## **SPEECH OF**

### **PRESIDENT RODRIGO ROA DUTERTE**

#### **DURING THE AWARDING OF OUTSTANDING FARMERS, FISHERFOLKS AND COASTAL COMMUNITIES (GAWAD SAKA 2017 AND MALINIS AT MASAGANANG KARAGATAN 2017)**

[Delivered at Rizal Hall, Malacañan Palace | 05 April 2018]

Thank you for your courtesy. Kindly sit down.

It seems to me that I have a recurring audience dito. Mga kilala ko na kayong lahat eh halos. Just give me about three seconds.

I am trying to confirm something. But anyway, without... Unahin ko na muna before I ramble on to some other matters. Actually two pages of speech is too short and I cannot convey to you the prevailing contemporary sentiments of --- with the government and of the people.

But it's good to read it because pinaghirapan ito kagabi ng mga tao dito. And I'll just read it actually.

Pare-pareho ito lahat. Pangalan lang ang naiba sa organization. Araw-araw 'yan, pareho 'yan. [laughter]

The nation's agricultural landscape is gradually reaching a new level of development after years of continued hard work and persistence to raise its productivity.

These breakthroughs are a result of the collaborative efforts of the administration and of the previous administration and those who passed the corridors of power in their efforts to improve our lives.

These are a result of the administrations, stockholders and everything --- stakeholders of the farmers, fisherfolks and the corporate world.

Today, we reiterate [their] importance in [our] collective efforts to build a stronger future for the Philippine agri-fishery sector by paying tribute to the individuals who have made impactful... Is there such a word impactful? [laughter] Alam ko "impakto" meron. [laughter] Impactful, this is the first time since Grade 1. 'Pag nagkamali kayo, lisuon ko na imong ulo. [laughter]

...contributions in driving the continued advancement of the industry. This year's awardees have contributed greatly towards the development of the Philippine agricultural and fisheries industry.

Their determination, leadership and willingness to adopt new and appropriate technologies and practices have paved the way for our future progress.

It is my hope that the men, women and organizations we honor today will continue to embody the ingenuity, passion and concern for country in all of their undertakings.

This ceremony is but a simple token of our appreciation for their valuable work. But it is my hope that the recognition being given to you today would inspire you and your fellow farmers and fisherfolk to continue exploring new ways to further improve the ever-evolving agrarian and fishery sector.

May the Department of Agriculture and its partners continue the search for and recognition of the outstanding farmers and fisherfolks.

The industry, innovativeness and ingenuity of our people are what we need to bring positive change in the country.

The government remains committed to implementing programs for agrarian and fisherfolk growth such as the free irrigation service and the TienDa stores that showcase our local farmers and fisherfolk's products.

We remain optimistic that the strides that we have made in 2017 will pave the way for a sustainable agricultural development and food security in this year and beyond.

Together let us build a solid foundation for the next generation for a healthier and more productive citizenry through viable programs that promote food security, self-sufficiency and sustainability.

Let us join hands in building a more progressive Philippines for our people.

And sabi dito "congratulations," so congratulations. [laughter and applause]

Can you just give me about 30 seconds. I'm going to make some announcements here which I have not done before.

But since the crowd is here, the right audience and of course the media, sabihin ko --- 30 seconds ho.

In the meantime, mag-tsismis muna kayo diyan.

Did I overshoot my time? Pasensya na po kayo. I've always been bugged with this kind of thing about smuggling.

Walang katapusan. Patayin mo, mag-resurrect. They have this... It's a continuing headache for the country and the economy and the people.

So henceforth, I'll just announce. We have this smuggling case again today. I was watching TV before I crossed the river of no return.

I'm going to categorize its importation above 50 million as an act of economic sabotage. So if you are caught doing it, committing the crime or about to commit, or in fact committed the crime and you are apprehended there somewhere, you will be arrested and you will be detained to face trial. And if it's more than 50 million, no bail. [applause] So you rot in prison.

