**SPEECH OF PRESIDENT RODRIGO ROA DUTERTE DURING THE
BIRTHDAY/THANKSGIVING PARTY OF FORMER FOREIGN AFFAIRS SECRETARY ALAN
PETER CAYETANO**

[Delivered at Marco Polo Hotel, Davao City | 28 October 2018]

Thank you. Salamat po for the courtesy.

Our birthday celebrant for this evening and my good friend Alan Peter Cayetano and his lovely wife Mayor Lani; His Excellency Wang Yi, State Councilor and Foreign Minister People's Republic of China; Executive Secretary Salvador Medialdea; Foreign Affairs Secretary Teodoro Locsin, sir, and the other members of the Cabinet; other invited guests; ladies and gentlemen

I have a speech here it's only one page. [laughter] But before anything else I'd like to convey to you Alan my gratitude and my heartfelt thanks for joining the Cabinet, helping me in the hours of my distress as a government worker and as a friend. It was an honor running with you but as you have said Ecclesiastes 3 says something else and there is a time for everything. There will always be a time for everything I'm sure.

God loves you, you are a very good man. Maybe someday hindi mo na kailangan pumatay dahil nagawa na ng kuwan --- from other people for you.[laughter] You know I'd like to read the speech but maybe after you give me a chance to allow to talk freely about our present situation.

First is that we are enjoying the best of our relationship. I'd like to assure the Foreign Minister that the Philippines is very happy with our present trade and our whatever agricultural consciousness of our race and the fact that you have provided livelihood at least to a lot of people if you think about the importations that you have allowed my country.

You practically said to the world that you are accepting any of the Philippine products that used to be not the case because of our sometimes we --- the ship of state has to seek the refuge of an island and we were always following the West though our country was sailing in rough waters.

We have normalized our relationship and I thank you China for all the things that you have done for me. And may I just also remind you that here in Davao we have the largest Chinese community including your prospective Senator Go. [applause] I think he is... Like my grandfather we --- his parents came from Fujian or the parents of his parents.

Well, anyway, I'm sure I really appreciate... There is nothing wrong with the men that I have chosen to be with me on this ship right now. They are all men of integrity. I assure you.

But you know the Philippine system really allows corruption and plenty have wallowed in the money of the public. Historically, the Customs even before I mean no offense to the children if you are here listening. Historically, the Customs people were always the one on the better level of things. Nice houses, cars, and even the BIR that used to be the case. I hope it is not now.

And I pray that we will improve our situation with Sonny Dominguez there driving his own train. Pahaba naman ang train mo maraming umiiyak eh. When the TRAIN law is still... I believe in you also that sabi ko I stand by him, I know him since childhood, he is a very good friend and he can do wonders for the country.

But itong Customs, the two preceding Customs collectors were all honest actually. General Lapeña served here for almost pabalik-balik mga 10 years. He earned his purse in Mindanao as a soldier. I know him.

Kaya ko iniligay siya doon but also like Faeldon. There was really a continuous play of corruption in the lower echelons of the Customs bureau. You put any other pati ako and even if I will be there at the helm of the Bureau of Customs, papasulutan --- lusot talaga 'yan. They will undercut you because of money.

And that is why shabu is affecting the way of life of the Filipinos. Do not listen to the human rights. They cannot help us when we go down the drain. Huwag kayong maniwala niyan kasi hindi naman talagang totoo. Do not believe in that s*** that we kill people who are kneeling

down begging for them... Hindi namin ginagawa 'yan.

Ginagawa 'yan ng --- they are done by their suppliers or their lieutenants for failure to remit or maybe... Actually it's a police tactic that when they give they would tell you and the rest it was your --- who was quickie and then they would hate each other and kill each other. It's all intrigue but that's part of the territory of preventions of crime.

But itong ano ngayon sitwasyon natin is not really a crime prevention. We are on a war footing against the drugs, against the NPAs and against the terrorists, the ISIS of course. Was it last year that it happened? That street there just in front that was where it was bombed with an IED.

So there's really a very tight space in my heart how to do it. Now here comes --- Sid Lapeña was doing good. But I said just like me I offered to resign when there was this command conference. I was just busy fixing the Nayong Pilipino corruption. And then when I got back to the office I got this memorandum about the ghost deliveries of the medicines intended for the AFP Center, ospital, it's the hospital for the soldiers.

So I got really pissed off I said I seem cannot --- I cannot maybe it's really beyond me. I cannot fathom everything that is being corrupted one way or the other. And I said if your present commanders of the main Armed Forces of the Philippines, Army, Navy, if you stand up and tell me now to step down I will because I was really exasperated.

The fact that the military just kept silent same with the police and you know I cannot just abandon the trust repose in me by the people. So pagdating nito ngayong Customs, Sonny was not around so pumutok 'yan. I just blurted out, sabi ko "Bong, you call General Guerrero, tell him to --- he is transferred to the Customs and then Sid will just go up to the TESDA because it is very important for somebody to take care of the day of..." TESDA needs somebody who is really good also and industrious guy.

Let me tell you, you know Fael --- I do not... I said that I appointed Faeldon to the Bureau of Corrections sa Muntinlupa. You know when I got Faeldon, he was tried his best.

And Sonny was there when they revealed to us that there's a big, big smuggling more millions or billions and he gave us the tip about the Mighty cigarettes. So Sonny confronted them and they offered three billion.

Sabi ko, "What about Sonny?" He said, "No way." Sabi ko "you know, that's plunder." I told Mr. Wong, "if there is no agreement on how much you will pay to the government and the fact that you committed plunder, falsifying cigarette stamps, one cigarette falsified is one case. You have manufactured several billions. I will order you now that I'm arresting you and would place you behind bars and I will charge you with plunder."

I do not care if it succeeds or not, that's not my problem. That is somebody else's territory. I do not ask any court or any judge to do this and to do that. But just be sure that if you go out, just make sure that we in government are happy. Because if we are sad, I will also make everybody in your circle very sad.

And so he was able to raise 35 billion? [Sec. Dominguez answers: 30 billion]30 billion. So he still has to pay about 40? No more? Already paid.

Ngayon if I were Faeldon, why would I gamble with a --- itong droga? And you know, a lot of moving eyes, looking, what's passing in front of you. Pati ba 'yun pakialam pa niya, dito malinis 'to.

