa memorial. Tapos ganun na 'yung... You will destroy the nation. If you do that, I will kill you. P***, huwag kang mag --- do not do... You...

Eh kayong mga Ombudsman, 'yung isang pregnant prosecutor t*** i** pinakialaman pa sinaksak. Sabagay patay naman 'yung nagpatay noon. Totoo long, patay na. Siya 'yung kasabay nung nag-rape sa Davao, patay na rin.

Ang what is very coincidence is pareho sila ng stab wounds. Exactly saan 'yung sinaksak, dito, dito rin siya. Iyong isa dito, sinaksak dito, o dito rin siya. Iyong karma ng Diyos.

Iyan ang ano ko --- nung na-Presidente ako, iyan ang sinabi ko. Ngayon sa droga, it will not end. It will not end. As I have said, dito sa presidency, I will put on the table my life, my presidency --- I can lose it anytime --- my honor.

Pero basta 'yung pangako ko, stays. No corruption, walang drugs or minimized at least by 49 percent ngayon. Wala na masyado 'yung saksakan.

Itong human rights --- may human rights dito? *[laughter]* Suntuin kita ngayon diyan. *[laughter]* Alam mo, 'yung tambay, wala naman masyadong matatanda. Mga --- sa bahay 'yan, may asawa pamilya. But most of the tambays really are itong mga bata. Sinasabi sa survey they consider it a violation of their human rights. B*** s***.

You know, if you are a minor, the parens patriae comes in. I can take you out especially now with the epidemic of drugs and everything. I can take you into custody of the law or by law and keep you somewhere to protect you.

You are not being arrested. You are not being driven away. But a curfew for the minors, it's really good for you.

Bakit mo isugal talaga? There are preventive measures that can protect the community. Why do you have to...? Itong mga human rights kung ano ang pinagdadaldal ng mga...

There are things that I have to do because I have to do it. Who will do it? Alam mo 'yang pulis noon, sabi nila walang --- before you Duterte, there was really no killing, no extrajudicial. O, look what happened. When I became President, I insisted in opening the records. O, how many thousands --- hundreds of thousands nandiyan sa --- lumabas? Payat, halos lahat sila payat, nakita mo sa TV.

Kinakain niya ang shabu. Hindi 'yan kumakain. Alam mo bakit payat 'yan sila? Hindi 'yan sila kumakain. And they keep on grinding their teeth ganun [*grinds teeth*] 'yung parang sa dream na gumaganun. 'Pag ka 'yung anak niyo sige ganun, it's a red flag.

Ngayon na marami nang na-rehab kaya tayo nagkaroon ng rice crisis. [*laughter*] Kumakain na ang mga u*** eh. [*laughter*]

So maybe next time 'pag may crisis na naman na instead of --- you distribute shabu, kumain 'yung iba para we can save rice for the others, especially the innocent and the good ones.

Then I said 'yung ano, sabi ko I will not --- walang dumadating sa akin. And I don't entertain 'yung mga negosyante. "What's your business? You go to..."

Pero there is one exception. If you have a complaint, any of you, any Filipino. Kaya 'yon 'yung sa frigate 'yon. Kasi 'yung may-ari ng frigate, nanalo, gusto niya i-deliver. Hindi pa i-certify ng Navy kaya si Lorenzana nagalit na. That's why he wrote a letter.

Sa awa ng Diyos, hindi niya alam kung sinong nabigyan niya. So nagkaroon... So it reached into the unlawful hands. They made a story. Tinawag nila si Bong, 'yung aide ko. O ngayon, kandidato na pagka-senador. [*laughter*]

Sinabi ko talaga, "That's your passport to..." Sinabi ko talaga 'yan. Sabi ko, "Huwag kang mag-insist clo --- kasi..." "Ah hindi closed door". Sabi ko, "No, you insist in an open inquiry." Wala 'yang closed door, closed door. Magduda ang mga tao diyan.

Kasi wala naman talaga eh. Eh barko na 'yun eh. Just delivery nagreklamo. So he came here. Nagdududa sila bakit ano. He came here to complain.

So for all of the Filipinos who have a complaint against us sa gobyerno, they have the --- anytime of the day or night. They can knock there and tell the guards na biktima ako ng ano, and I will entertain you. Lahat. That's the only way na I can respond also to the poor guys there.

Then I tried to talk to the communists. Alam mo itong si Sison, nanobra. Iyong --- I said I cannot give you a coalition government or even power-sharing in some areas. In some areas, 'yung minimum nila economic, ah sabi ko no.

You just come down and live here and I'll give you a job. Do not... You do not deserve any honor dito sa gobyerno. Kasi I cannot give you what I do not own. It's a sovereign ano 'yan. So 'yan ang nangyari.

Then business. Well, of course, may mga delay-delay diyan. Pero if you talk about the delays diyan, I cannot answer you. You have to call the Cabinet members. Because I don't really do nothing. I just keep track of the progress na kailan ba ito matapos.

Ang gusto ko lang malaman ninyo na at one time, I really offered to resign before the Armed Forces and the Ca --- the Police in a... Inunahan ko, sabi ko, "Gusto ninyo? All you have to do is to stand up and I'm ready to go." It's not magkaka...