Pati itong --- itong importers ng mga bus. They import all kinds of the same quality, weight and everything. At 'yung ibang truck, 'yung dalawang ito kunwari, he will apply for a franchise.

Tapos pag nandiyan na 'yung franchise, same color and even the same engine, black number and everything, and they allow even three or four for one franchise.

Pag nahuli ko kayo at nahuli kayo ng highway patrol, LTO, NBI or the police, you will go straight to prison.

I will not allow you to go out until the case is filed in court. I will charge you for economic sabotage and there will be no bail for you. Lahat kayo. [applause]

Lahat na. Kasi lalo na itong tawag nilang "kambal". It's a racket actually. There's only one franchise pero pareho ang kulay lahat. Pati 'yung mga drivers nila magkaluha ang mga p\*\*\*\*\* i\*\*.

So pag nahuli ko kayo ng ganun, of course it's more than 50 million, I'm going to place you in prison.

That's why I told Crame may bago tayong chief PC. I'm going to announce it now, it's Albayalde.

And sabi ko sa kanya na lakihan mo 'yung presuhan mo kasi isaksak ko lahat kayo diyan. Huwag kayong bumili ng pagkain kasi huwag ninyong pakainin 'yung p\*\*\*\*\*... Sila ang magbili ng sarili nilang pagkain.

And so many things in mind. I am not the kind na... I am not the pardoning type. Hindi naman kasi ako pari at saka ayaw kong makinig 'yung malapit 'yung bunganga sa ano ko --- tainga ko.

Alam mo ako I've been trying for the last so many months to be just be patient and parang good boy lang. Good boy, good boy ganun.

Pero kung hindi tayo magkaintindihan dito sa good boy image, eh 'di mag-bad boy tayo. Madali lang man 'yan. All you have to do is to change your attitude. Tatal the language is there already and I do not apologize for it.

There's no apology asked here. I am what I am and you are what you are. So ganun tayo. And I think we have a new Chief of Staff. But I am not at liberty I think at this time to make the announcement.

Si Albayalde lang sa PNP. Kasi tinatanong ko 'yung mga taga-Davao. I mentioned two other names. Sabi nila, "Yan sir, mahusay 'yan, sir, mabait."

Tinanong ko, "Si Albayalde?" "Sir, masyadong istrikto 'yan." "Yan si Albayalde ang inyo." [applause] T\*\*\* i\*\*. Then Albayalde is the man for you. So the stricter the better. Tatala wala naman tayong ano diyan.

Come to think of it really. I just had a Cabinet meeting last night. We started at 2 o'clock. We ended at about mga 1:30 in the morning. Kaya puro kami walang tulog. So I have to sign so many documents for the government.

But ito ang sinabi ko sa kanila. At meron ditong mga Cabinet members... Sabi ko, kailan... Manny was asking for new policies and everything and all other Cabinet members, the way they should handle this thing.

Sinabi ko na sa inyo noon, no commercial transaction or contracts in government would reach my table here in Malacañan.

Precisely sinabi ko sa kanilang lahat, kinuha kita then use your talent, use your whatever... Eh puro bright naman 'to sila eh. Oh kayo kinuha ko kayo, Manny, pa-ganun-ganun lang. Maniwala ka farm boy, valedictorian 'yan. Sa totoo lang. May mga utak pero farm boy talaga. We are the migrants sa Mindanao.

Sabi ko, "Ikaw Lorenzana, valedictorian ka man sa panahon mo." Lahat 'yan sila puro mauutak.

But may I just also tell you now that I conferred with the officials. I accepted the resignation of Vit Aguirre, my fraternity brother, as Secretary of Justice. I am now in the hustings looking for a replacement.

But anyway, 'yun ang ano... Baka magduda kayo. Wala akong tinatanggap dito na papel about MRT, kung ano, Customs clearance. Nothing of the sort. Kaya kaya kong mag-mura maski kanino.

Maski sino kaya kong murahin 'yan. P\*\*\*\*\* i\*\* ABS-CBN 'yan. Bastos. Kaya kong murahin 'yang Inquirer kasi wala silang makita sa akin.