All he had to do was to be silent about that cigarettes and just call Bong and say, "You know you have this thing going on and I'd like you to --- I'd like to talk to you..." And maybe he could get as much as 10 billion.

Tapos pakialaman and including Sid, what would you get...? You graduated from the PMA, Philippine Military Academy. You had a great career as a soldier. You've been the chief of police, they call it the city police director now. And you are retired and you have a business, the wife is a millionaire.

Now why incompetence? You know, just like me. If every graft happens and every time that I have to respond, ultimately if you count the steps going to the seat of power whose responsible, ako 'yan, ako 'yan.

So sabi ko na --- you know, I'd like to put on notice everybody in the Bureau of Customs they are all floating status. They will --- they can --- maybe start again working but I said they are on floating status.

So I called Jagger and said, "You know you might want to talk to the --- your boss, the Finance Secretary. Ask him if the guys who supplied the X-ray can send a representative here to teach our technical men in the Armed Forces --- a lot of them." The Coast Guard will take care...

All police --- Customs police are also on floating status, everybody. The Customs Intelligence Unit, they are to report to Malacañan, all of them. I am ordering everybody to report to my office. Maybe I'll issue the memorandum. I do not ha --- yeah, I have yet to sign it. They will --- they will hold office there at the Malacañan gymnasium. Lahat.

So I told Jagger to take the technical soldiers diyan sa Armed Forces, maybe the technical group of the Philippine Army, the technical group of the Philippine Navy and of the Air Force.

And there will be about three signatures before a container will eventually be declared out of Customs control. So there will be about three, six eyes there. And they must sign that it could be a Navy or a Coast Guard, something like that.

They will be replaced all --- all of them --- by military men. It will be a takeover of the Armed Forces in the matter of operating in the meantime while we are sorting out how to effectively meet the challenges of corruption in this country.

Lahat sila nasa labas and that's the reason why we cannot just dismiss them and even as we

deal the day-to-day reality. Almost all of them there have been --- in one way or the other been charged of --- corruption. Lahat 'yan sila may kaso.

And yet we cannot just move on because we want to be lawfully correct so dahan-dahan lang tayo. But with this kind of games that they are playing, dirty games, I am forced now to ask the Armed Forces to take over.

Remember that I have issued during the first days of my term, this is the declaration of lawlessness. Part of the lawless elements are there inside the Bureau of Customs.

At huwag nila akong sabihin na, "Alam mo, baka sabihin ni Duterte --- hindi naman kami lahat magnanakaw eh." Correct. So very correct. You are right. Not all of you are thieves or robbers, but you know you must be an idiot not to understand. You say that you are honest, that you are not part of the cabal there.

And so? If that is your line, I cannot move and you stay there then I have to speculate if you are really a gangster working for the Bureau of Customs, a government employee.

I do not have time for that. I do not have the time. So 'yung iba pipiliin mo pa, you try to sort out there from the inside. No, I'd like them out, then one by one if they are still deserved. If none then since I cannot fire them I'll have to file a case which could --- appeal after appeal it could maybe last for another 10 years. And so by that time, we have lost so many billions and you are destroying my country.

You know --- drugs, it's not just because of a dead body there. For me if you ask me on national television that idiot there who's dead, who's a drug pusher, he's just a piece of carcass. Carcass lang 'yan sa akin.

You know the social costs of shabu? It's 200. If you hit at least 200 --- maski 200 lang isang hit. When the monkey rides on your back you have to crave more that is why the result of crimes.

But remember it is not just a matter of a victim sabi mo namatay sa ano.

Is that the end of the story? How about the family? How about the children now who have no father to work to support them? He's gone. And his death was gory or brutal because he was a policeman, he was a soldier trying to suppress the problems of the country.

Ganun 'yan eh. And you know, the idiotic thing about the human rights is that they would say that this is the number of persons killed without even mentioning who is he? What is his crime? And if I want to be legal about it I would say, "Where did it happen? Where did I ...? When? By what? How?"

'Pag hindi mo masagot 'yan... And yet it is so very easy to malign a nation and everything. That's why I find this idiot b***s***. Do not believe then that they're... Mahina itong puti eh. You know between year 11 --- ay no no, 1914 to 17 there was a war precipitated by the assassination of the Duke Ferdinand something.

So everything went out of control and I know seven million of Europeans were killed in that war. These idiots, they have forgotten their history and now they're trying to impose on me something like investigating me.

I will only face the Philippine courts. If I have to be sent to jail I will do so. If a regular court in the Republic of the Philippines, I will gladly --- but let's have a trial. But for me to honor the summons of this and that --- and that short lady there, a black who has been announcing that they start their investigation. Sabi ko, "p***** i**", if I see you I'll slap you." And I will really slap him, Ambassador. Believe me I will slap a lady. Who are you to threaten me? Who are you to...? What is your relevance? You have a court. It is a creation of the European Union. I do not even know the judges if they are judges at all, lawyers. If they have passed the bars?

And you have the brother of the King of Jordan who is the chairman of the Commission on Human Rights in that office said something na, "Duterte should look a --- should consult a psychiatrist". And I wanted to respond with a --- the same...

Eh kaya lang, General Esperon, he is my security adviser, "Do not answer. Just take it --- you know relax." Sabi ko, "Why?" Sabi niya, "Because the King of Jordan is going to... That chairman there is the brother of the King of Jordan". And he said, "They might not deliver the helicopters anymore." [laughter]

I said, "No problem I'll ask one dozen from China. I'm sure they will give it to us anytime." [applause] They can always give us a facility or whatever of how to...? Maybe you can allow us your Excellency in a long term? Maybe payable --- I'm sure our friendship will enjoy for maybe a thousand years.

So if you can grant us a facility a loan payable within 100 years [laughter] I'm sure you will... Like you, I do not like this European... They are imposing their --- they want their values copied by the other nations.

And to think that they are still on the edge right now financially, it could maybe cause a breakage in that union, it could not be a union anymore. And so I'd like to --- everybody to know during --- I knew, I knew then how serious the problems were and now.

And so in this election if I win, I will offer I said, my life, my honor, and even being ousted. Make no mistake about it but I will declare war against the drug people because it is eating humanity.