Of course there will be a fight if I refuse. But for what? Kung ako lang ang mamatay, okay lang. Eh kung itong mga 'to, puro mga army rin, makipag-awayan sa army doon, eh para kayong buang. Mag-uwi na lang ako sa amin. Anyway, my father was a soldier. So...

Iyan ho ang gusto kong i-convey sa inyo. And to give justice also --- sinong gumawa nito. *[laughter]* Marami 'yan sila. Pero pabalik-balik 'to. Same --- lahat...

I am glad to join you today as we honor outstanding civil servants who set the standards of competence, accountability and integrity in the public service.

Now, I will announce to you why. Huwag na lang tayo 'to. What caused the --- 'yang bigla na lang tayong ang mga anak natin naging mga kriminal at an early age? Panahon ni Ramos, Marcos, and even --- wala 'yan.

But when itong si Pangilinan, kaibigan ko 'to. So I do not want to demean him or... But you know, in this life, we have to bind ourselves of what we do. Mahirap 'yang ano eh. Kung ginawa mo, ginawa mo.

Ang Criminal Code noon --- nine below, no criminal liability. Espanyol pa 'yan, iyong libro na 'yan --- Revised Penal Code. Then above nine, below 12 --- and above 12, below 16, meron 'yang Indeterminate Sentence Law.

Reason? Poverty o nagnakaw para pagkain. When I was a prosecutor, hindi ako nagpo-prosecute ng ganun. Ako ang nagbibigay sa iyo. "Magkanong ninakaw nito?" Diyan sa mga convenience store. Bakit ako mag-prosecute?

Pero pagdating nung si --- 'yung ngayon, binabaan nang hus --- itinaas husto ni ano --- ni Pangilinan. Eh pa-pretty boy-pretty boy para to keep abreast with the changing times. And he does not bother to research now that America, from where he copied all of these things, have reverted back to treating youthful offenders tried as adult offenders for grave and less grave offenses. Balik na sila doon ngayon.

So if you raped --- meron diyan sa... You rape, you steal, kill, after robbing, killing, raping, you should be treated as an adult offender.

Wala 'yan eh. The entire Philippines for the last two decades, right after the --- itong Pangilinan law, nagkalat. Kasi alam ninyo, pagka-minor, he goes out. 'Pag sinabi niya, "I am just 14 years old," he goes out. Walang seremonya.

Ang pulis naman, matakot. Because sila 'yung ma-demanda eh. Iyon ang ano doon. Kaya ako, in the meantime, wala man akong panglaban diyan until the --- sabi nila ni....

Nakipagkita 'yung ibang senador kagabi, ah noong isang gabi. They'll try to repeal the law.

Iyon ang dahilan. Ang nawala ano? Alam mo ang nawala sa itong mga bata ngayon who are now adult? The sense of accountability. Labas-pasok sila noon eh. Ke mag-rape, ke magpatay, labas the following day. Wala...

Si Pangilinan, he never bothered to clear the line after the arrest, after the crime, then what to do with the...?

Sa America kasi may correctional institutions. You are detained there for two weeks cleaning the streets, then you received counseling, instilling responsibility of a citizen and the accountability of what you do in this planet. Iyon ang nawala.

Ngayon, walang mag-amin. Ito naman si pontifical Pangilinan, akala mo walang kasalanan kung magsalita. Siya pa 'yung presidente ng Liberal. Tignan mo, pati siya hindi manalo 'yan.

Ako, I will talk to --- eh political exercise now. What are your sins? Ako? Sabi ko nga sa military, anong kasalanan ko? Nagnakaw ba ako diyan ni piso? Sige daw. Did I prosecute somebody na ipinakulong ko?

Ang kasalanan ko lang 'yung mga extrajudicial killing. Eh 'yang extrajudicial killing naman, 'tong mga u*** lalo na 'yung itim na sino 'yon? Sabi ko, p***** i**, huwag ka ihampas ko itong --- sa ulo mo iyong prosecutor na 'yan.

But what right are you here to... You are actually exercising functions which you are not supposed to do. It belongs to government. At the very least, you are committing usurpation of authority.

Itong mga... Itong ICC, utro 'yan. Kaya huwag ka masyadong mabilib, mahina talaga 'yang mga buang na 'yan. Nakausap ko eh. O totoo. Wala 'yan sa taga --- sino bang eskwelahan natin dito para walang magalit --- UP or San Beda, Ateneo. Pero...

Itong mga... Wala talagang alam. And imagine, 'yung chairman ng Commission 'yang ICC --- chairman is the brother of the King of Jordan. He is not even elected democratically. He is there as part of the ruling elite.

Now you come to me na sabihin mo I need a psychiatrist. Gusto kong sabihin "G*** ka pala." Kaya sabi ni Esperon, "Mayor, huwag kay magpunta ra ba tayo ta sa Jordan kay bigyan tayo ng helicopter."