There will never be a time na magkaroon ako ng kasong corruption --- well other matters maybe under the Anti-Graft and Corrupt Practices. Hindi lang naman ang corruption sa pera eh. Baka [EJK] nandoon. Pero bugok man itong mga human rights. Mahina.

Sinabi ko sa inyo, mahina 'yan. Sabi ko sa inyo. Kaya magsabi, "O, Duterte, anong masasabi?" Ah, t\*\*\* i\*\*. Huwag kang maniwala diyan. Puro kap\*\*\*\*\* 'yan.

And even President, kung hindi ako sigurado sa depensa ko, makasabi kayo ako “son of a b\*\*\*\* you go to hell.” Kasi wala kang...

And of course, I said I had that defense a long time ago when I was being investigated by De Lima, mayor pa ako. Meron na akong depensa kaya lang itinago ko.

Dumating ‘yung panahon na I was waiting for the appropriate or the right moment to say it in public but hinold (hold) ko ‘yan nang husto until such time na nagsalita itong commissioner ng -- - the High Commission of the Human Rights.

Nung nagsalita, sabi niya, magpatingin daw ako ng psychiatrist. Binitawan ko na. Sabi ko, “You are too presumptuous. Whoever told you that you have jurisdiction over my person?”

Kaya binitawan ko na ‘yang ano ko. Eh alam mo ako fiscal. I’ve been doing trial work kasi mahirap lang rin ako. Started from the lower echelons of... I was doing trial work for eight years.

Tayong mga abogado, fiscal, before anything else on that morning when I face the judge, tinatanong ko talaga sarili ko, “hindi ba ako mapahiya? Do I have jurisdiction to try the case before this court? Is this the proper court to bring the charges?”

Second, which is the most important, “Do I have jurisdiction over the persons or person of the accused?” ‘Yan talaga ang tiningnan ko kaagad. So when I was investigated many, many years ago, tinanung ko na, “ito bang...”

Kasi ang pinapalusot nila, instead of just you know concentrating on the local jurisdiction, maybe meron pa. Pero ‘yang International Court na ‘yan, puro...

You know, it’s actually parang international governance. Right after World War II, palibhasa maraming kasalanan itong mga puti, lalo na ‘yung European. They invaded Africa, they invaded everywhere, massacred everybody there.

The Spaniards came here, stayed for 400 years. The Americans came here, sat on their a\*\* and live off the fat of the land. Sila ‘yan eh. Sila... Sila ‘yung nagma-massacre noon eh. Samar, the Muslims. And to atone for their sins ‘yan sila naghanap ng mali.

Ang problema ‘yung mga miyembro na iniimbyerna nila, ‘yun lang ang hanapan nila ng mali. Kaya gusto kong sagutin ‘yung ano. Kaya lang I was cautioned kasi si King ng Jordan may ibibigay na regalo.

Sabi ko, “Ano ito diyamante? O baka isang harem ibigay niya sa akin ‘yung extension?” Sabi ko, “ano ito?” So actually tulong sa arms. I was advised by the military guys there, “palusutin mo na lang ‘yan. It might jeopardize...”

So huwag kayong maniwala nitong... Hindi nga nila ma-solve-solve ‘yung [Rohingya]. ‘Yun ang genocide talaga, if I may so. Kaibigan ko pa naman ‘yung babae.

Pero the way, the way it's being presented to the world. Kawawa talaga ang mga tao doon. Me? We? I'm willing to accept refugees. Rohingyas, yes. I will --- pero hati-hati tayo sa Europe. Hindi gaya ng Europe na. O tingnan mo.

Now, what ails this country? Give me three minutes. I'll give you what it is. What ails this world? Sinasabi ko na 'yun, maybe some of you heard it.

The problem with America is that it is a multi-racial thing. American-Irish, American-Russian, American-French, American-Arab, American-Chinese, American-Korean, American. And they are all there because it's a nation which provide a wide door of migration. "Come and rest thy shoulders and I'll give you..." Si Liberty. 'Yun.