And when Obama criticized me I said --- I just said, you know aside from that epithets and the curses that I ... I said, "You Americans, you will one day realize to your chagrin that your country is also falling apart."

Now they have this problem in America now and you guys have been to New York. I was there when I was a congressman I would say, "Do not go into that alley there, you will never get out of that place alive." In LA, still the same. In my city, it's beset with a revolution. But I can guarantee you, you can go anywhere. And they say Philippines is a violent country, of course not. We in Davao City observe ... The mayor is a --- so much restrictions also.

When I was mayor, from curfew of two for drinking and merrymaking whatever, everything

closes at 12, so I changed it to one. And now this mayor, [Is she here?] changed it to 12 o'clock. So if you go out at --- you'll see Davao a very lonely place.

Nobody is walking, there are if at all you can see them in the convenient stores. Wala, it's all silent. That was a product of my labor but I gave Alan --- you just adapt and become president someday. You know, Ecclesiastes 3. Don't let your guard down.

Mahirap talaga ang droga. You know a barangay captain who'd go to the business of drugs in about two, three months time he's a billionaire. Two hundred pesos per day that's 6,000 per month times it with the 365 days, the money equivalent to...

Then you go with Bato's computation of 1.6 million addicts in this country. If you were the president, would you be happy? T***... You have 1.6 million slaves who are addicted to a drug and they are already inutil. And the family --- the 1.6 million, if you have you know --- if you know that is an addict a husband or the wife, it will cause a social dysfunction.

Now count the so many Filipinos who would be disconnected in life. No father, cannot work because he's inutil, his brain is reduced in size. And you have a mother whose job --- they just know how to be a housewife. Gawain mong inutil. They are slaves already. And if they need the fix and they do not have the money, they go around and that's why they kill. They kill people, they rape pregnant women. That is the dysfunction that we should be worried about. Not the life of a p**... I don't give a s***.

When I became mayor, I said here, do not destroy my country because I will kill you. I really love my country. Maski ano ang tingin mo. Do not destroy our children because I will kill you. Talagang papatayin kita kung gagawain mo 'yan sa mga anak namin. Since not everybody can do that, eh 'di I will do it. Hindi pwede 'yang ganun.

Nakita mo 'yan si Alan. How many times, how many nights that we just talked about how to solve the problems of the OFWs and those facing the ano --- whose heads are on the chopping board. Pinag... We talked about it. About 2 million plus nearing free.

Now, you know. I am not making a sweeping statement. Let us be clear on this my friends. But there are tribes in the Arab countries there who still practice slavery. And if you are a slave bought from the markets --- slave markets in Africa and you work for them or if you are paid to do the job, same thing, sexual abuse is part of the territory. I know that when I was congressman two ladies from here Toril were placed inside bars because they were distributing rosaries and they were caught. I had to go to King Fahd. He was a bit... But he could still at that time managed to understand what I was... At pumayag.

But sabi noong adviser doon, there was this adviser in the Palace who said, "You better talk to your counterpart." I said, I'm a member of the Law and Order Committee under Golez. So nag-usap kami sabi niya, "You tell your people that there are still..." Because they make up all sorts of Arabs even different dialects.

Rape is already... Nang makita mo bakit it's uniform. They are allowed only about three hours of sleep. Why? Because she cleans up the mess of the house of the main owner. Then after that, she's ordered to go to the house of the daughter-in-law and clean it. Then another son-in-law and so forth. No day-off, no nothing. Passports are confiscated.

Kaya ako pumutok noong --- when that... Lalo na akong pumutok... P****;*** ko talaga sila. So the Ambassador came to us, he heard me. Lahat na ng mura natanggap nila. Mga I****. He went to me, sabi ko "well I handle this", sabi ko. And where's Mamao? Secretary Mamao, he's a Maranao. He's a classmate of mine sa law school. Sabi ko, "solve the problem".

So pumunta sila we got the best of deal. Seven hours of sleep must be given to them. They can have a day-off so that they can also go to church. You're not the only one who is religious here. They have their own religion. Roman Catholics mostly. Then they should be allowed to cook their own food because I will not... Tapos their passports and their cellphones must not be confiscated so that they can anytime...

So Alan got the agreement and they agreed. So I am very happy with Kuwait. I'd like to thank the Ambassador but at the same time I apologize for the slurs that --- towards him because it was a moment of pain and sorrow for us. I'm sure that you can understand us.

Kaya 'yan ang shabu. And it gets back to we now revisit again 'yung kaso ni Lapeña. He's a friend. I know him and I will not abandon a friend. If he is not a corrupt person saka karaming trabaho. His failure is my failure. I am not covering anything. I am ordering as a matter of fact, the order --- ah the arrest order included... Sino 'tong mga p***** j***** 'to? 'Yung pulis si Franco who was behind. So every time there is a change in the Customs bureau, new unit, new name, brand name, but ito silang mga pulis na ito, Acierto is now being investigated by Congress.

And sabi kasi nila na they reminded me na he cannot [unclear], of course. We are all lawyers. It doesn't mean to say that when I order his arrest that he would be taken physically out of Congress without it.

But I told them, you know when you start to investigate right... By the way, sinabi ko talaga sa kanila, do not insult my soldiers and police officers. Sabi ko sa kanila if you go there you state your position clearly. "I am here in response or to respond to your summons to me and for me to tell the truth." 'Pag naulit 'yan sabi ko 'yung ginawa ninyo sa ibang mga opisyal sigaw-sigawan ninyo.

You know, ako kasalbahe ko talaga. I mean I can kill a person smiling. Pero 'yung sabihin mo sa no... You know, I'm referring to Angie Reyes. How much the money involved? Two million? And look who were investigating them. Where are they now? And so how much? Tapos ganun mo ang tao, "No, sit down because you have no dignity."

So my orders to my police and to the Armed Forces, if that happens to you, sabi ko you stand up. That's what I ordered Bato to do it. If you are shouted at, insulted, degraded, you stand up and say I am going home. Because the President says that when I am being battered with so many insults and everything, you just say, "Senator whatever, I came here for this purpose since I am being pummeled here by so many insults and epithets, curses, uwi na lang ako.