Binigyan nga tayo ng helicopter. Tapos alam mo ang sabi ng King of Jordan? "Do not mind that brother. He's..." *[laughter]* Totoo. Ayan ang media o. "I don't even like him. He's a fake." P*** sinabi ko "Bakit hindi mo sinabi, King? *[laughter]* Sinampal ko sana."

Totoo 'yung magpunta-punta dito mga ano mag-imbestiga-imbestiga. Ang gawain ko ma'am, mag ganun ako ng tubig. *[drinks water]* *[laughter]* P***** i**. Kung magpakita lang, ako okay man, eh abogado ako. Four thousand deaths. When? Where? How? What did I use?

Wala. Basta 'yung lahat nang namatay diyan... Kung sinaksak tapos --- na alangan, maghintay pa ba 'yung nakasaksak diyan? I know that there are policemen that... Ito 'yung mga ninja na ano. And they are the ones killing. Iyong hindi ka maka-remit sa kanila.

It's an organized crime actually. Either papatayin itong u*** na ito o ako ang papatayin nito. Hindi na talaga 'yan because they have tasted ng dugo nga ng --- the devil.

So iyan ang challenge natin dito sa gobyerno. Ang Army, okay lang. Galing man si General Año sa Army. Ngayon, napunta siya sa pulis. Ah sakit ulo niya. *[laughter]* Masakit talaga ang pulis 'yan. Doon sa amin, ah behave ang pulis. Sinabi ko sa kanila... *[inaudible]*

Gusto mo? Dito I would need... Ang pinaka-ano ko is ipatawag ko lang diyan, iyan patindigin ko. Nakalimutan ko hanggang gabi. Para ma...

But I said we have a problem. Ulitin ko, if we cannot stop corruption in government, if we cannot attain a minimum of the law and order needed, we have --- we are facing an insurgency problem. The Muslim insurgency can be divided into two.

One are the revolutionaries whose cause is territorial, 'yung nawala nilang mga lupa. They were the originals of Mindanao. There is no original Bisaya, Bicolano, Tagalog.

And if you are a Christian, you are not from Mindanao or at least you are a descendant of the migrants. And the other insurgency there is the one affiliated with the ISIS. Nothing is good for them but to turn this world into a caliphate of Islam.

Ako, do not be in --- ma-insulto kayong mga Moro dito. Ang nanay ko Maranao ha. Lolo ko, Chinese. But my mother is a mestiza-Maranao. Skip your --- pare-pareho lang tayo naipit dito sa mga...

Iyong ISIS wala talaga. Wala 'yan sila. Ito sila Murad --- we have the BOL. So finally we might be able to strike a happy balance there.

Pero itong Muslim insurgency, itong mga kidnap-for-ransom, wala ito. Just like what they're doing in other...

Kaya nagpunta ako sa Jolo because the Army wala 'yan silang sidearm. It's only the police eh. The primary weapon is the --- wala talaga sila.

So I remember na nagpunta ako noong --- when I was President, sabi ko sa kanila na 'yung na-corner naubusan ng bala. But naubusan ng bala kung na-capture, they were treated like dogs in the camp of the enemy tapos ginanun 'yung ulo hinarap sa video, iyong mga Marines na naipit.

So sabi ko ngayon lahat sa gobyerno may baril na. Army, 'di lahat may baril. Sabi ko, that's your secondary weapon.

Sabi ko, remember 'yung sa Jolo naghatid na kaagad ako. Sabi ko, 'yan you have three magazines. Naka-deploy 'yung isa, isa --- dalawa reserba. Wala ng fixed bayonet ngayon.

Eh kris na ang kaharap mo. So you have this... Then 'pag naubusan ka ng dalawang magazine, kunin mo 'yung isa. Ilagay mo tapos say your prayers...*[laughter]* Oo, totoo. Iyan ang sinabi ko sa kanila. Kainin mo 'yung baril mo. That is a more dignified way of dying.

Bakit ka magpakamatay? P** --- ganunin ka pa ng kalaban mo. May nakita ako sa Davao, hindi nga ulo. Iyong ganun kay kaliwete, talagang --- tinuli siya uli ng asawa niya. Wala na, no more. *[laughter]* Para na lang ano. Kaibigan ko. Totoo 'yan.

And the other one kung sinong taga-Davao dito, alam na ba ninyo? Iyong isa hindi nakatiis 'yung asawa, boiling water. Totoo. Iyang taga- Davao, mga taga-Davao dito. Binuhos talaga sa...

Iyan, ma'am, hindi na 'yan sa Abu Sayyaf o sa speech... *[laughter]* Pang-takot na 'yan diyan sa mga... Kasi alam mo pa-award-award lang 'yan pero may --- p*** may sarili 'yang kalokohan. Maniwala ka naman. *[laughter]*

May mga bisyo 'yan. I'm suggesting two ways of doing it. Iyong hot as in hot with full of the... O you cut the g*****.

Ah maldito lahat 'yan. Maniwala ako. Pa-award-award. Nasaan si Rellon? Mayor! *[laughter]* T*** i****. Iyong asawa mo sa ano --- 'yung isa sa Davao, isa doon sa Tagum. *[laughter]* Hindi biro lang 'yon --- o baka talaga...

Maraming salamat po. *[applause]*

--- END ---