Ngayon 'yan sila, they're spread all throughout America, either as elected or appointed. So meron silang --- it's a question of a South American issue. Then ilagay nila doon sa desk and mostly also 'yung of South American descent pati mga Español.

Every time they are given a problem there, at the end of the day, when they are searching for the answer and the values that goes with it goes into the core. Punta 'yan sa ilalim in their hearts and mind. And apektado 'yan if it's a Russian-American or American-Italian. Dala-dala niya 'yan.

So that's why America is diving very fast, very fast. I'm not... I'm not trying to criticize America. I'm just telling you, you are sinking very fast. I'd like to tell you, baka akala mo you -- - Obama wanted to meet...

I never went to Australia. Tapos 'yung American side with the ASEAN. Well, I'll tell you frankly now. ASEAN countries, wala kang makuha ni isa. Except Thailand.

Why? Laos, they're still digging your bombs and exploded there. Cambodia, you bombed Cambodia. Meron pa silang mga bomba hanggang ngayon pumuputok while the farmers are tilling the land.

Tapos sabihin niyo, madalin 'yung mga US aid, na you go to a sponsored trip, visit America.

Kagaya ko, sabihin mo, "Oh, that was centuries ago." P\*\*\*\*\* --- centuries ago? Your American commanders there in that Samar massacre. What was the order? "Turn that place into a howling wind and kill all the dogs."

You think it can be erased by the number of years? You think the Muslims will forgive you for the so many massacres in...? That's the reason ISIS is there. Ang problema 'yung mga old traditional na sila Gaddafi. Si Iraq, Saddam. You went there inside on the pretext that they were having mass --- weapons of mass destruction.

Only to say pagdating doon, "ah nagkamali pala. Wala kami." And you destroyed a country. You undermined Libya. So what's Libya now? A fractured country. So there's turmoil in Syria. Kayo 'yan eh. You went there inside Africa, Middle East many years ago. You siphoned all their oils

so you rose into the ladder of industrialization, way ahead from the rest of the natives of the world.

Ngayon, nandiyan na kayo kami dito mga small nations are starting. And you have destroyed the climate. Ini-slash na, point zero lang tayo.

But now, they have this come up with this climate change. They are now blaming the present generation, the contemporary guys na kayo ‘yun eh.

Ngayon gusto ninyo no incremental increase. Nandiyan na kayo, you have reached the apex. Kami dito struggling to reach at least a semi-industrialization.

Gusto ninyo, pag-angat ng mga footprints, carbon, ganun ka, ganun lang rin ako. O paano tayo mag-abot sa p\*\*\*\*\* i\*\* ‘to?

Kaya ‘yan nasabi ko. ‘Yang mga... You European nations. And if there is anything that I could really put you to task, even when we are together sa heads of state, we always agree that you guys of the Western world, you do not have a word of honor. Totoo ‘yan.

Kayo walang word of honor. Pabaligtad-baligtad. Example, Obama. Kaya ko siya pinut\*\*\*\* i\*\*. Just imagine criticizing me in a press briefing in the White House.

Ka-abogado ng g\*\*\*, eh Harvard pa. Chief of state. You do not do that. If you have a complaint against me, go to the United Nations, ask your delegate sa Security Council or your regular representative and make the exposé if you want, if there is any.

‘Wag mo akong ma ano... [mimics former US President Obama] “I would like to say to Mr. Duterte that there’s going to be a possibility that he’d go to... He’ll be facing the Commission of Human Rights because...” L\*\*\* mo. T\*\*\* i\*\* ka.

Hindi mo alam na wala kang jurisdiction. Hindi mo pinag-aralan eh. Kaya sabi ko bright, Harvard?

Do you know why I said --- hindi ako nagyayabang ha, maski sinong abogado kaya nito... That is why I said I would want to defend myself before the UN, and I will only just cross-examine ito si Callamard pati itong...