And sinabi ko sa kanila 'pag hinuli sila, tawagan nila ako. And I will go to Congress. I will not use soldiers there. That's what I'm telling the Armed Forces pati police when I offered to resign. Sabi ko, you know I was elected by the people. You have your own mandate. And everything, if it's your mandate, do it.

Sabi ko, me? I am offering here to resign. Tumindig ang Armed Forces. There are three. Army, Navy pati Air Force. So stand right now and say I have to go, I will step down. Do not give me that b***s*** of bringing that armor there. Napaka-corny 'yan. You mean to say that 'yung PSG ko Army rin. Itong pulis ko mag-barilan sila ng pulis. I'll do you a favor. I will ask you. O sinong gusto?

You want generals? "Okay you line up there. Repeat after me." No more papers. "I", "I, General Esperon under a oath hereby swear to run this government and do the job of the President."

I would be happy because General Esperon is my security adviser. No problem about that sabi ko huwag niyo akong bigyan ng pa-corny-corny diyan pa-martsa-martsa. Sabi ko tumindig ka then sabihin ko tatawagan ko kung sino 'yung senate president? Sabihin ko I'm going there to retrieve my soldier or police. Tingnan ko. Tapos magpunta ako doon ako lang. Tapos ako.. Hindi man papayag itong mga PSG na mag-alis ako. Usually there are... if I travel at night dalawa lang yan, tatlo.

I will go there, I will go to Congress and explain to them my point that their investigation does not include stripping naked of a human, a Filipino of his dignity. Puntahan ko, kukunin ko. Ngayon kung ayaw ninyong ibigay eh 'di sirahan ko 'yung... O sige tayo lang mag-usap. What now? Sabihin ko anong gusto ninyo? Tell me. How do you want it played?

Gaganunin ko talaga kasi hindi ako papayag na mga sundalo ko sigaw-sigawan. Kasi ako 'pag ginanun mo, ah f*** you. Who are you to insult me? And even when I was mayor, there was this killing of 17 criminals. I said, "you kill all of them". It was my order correct but they had the firearms. I gave them time and I said do not rape the women. And the morning after when they went out there were blood splattered. So I killed all of them as promised.

Do not rape the women. Tapos itong mga babae misogynist daw. Hindi ka na makabiro niyan "miss ang ganda mo eh". Kagaya nung.. Tayo ba 'yon? Hindi ko alam itong asawa ni Koko Pimentel. 'Yung nag-ninong ako she was in front of me. She's a very leggy thing. Sabi ko "Ma'am, maganda ka ma'am." Sabi ko "Saan ka nakatira?" Sabi, "Dito sa Manila?" Sabi ko, "Ang ganda mo. " Sabi ko, "May boyfriend ka? Sabi niya, "Oo." Sabi ko, "Sinong boyfriend mo? Patayin natin para walang gulo." [laughter] Sabi, "hindi." Tapos itinuro si Koko Pimentel pala. [laughter]

'Yang mga ganung ginagawa ko ng --- misogynist? P**** i**, you lose the art of just making people also laugh. Eh totoo naman maganda eh. Ako naman ganon lang hanggang diyan lang naman. Sa totoo wala naman talaga. Who is 73 here? [laughter] Tingnan natin. Sasabihin mo yabang ka kaya mo. Ah bakakon. [laughter]

And I'm also warning the NPAs. There's I said always a time for everything. A time to be patient and sometimes a time to be misunderstood kasi kinuha ko si Taguiwalo, hard core talaga 'yan pati si Mariano. I knew that there was a ripple somewhere in the military. So there was this command conference as I said, if you know a way of settling this problem with the communists let me know because I will follow. Write down what you want to do it. I'm trying my best to... You know there's always this confidence-building. Kaya areglo man kaya tayo.

O sige I'll take you into my Cabinet pero no coalition government or nothing. Eh pagdating sa... When it was time for Congress to confirm, they were denied. So nagalit sila sa akin.

Ngayon ang ayaw ko nito because there's a new vogue, a new fad dito sa left that 'yung mga construction ng mga gobyerno para sa mga mahihirap, sa kanila rin. Itong mga left marami ito silang fronts. Isa nito Kadamay. Ngayon ang ginagawa nitong mga unggoy na'to, p** 'yung mga bakante na lupa ino-occupy nila. The unfinished condominiums there for the soldiers and for them, they occupy them. They are not from there. Just what happened in Bacolod. They --- after the harvest, there was these original workers then they... And they claim that we are implementing our own land reform. Ako sabihin ko sa inyo to the left, to the communists, "Do not do it ever again because I have issued an order to the police and to the Armed Forces." 'Pag pinilit ninyong i-occupy ang isang lugar just what happened in Bacolod, sabi ko this time I will order your arrest. And when I order your arrest, the arrest is to bring you to the police station.

Now remember marami kasing hindi marunong. When you are ordered arrested he will just say, "I am a policeman and I am a soldier and I'm arresting you for this violation upon orders if you may from my superiors."

Once you begin to resist violently he can do his thing. If the police or the soldier --- I'm

addressing now the nation, the entire people of the --- if you resist violently, makipag-away ka, then my orders to my soldiers and policemen is just simply to shoot. And if they are in danger, shoot them dead. From now on there will be no confiscation of other people's or somebody else's property. Do not do that because you are sowing anarchy.

Tatal naman sa Bacolod I have issued to Castraciones I said, "get all the lands there, i-land reform mo." And I'm going to know --- I'm declaring a land reform all and all government lands na medyo --- if it's not just also a plain one or even hilly but can be utilized for agriculture. I will give you all the lands, lahat ng lupa ng sa gobyerno. Except the reservations of the military and the police.

And in some cases 'yung mga industrial estate but you can have all of the mountains there. I will give it to you. You just wait. You do not have to abuse other people by just going there swaggering as if you are owner.

My orders to the police and the soldiers, shoot them. If they resist violently, shoot them. If they die, I do not care. And you can complain but let's have order in this country because you are causing disorder. I have this problem with drugs and I have this s*** problem of yours as if you own... You are into a rampage which I have to stop because as a worker of government I was elected really to just establish order in this country.

It's about halfway of term now exactly. Yesterday was half of my --- so the remaining half. If I cannot do miracles for this country then I will just say that you know let us just respect each others... Huwag ninyong sobrahan. Do not force me to do something which...