Well, it’s never wrong to say, “a black lady.” I do not know her name. It’s not a slur to say, “he’s black, he’s white.”

‘Yung, ‘yung the previous nomenclature ng color noon. Pwede mo sabihin that she’s black. Hindi ako nag-iinsulto. That’s what they are called. “I’m black”. Even in the descriptions of --- “suspect was riding in black...”

Ang ano ko, sabi ko --- masyado kang lumaki ‘yung ulo ninyo. Ngayon, nandiyan man ang media. Matatapos itong droga? De Lima and company, the Human Rights and company? I’m telling you frankly, it will not stop until the last day of my term if I get to live at that time.

If I renege now, I would have placed in jeopardy this generation and our grandchildren. Tingnan mo sa America.

One time, I’m sure somebody or a lot of you heard it. Kayo America, sabi ko, you are loudmouths. But someday, remember this, one day, to your horror, your problem is one hundred times more serious than what we have. It came to pass. Si Obama ‘yun.

Ngayon pagsabi kay Trump ngayon, he’s declaring a national emergency. ‘Yung --- the incongruity of how it presents to the world is this: Si Obama ina-atake ako. Pagdating naman sa kay Bo --- kay Trump, [mimics US President Donald Trump] “Ah, Rodrigo, you’re doing alright. I’ll copy you. I’ll kill the son of a b\*\*\*\* and the...” [laughter]

So, Americans... What values are you trying to impose on us? The value of Obama? The value of Trump? Or your own national stupidity?

I am not saying that I am... I... I do not... For all of your hullabaloo, to the credit of Russia and America who gave me the arms free, why? Because Mindanao was already boiling.

I knew even before I was mayor because I have relatives in Lanao del Sur. Sinasasabi na nila mainit na, everybody is holding... Pinagbibigay na libre just like peanuts and candies.

Pero hindi namin alam and I --- Murphy’s Law: When something goes wrong, it will go wrong. Hindi ko nahabol the arms cache. Ang ordnance nila was really good for so many. So I went to buy 23,000 because that was the number. Shortfall ako doon.

So pagdating doon, ang America kasi pati ang senador, pareho lang power. When an idiot congressman or senator will take the floor, “Oh we’re selling ganito, ganito to a human rights violator.” P\*\*\*. Na-hold.

So from all indications, mabilis na ang pasok. So I went to China. “I come here as a friend. I’m not going to --- I do not want to invoke this arbitral at least now. But I’ll put you on notice that at any time during my term, I will raise the issue. But at this time, I come here to ask you to help us. I need arms.”

Xi Jinping said, “no problem. Do not pay me. It’s all yours.”

So I went to Russia. Sabi ko kay Putin --- I was granted one hour kasi paalis na ako. I was supposed to meet him the following day, but he was there in the caucuses and he flew for six hours just to see me.

Nagkita kami sa isang lugar malapit sa airport. We talked about one hour, thirty minutes, I explained to him the situation. Pumutok na ang Marawi. So I said, “I’m sorry to cut short my

trip, my visit. I beg your indulgence, but I have to go home. But actually, I came here to ask for help.” “It’s okay, I’ll give it to you. Free.”

To this day, Russia and China have yet to ask even a piece of paper or pencil. There was no military alliance. I am not prepared for that. I’d just like to go neutral.

Pero ‘yon ang experience ko. I’m sharing it with you. At least kung pumutok ‘yang eroplano ko, pumutok ‘yang roadside bomb, maybe you can ask the CIA. ‘Yan ang istorya niyan.

Fact is, the Americans really do not honor their word. ‘Wag na nilang sabihin na, “Ah, because we are a --- separation of powers.”

Meron man rin tayo. We copied our Constitution from them. So why do we have to foist something na --- ipapasubo mo ‘yung ano...?

So when I was in Moscow, I had to declare martial law in Moscow. Doon ako inabot eh. And I was frantic for the firearms. That is for my country.