I will not declare martial law but just like what I'm doing, I will go for the strongest tools --- political tools in my hand. Drug problem, it will remain the same especially if you are a drug lord, I would be happy to kill you. My God I will be happy to kill you. Just don't f*** with my country. Mabuti nang...

And all other departments. I know that... I said I have assembled the best of the Filipino. Lahat 'yan o. Si Tugade, si Art. Iyan ito valedictorian naming ito sa law school, totoo. Domiguez,

valedictorian, since Kindergarten kami.

Mon Lopez, I think was the dean's list always. Lahat. Lorenzana is a valedictorian. He's an Ilocano but they migrated to Pikit. His classmate, si Quiboloy. Sabi na 'yan ang valedictorian nila. I assure sir Teddy Boy must be...

Ako, totoo. As --- my classmates are witness today. Ako, pakita ko nga 75 lang, 78. Totoo. 'Pag sauli ng --- isauli man. Seventy five. Pero ito ngayon. Esperon, National Science High School 'yan. Valedictorian 'yan. Mautak 'yan lahat. Ako, 75.

But you know, these guys work for me by the way. [laughter] Diokno is an economist. Pero trabahante ko lang sila and Bebot Bello also. Until now he cannot afford to buy socks. He just...

We were --- he was staying in front ganun kami. Dulay --- kaya kilala ko 'yan si Dulay. When we were students in the dormitory, because it was Holy Week and noting --- nobody was manning the fort, the kitchen, and everything. May naimbento kami na magnakaw. "Paano ito gutom? Nakawin natin lahat 'yan." Pati 'yung mga sigarilyo mga Virginia Slims ubos.

Ang hindi talaga sumali. Sabi ko, "Tara, nakawin natin 'yan" Dulay. "Bahala kayo diyan." Pero pagbalik namin, kasali siya sa kain. [laughter] Carne Norte, sausages --- tapos sige kami sigarilyo. We stole cigarettes and after one cigarette to the other, we just flicked it outside the window.

So when the police arrived days after, they were looking at the windows where the spent cigarette stubs were thrown. Eh 'yung bintana ko puno, 'yung ibang magnanakaw puno. So tingnan lang niya 'yung window, dito galing 'yan. Kaya si Bebot una.

So sabi ng pulis, "Kayo." "Bakit kami?" Sabi, Nakita ko 'yung sigarilyo. Winston, Chesterfield nandoon. Inubos talaga namin eh. Sabi ko, "Tapos? Ano ngayon? Ebidensya ba 'yan? Bahala

kayo. Kayo nag...”

Wala man nag-admit pero si Dulay talaga --- that’s why I said Dulay. I can --- you know, you can leave your son with Dulay. Hindi talaga ‘yan. Ayaw talagang... Ito si Bello, kasali ito sa pag-ano. Kilala ko ‘yung kung sino ‘yung magnanakaw, sino ‘yung hindi.

But I have to... Mag-curfew na si mayora. [laughter] P***** ... Bihira itong babae na ito. I’m not --- I’m not praising my daughter. Maybe it’s --- bahala... Everybody’s judgment ‘yan eh. But itong anak ko na ‘to. Sabi ko --- when I said, “be careful,” hindi ako nag-yabang. I’m not saying na be careful na marunong ito. But she cannot pass an insult.

Ang totoo --- ‘yun nga ‘yung... Sabi ko I don’t know what happened to... Pero sa politiko, alam mo ‘yun. You can impeach. Trillanes mouths it everyday. Pero ala siguro si Inday. So be careful si Inday because she can oust you from the Palace. [laughter]

P***** i** kung mag-plano... She did it here Davao. Nalaman ko na lang --- sa totoo. Honest to God, maski kayong Cabinet members. We never had an inkling. ‘Yan buhay man ‘yan sila. ‘Di talaga nila alam. Pagdating ko doon sa SONA magulo na. Tapos ito si Inday requested --- may isang secretary babae, sabi niya, “Tell my father that I’m sorry but I had to do it.”

Delikado ito si Inday. Ito si vice, sinabi ko noon sa kanya na huwag magpa-tattoo. Tingnan mo ngayon vice mayor, mag-sige ka barong niyan.[laughter] Minsan, talking of barong. I’ll end my speech.

Papunta ako dito, may convention, teachers o something. Eh may namatay ako na barangay captain. Dumaan ako. Eh pagtingin ko sa coffin, pagtingin ko na ganun, ang tiningnan ko ‘yung mukha. But something struck me. “There’s something familiar here.” Pagtingin ko sa barong, pareho ‘yung barong dala-dala ko isuot ko papunta dito. [laughter] Kaya dumating ako dito, hindi ako nagbarong.

I have this morbid... Pareho talaga ang burda namin barong na ito. Well, those are the vignettes of life.

But again I'm just also trying to tell everybody that hindi ko talaga matanggap 'yan. I've been mayor for 23 years dito. Magtanong ka maski sino. You can ask the Chinese community or whatever, the big businesses. Never asked maski piso.

And when I was a prosecutor noon, lahat ng regalo nung Christmas, mga t-shirt. Not the big --- 'yung para sa mga mayor. It was --- papa-corny ka. Maybe it was a pretended sense of value but hindi mo talaga ako ma-ano 'yung regalo-regalo.

Mahilig ako sa baril pero wala na. I --- at the end of the day, isa lang kailangan mo. Pero 'yang corruption, ayaw ko talaga 'yan. So lahat ng --- sabi nga ni Alan, join us and hindi man ako nakikialam sa Congress. Bahala kayo diyan.

Basta dito sa department ko, the next time around same. I will... And then people would start now to complain that there is a complete militarization sa gobyerno. May I explain? Can you give me five minutes?

Why? Bakit ito sila Esperon, sila Lorenzana, itong si Bautista. It has been my --- my experience na itong bureaucracy they cannot move in cadence. And if you give instructions to them, they will argue with you. Anak 'yung mga director na ganun. Mahirap.

Ako I --- kaya kinabukasan, pinalitan ko na eh. She will argue --- she was arguing with me to no end. Sabi ko, "Look, kasi ganito 'yan." Alam ni Secretary Diokno na --- master niya 'yan eh.