At sasabihin ko ito sa Moro people na you move around. Mag-prangkahan tayo. We will comply with the BBL. That’s a promise. I will comply. Give me time.

Ang NPA has telegraphed so many. And even the Congress nag-tulungan sila and now they are even ‘yung nag-simmer down na sila, wala ng placard-placard diyan.

Tingnan mo ‘yung p\*\*\*\*\* i\*\*\*\*\* mga ugok. Isinali pa ako ngayon sa Duterte-American. Kailan pa ako naging bata ng Americano? G\*\*\*\* pala kayo.

Tapos ngayon, ngayon, gusto nila ang usapan. “Okay,” sabi ko. Ito ang usapan natin. I will talk to you. No coalition government. Second, no collection of taxes. Third, that you confine yourself in camps. Do not go around because there’d always be the possibility of misencounter.

Third, wala kayong pera. Kita kayo na ang rebelde walang pera? Bakit ang MILF, ba’t ang MN, naghingi ba sa atin ng pera? Bakit kayo sige hingi ng pera? Eh kasi mahirap lang kayo. Kaya ‘wag kang mag-revolt-revolt diyan kung wala kang pera.

Ngayon, sabi ko, okay. I’m going to... Come home. I will not talk there. Come home. I will subsidize your trip here. I will pay for your billeting, board and lodging.

‘Wag na masyado ‘yung mahal na hotel. Motel-motel na lang mas mura. ‘Yang malapit diyan sa mga carinderia kasi... Hindi man natin pera ‘yan, you know that.

Eh ako naman, may share talaga ako ‘pag pera ng gobyerno. Then, I said no more --- basta humingi ako ng apat.

So ‘pag na-comply ninyo ito lalo na ‘yang ceasefire tapos no revolutionary tax, you confine yourselves in camps. Do not go out of that camp, then we talk.

Ako ang gagastos because I'm interested in peace. I know that you have limited cash. Pinapakain lang kayo doon sa Norway eh.

Ako ang gagastos then I will distribute rice and relief, food lang in the camps, para malaman ko kung saan ko ibagsak 'yung...

I will invest in peace. I will have to spend money, correct. But I hope that this time you do not waste the opportunity and the peoples' money.

'Yung sa MI, ganun rin, MN ganun rin. Nag-uusap na kami, isang araw. Pasunod-sunod 'yan eh, everyday dito.

Sabi ko, let's talk about peace. I'm ready to concede the framework because it has to pass Congress. But I'm ready to carve out something there administratively at first, and I will do that.

But if there's one thing that I cannot give you... You previously asked for a regional armed forces pati regional police, I'm sorry. And for the communist, no coalition government. Why? Because of the sovereign will of the people.

The sovereign will is in the hands of the Republic of the Philippines, the people. And it could be exercised by just a few because we cannot exercise altogether, tayong lahat.

We give it to what? To whom? To the leaders. How? Elected. So that is where you have now the sovereign power to exercise.

You from the outside coming in from the cold cannot share that power because I cannot give it to you because I do not own it. I cannot concede even a tiniest part of that sovereign power because I am not allowed to do it.

The Constitution says, "you must be elected." If you turn out to be a son of a b\*\*\*, kung nandiyan ka sa droga, eh 'di patayin mo eh. Sovereign-sovereign diyan.

But you know, you have to be very careful because this government is not for shabu dealers. It was never intended by our forefathers to be a platform for crime like shabu.

You go into it and you are done lalo na pati ng pulis, pati sundalo patayin mo kasi ayaw maniwala sa'yo.

So for those who went ahead, that is the lesson that I want everybody to experience. We do not own anything here.

Kaya ako, if you... If I think that --- you are free to leave my government. Marami diyan sa ano o, Pilipino, trabaho.

Diyan sa Legarda, 'yung inuman namin diyan sa kanto. Bumaba ka diyan sa Mendiola, diyan sa kanto meron diyan beer, chilled. Noon pa, 'yang 1972 nandiyan pa ang mga... Maraming hindi nakatapos ng law dahil diyan. Sige, punta kayo diyan sige inom --- inuman. T\*\*\* i\*\*.

Maraming Pilipino walang trabaho. Punta ka diyan sa Dangwa 'yan, walang ginagawa gumaganun diyan sa kanto. Sige linis ng ano eh... Halika.

Kaya tayo, we are suffering a shortage of workers. May slowdown tayo. Alam ninyo 'yang mga negosyante. Because 'yung mga skilled laborers natin, wala na tayong master electrician.

Hindi man ako pwede magkuha diyan sa... Kagaya sa mga sundalo diyan sa --- "ayusin mo 'yan 'pag hindi, pumutok 'yan bukas." Master electrician, master...

Kaya I'm offering them, NPAs and all Filipinos. I do not want even to --- I am... maybe you tried.

It leaves a bad taste in the mouth every time I say it. We just work on it and hopefully in the fullness of God's time, makakuha lang natin. Ma-swing ko itong NPA tapos makausap ko ang Moro people. Mainit na kasi 'yung mga bata eh kasi matagal na eh.

Time --- Cory's time pa 'yan. When Cory traveled to Jolo, and that was... History na 'yan, hanggang ngayon, wala pa.

So they are not only getting impatient, they are actually desperate. So sabihin ko na lang, punta ako doon. Give more one more chance. Dadadadan. Baka sakali. Baka sakali maawa si Allah sa atin.

So I hope these are the things that I wanted to convey to you. I said a two-paged speech would not --- para malaman ninyo. And I would...

I am not saying that I am the most honest person. No. Faults? Plenty. Mistakes? Sus isang katutak.

Misjudgment? Lahat. But it doesn't mean to say that --- at least 'yang pera-pera wala 'yan. But marami akong kasalanan.

Marami akong asawa. Nandiyan ngayon 'yung isa tapos mag-uwi kami ngayong gabi. Maiwan naman 'yung iba. [laughter]

Nandiyan na. Plenty, plenty. At hindi lang ako, 'yung katabing asawa mo, maniwala ka diyan. [laughter] Ay sus maryosep. Every... Sabihin ko lahat lalaki, ma'am, talagang nagloloko 'yan. Ma-beauty queen 'yung asawa niya.

First five years, okay 'yan. Sigurado 'yan. Kayong mga babae. Second five years, 10 years, marami nang --- pagod ang buang, ganun, inom, lasing, mag-lasing lang 'yan kay gusto matulog, ayaw na mag... Kay tapos naman sa una niya. [laughter]

Kasama niya sa opisina, mga ano, mga kaibigan. Fifteen years, magalit na. Tapos 20 years so sabi, "Hoy, g\*\*\*, mag-uwi ka nang maaga ha." "Bakit?" "Pabakit-bakit ka. Anibersaryo natin, nakalimutan mo ba?" Tapos tingin kaagad siya ng, "oh my God, help me make it through the night." [laughter]

Hindi. Biro lang 'yan. [laughter] Thirty years my advice to you girls, totoo ha. Coming from a brother, huwag mo na lang 'yang Presidente, wala 'yan. We're entitled to be just an ordinary human being. Hindi naman kailangan stick to the ano ako.

Thirty years, huwag mong pakialaman 'yan. Huwag mong pakialaman 'yan. Sabihin mo "saan siya?" Magsabi, "saan ka pupunta?" "Doon sa..." "Oh sige. Baka kulangin ang pera, o pangalawa."

Wala na 'yan. [laughter] Puro istorya na ang pati [laughter] Wala na talaga. [laughter] By that time, 30 years, siguro mga... Ang saving grace nito, well my... Let me, let me...

Patayin mo 'yang TV mo. [laughter] Sige na patayin mo diyan. Ah sirain ko 'yan. [laughter] Sige. Pati kayo ha.

Hindi. Basta patayin mo lang. Okay na. Bakit pula pa 'yan? [laughter] Ah ipalo ko 'yan sa... [live stream cut]