When it is a nationally-funded money and it is intended for the elderly o Pantawid, it should not be given to any politician or mayor. Hindi pwede na ibigay mo sa konsehal, siya ang mag-implement. Why? Unang-una, mga politiko 'to at ang bibigyan nila and they can always falsify ang mga pangalan. At ang bigyan niya, 'yung mga tao lang niya. He will give it to his supporters.

And they want bodegas. They have bodegas, warehouses. Okay 'yan. But 'yung forward positioning ng relief goods. Gusto nila ilagay doon. Sabi ko, "Huwag kasi gamitin." They will use it for political purposes.

And maybe by the --- when the time comes when there is really a need for it then --- you... You know, Murphy's Law, if anything can go wrong it will go wrong.

'Pag nawala... Alam mo naman local government, siyempre eh gutom. Well, maski na sabihin mo purely [unclear] pagpunta doon, if it's his family who cannot --- 'yan 'yung ibibigay niya. They have the resources, they have the city funds to use.

But ibigay mo, I want government to give it directly in the name of the Republic of the Philippines. And they will, I said, I required everybody to read parang sa Miranda ruling sa... That these goods is from the national government which is also your money and --- they opt not to be any political color.

'Yan ang --- no name, no nothing. Kaya 'yung sa Boracay 'pag sabi nila na, "Thank you, President Duterte." Sabi ko, "Sabihin mo sa kanila tanggalin 'yan, hindi ako pupunta doon. I will not." I do not want 'yung ganun.

Itong election or no election you have not seen my face there. Ayaw ko. And I do not want praises because I am a worker of government, precisely paid to do my job. I have the oath to keeping peace, fighting drugs, that's the thing.

And I should be there during typhoons, there is one coming. I'll make my call --- my round of calls tonight. Ayaw ko 'yung gagamitin 'yung pera, 'yun lang naman.

Because sabi nilang COA Circular. P***** i**. Itong COA na bwisit na ito, eh kung gusto ninyo magpatakbo eh opisina ninyo. You are independent constitutionally --- huwag kang makialam how I do it. Kasi may circular daw, ganito. Tawagan mo 'yung COA dito, papuntahin mo dito. L***** 'yan. Making it hard...

You know I'm trying to equalize everything. You give it to a politician, he will play with it for the detriment of those --- ibigay niyo 'yan sa ano niya and he will overhaul the entire --- it goes kaput.

Kasi ang bigyan niya 'yung tao lang niya and so the purpose for it is... I said we have all the good intentions ang problema sa baba, down the line. Kaya ganito ang Pilipinas.

Ako magpadala ako ng relief goods, 500 million worth. Pagdating diyan sa local pa lang galing budget pagbili na itong five million, "hindi, hindi. Hindi pwede 'yan. Kasi baka tayo tatamaan uli ng ano, kunan natin 'yan, reserba." So 400 na lang. Pagdating doon sa regional level, goods na, "Huwag lahat. Si Mayor sabi niya magtabi tayo para sa mga tao niya." So worth 300.

Pagdating doon sa baba, "Uy, sila lang pala. Tayo tamaan tayo ng typhoon." Sige, kunin 'yan. So 'yung beneficiary talagang walang bahay, walang kain, ang abot sa kanya, siguro maiwan is mga mabuti siguro kung mag-abot ng singkwenta mil. 'Yun. Ganun 'yun.

Ngayon kung magsabi ako ng kailangan ko ng ito. "Mayor, governors, kailangan ko ng para sa ito." Magpadala sila ng sampung sako. Sabihin ng mayor, "Bakit?" "Sabi ni --- nagtrabaho sa Pasig kailangan niya nito." "Ilan 'yang padala niyo?" "Sampu." "T*** i**, kahiya kay presidente that's embarrassing, you add more 10 para ma-recognize ni Presidente ang..."

So pagdating sa regional level, "Magkano na?" Padala na. "Adre, this is a measly amount. Dagdagan natin si presidente 'yan." So maghanap 'yan sila ng pera, dagdagan. So pagdating doon, ang ni-release ko 'pag ako na ang may gusto, ang ni-release ko 500, tapos sabihin ko ibalik --- 'yung ako na ang may kailangan ngayon, I need also about 500 ang abot sa akin basta pataas, takot eh. Baka sulatan ni Año. So 700 na.

Pero kung pababa? Wala 'yan. Patay ka diyan. Ganun ang laro ng buhay sa Pilipinas. So I hope I have explained my position very, very clear. I am personally giving you the warrantee. Itong mga tao na ito mahusay 'to.

Iyan sa mga organizational lalo na military pati pulis, kung malinis ka, meron pero konti lang. Pero pagka corrupt ka, down the line puro corruption 'yan. So paalamin mo talaga na ito ang katayuan ko.

Nandiyan pala si Senator Bato. I recognize you, oo. [applause] 'Yan, panaluhin ninyo 'yan. It has been the source of friction eh si Inday. Para itong pogi na pinag-agawan namin ni Mayor Inday. Sabi --- kasi gusto ko because he's a former soldier and the situation in South Davao is quite --- ah North Davao --- ah no sa South Davao, ay including north.

Pero taga-roon kasi siya eh. Sabi ko, "I want you to run for governor." Eh na-override ako nitong tigas, "No, you run for..." Kasi sabi niya kung ano lang ang gusto ni mayor. Hindi --- kasi ako they call me mayor, I do not want to be called president, if you call me president I will not answer you.

Nung pagsabi na ano, "Kung ano lang ang gusto ni mayor." Eh dalawang mayor, ang sinunod ni Bato 'yung kay Inday kasi dalawang mayor 'yun daw ang desis [laughter] --- hindi man mayor kung tatay ba o 'yung... O sige.

But I guarantee you, that guy he's a PMAer marunong rin. During his time, may mga division konti but it was with the... Kasi 'yung --- 'yang karera, alam mo kung sinong may-ari niyan lahat dito sa Pilipinas? Chief of police pati mayor. Oo. Nag ano na lang kasi alam mo pobre, maliit talaga sweldo.

That's why I doubled your salary. So I expected --- medyo happy naman sila. Alam mo kasi ang utility mo, bababa na ako, ang pulis pati military. Report sila, opisina trabaho, may sunog nandoon sila.

May --- may baha 'yung tinatawagan ko, tinatawagan ko 'yung disaster ko, "Saan 'yung chief ninyo?" It's an --- it's only an office. A disaster or a whatever of magnitude walang ano it's --- you have to have discipline there on the ground.

Kaya ako 'pag ganun I have to call the --- even the training academy guys, tumulong kayo. It's always the police and the military. Sila 'yun sa emergency, sunog, whatever. Utility boy 'yan sila at the same time soldiers.

I realized that during the campaign I was really also --- I said if I win I will double your salary. Medyo happy na sila lahat. Ang problema, sila lahat na mga babae may mga kotse. Ang mayaman dito alam mo 'no 'yung --- I'll name all, Isuzu, Toyota, lahat maski sa Malacañan ngayon wala kang ma-parkingan. Puro 'yung mga babae nagbili ng mga kotse, lahat.

Ikaw [Dilo?] anong kulay ng kotse mo? What is the color of your car? Black. Di-kotse 'to silang lahat. Lahat ng ano nagbili ng kotse kasi dalaga. Malaki ang sweldo nila ngayon. So makuntento lang kayo ng ganun, okay na.

Imagine noon, can a policeman dream of acquiring a car? Ngayon lang 'yan sila nakapagtikim na may ano. And I'm happy for those married guys who are sending their school --- to school their children.

At least makabayad na. I want the day to come na ang sarhento pwedeng makapag-aral ng anak niya. That even sergeants or a mere --- that they have a facility there somewhere where

they can borrow kaya kami where 'yung Bonifacio, gawain namin ng ano rin. Ipa-rent namin. Ang sabi ko maghanap na kayo ng new place. Eh tutal ano ba naman 'to hindi naman kailangan diyan sa EDSA. It's too crowded anyway.

So 'pag --- I want them to have their own GSIS para ang isang sarhento o maski --- makapag kung gusto ng anak niya, may bright --- pursue medicine or law, meron sila.

So ibigay ko lahat sa trust fund nila. And kung ma-materialize 'yan, mayaman ang sundalo. I want them na better off kasi they are also the guys who are dying, ganun.

So with that I have conveyed to you my personal reaction to --- to the days that have passed na causing us sorrow and nakakahiya kasi. Biro mo nalulusutan ang Customs? Si Faeldon ganun rin.

I know... Sundalo? They will not sacrifice their career para diyan lang. They are too smart to do such kind of an idiotic smuggling. Talagang nalusutan sila, nandiyan na 'yung system eh.

So hindi ko man masira 'yung system because the law would not allow me, but I can temporarily get you out. Lagyan ko ng sundalo. Sabihin ko ang Army, Navy pati --- mag-contribute ng technical men nila. Already there because I'm asking Sonny to call the guy who supplied us with that X-ray they would, in the meantime, they go into special lectures so how to detect.

And there would not only be one but three who will sign the cargo that passes through the X-ray. Upon its release there, iba-iba, it could be a Coast Guard, it could be an Army or Air Force. Not from the same unit. We will discuss that in detail when the Cabinet meeting comes.

So I'd like to thank... Happy birthday. I'd like to thank Alan for inviting me. [applause] Mayor Lani and congressmen... Wala dito. Meron lang isang lugar diyan, alam ni --- ayan si ano o, si Lopez. 'Yan ang official ano. There's no word for it actually.

There is in the Visayan pero it leaves a dirty --- it leaves something dirty, bahala ka na sa kanila. Ang pinuntahan niyan dito ano lang eh, bata puro. Ah, pati si Bong alam. Bong can make you happy but please do not forget to support him.

Ito si Bong Go, alam mo Batangueño talaga 'to. The mother 'yung mga Tesoro. 'Yan 'yung pinaka-head noon including the Philippine area, Pacific. Ang tata --- ang lolo nito sa Mason, mabibigat itong pamilya, puro Mason 'yan sila eh.

At saka 'yan may galit sa NPA 'yan. Alam mo mo bakit? Nakikinig man 'yan sila. Ang lolo niya binaril sa mukha ng NPA naglalaro ng --- sa golf, sa clubhouse. Talagang pinatay.

Kaya 'yan, sikreto ang kulo niyan, pero maghanap ng pinaka pro military 'yan. His grandfather si [August?] --- kabarkada ko. 'Yan ang... At saka itong NPA, do not stretch it too far, it might... Kasi basta ako, do not, do not occupy, squat or confiscate or seize property that is not yours.

You do that, I will send one company of soldiers to evict you. And I want you charged. Kay ang nag-utos sa inyo inuuto-uto kayo. 'Yang mga leader ninyo puro na 'yan --- pagka ano vintage na, wala nang --- it's already...

Biro mo instead of sticking to issues pinapansin pa kasi tuloy ako daw may sakit, mamatay na raw kasi nasunog 'yung... Pumunta ka ng Jordan, sige daw. [laughter] Doon sa desert, o totoo. Eh hindi naman ako naglalagay ng ano eh. Ngayon na lang.

Tapos sabi ng... Nung una, 'yung --- ito si --- partner ko ano lang Shiseido sabi niya. Eh 'yung kanya may number, one, two, three, four, nandoon talaga sa ano. One, sabon. Two, 'yung toner hala. Tapos three, four hanggang five. Meron pang five. P*** mas lalong umitim. 'Yan o. [laughter]

No offense 'yung... Kaya punta ka ng mga --- 'yang mga malaking dermatologists, lahat 'yan. Ang aking doktora simple lang. Anong nangyari? "Alam mo naman doktora mainit masyado at saka I go to military camps." Almost every week may pinupuntahan akong military.

To Jolo siguro during my time, 20 times. Pumunta pa ako ng Patikul. Pumasok ako sa Patikul. Sabi ko, "Sige, kung gusto ninyo akong mamatay patayin ninyo ako. Eh 'di patayin ninyo ako. Tignan natin, see what happens." Sinong magmalasakit sa inyo? Sino?

Lola ko Maranao. Nanay ko mestiza-Maranao. Patayin ninyo ako? Sige. Tignan natin kung makukuha ninyo gusto ninyo. Pumunta akong Patikul. Eh kawawa naman talaga sa totoo lang nakakaawa 'yung poverty doon lalo na 'yung mga Badjao.

Kaya I was forced to go out of the military camp we had a sort of a tete-a-tete. Tapos sabi ko I decided "puntahan natin." Pasok ako ng Patikul. Wala nag-lecture ako same, if you want to --- like the communists 52 years already and you want another 50 --- 52 years of blood of your own countrymen.

Alam mo naman hindi na mananalo eh, you cannot even hang on to one barangay. 'Di nga ako --- magsalita mayabang. Diyan ako naiinis kaya ayaw ko ng p**... Makipaglaban ka sa akin may Air Force ako, may Police ako, may Navy ako, may Army ako.

Itong mga 'to wala ngang headquarters wala --- tapos kung magsalita akala mo kung sino. Stop it. Kung gusto ninyo sige. Pero ako sabi ko, I will not talk to you on bended knees na kayo ang mag-dictate? Ako 'yung dapat 'yung tigas, bakit kayo?

So with that sorry for the long talk but sometimes it's good because I can unburden myself of

this thing. Sabi ko sa'yo meron --- ang mga tao ko lahat malinis 'yan. Talagang piling-pili 'yan. Hindi lang sikat, hindi lang politiko.

Ngayon kung bakit nga bakit nga puro military? Isang sikreto lang, tingnan mo ang Boracay --- Pilipino man tayo lahat. Kung ibinigay ko 'yan sa mga civilian bureaucracy, malinis kaya 'yan nang ganun?

Isang salita lang kaya sabi ko, "Look, your President is a lawyer. I will never, never order you something which is unlawful or illegal." Eh 'yang iba nagtitimpla-timpla pero I did not say na "patayin mo si Mr. Santos, patayin mo si Mr. Marquez, patayin mo si..."

Kayo lahat magkasama man tayo I just say that... Ganito kasi 'yan. There cannot be an operation of shabu for distribution if it is not an organized act. So pagka na-deliver 'yan nabunggo 'yung isa, if there is conspiracy the act of one is the act of all.

So ang kasalanan ng nag-import niyan o nagtapon niyan doon sa high seas is as equally guilty as itong mga basurero. There is --- walang ano 'yan batas --- ang Revised Penal Code hindi nagsabi except those who are poor.

So 'pag sinabi ko ang order ko "destroy the apparatus of shabu in the Philippines." Kaya may patayan talaga. Eh ayaw nilang maniwala lumalaban talaga 'yan, lumalaban talaga 'yan. I've been mayor I said for 23 years I've seen gun battle.

Eh 'di 'pag nandiyan ako cover-cover ka lang. Ganun 'yan. Ayan ang problema diyan sa... Walang middle ground, no such thing. If it's an organized crime according to our legal laws pareho kayo lahat na may kasalanan.

At bakit sabihin, "Bakit si Duterte pobre lang ang pinapatay?" Eh you must be --- talagang, talagang kulang ka sa --- you know, you have failed to grasp the dimension of it all. Talagang hindi mo mapala... You know shabu can be sold in Tondo brisk business 'yan doon because shabu is a commodity for the poor.

And 'yan nakikita mo nakahawak ng baril pinagbabaril kung sino. Ang commodity ng mga mayaman until now, 'yung mga marijuana or cocaine. But be careful because ang shabu ngayon, ang market is cornered by the Bamboo Triad.

So it could be anywhere. 'Yung last was a --- an operation coming from Malaysia. Ganun 'yan. It's so extensive. Be careful about it. The rich, cocaine. But cocaine we believe is now being operated by the cartel, it's the Medellin and all.

Parang nagkaisa sila to get more profits. Ang bantayan mo 'yung container umiikot 'yan sa mundo eh. 'Yung container ng Davao pupunta ng South America, 'yung South America pupunta ng Norway. Diyan nila itinatago, diyan namin nahuli 'yan.

Ang distribution nila container pati eroplano with cahoots sa... That is why if the police or the security forces are corrupt, patay. Patay talaga, walang ano itong... So I am warning the police not really to --- kasi pati kayo yayariin ko.

Kayong mga police who are into drugs, aabutan ko talaga kayo. If we meet in one corner then it's --- it's either goodbye for you or for me. Kasi ang --- you go to Netflix, it could be dope, cocaine, cartels, nandoon lahat including the Philippines 'yung Amo.

Pareho, same corruption of the police. I only know of one country na mas behave kasi talaga --- China. Eh you do not work there because talagang... They are --- they are --- China is sure of which stand. If you are a police there then death penalty doon, and on time, pronto.

Dito you have the human rights, then you have the... Kaya kung ganun mag-sige kayo agaw ng hindi niyo, walang ibang solusyon diyan fight nalang tayo. But do not do it. Ako nakikiusap ako ha? Hindi ako masyado marunong sa Tagalog at ba't ako'y nakikiusap sa ating mga kababayan lalo na 'yung miyembro ng Communist Party of the Philippines.

Iwanan ninyo 'yan, walang kwenta 'yan, wala kayong makuha. Lalaki kayo't ililibing kayo diyan

sa gubat. Magsabi na 'yang mga anak ninyo saan si tatay hindi na malaman kung... Ganung style ng --- libing lang nila 'yan sa... There's a big huge forest there between Bukidnon and Davao.

Kaya nga nung namamatay na ano, kasi 'yan ang para sa mahirap. Cocaine is a little bit expensive but that doesn't... Kaya ganun, and besides the effect of cocaine, hash, is not as bad. You know, because they are extracted from organic pati plants. Ang shabu is purely chemical, 'yung gamit ng acid sa baterya.

Totoo 'yan ha. Magpa-demonstrate ko sa publiko one day just to show how it's being done. At 'yung formalin 'yung para sa patay. Hithit ka kaya 'yung utak mo... So 'pag na ganun ang Pilipino ma-ganun rin ako. Na pabilisan na lang tayo kung sino mas --- RPM, revolutions per minute.

Pero 'yang shabu wala na, totally okay na 'yan. Communist, give me --- give me a good --- Jose Maria Sison give me a good reason to go back to the bargaining table. If there is none or if it's just a repeat of what we have discussed earlier then that will not suffice.

I need more, I need more. I might be greedy but I am greedy because I am the worker of the Republic of the Philippines.

Maraming salamat po. [applause]
