**SPEECH OF PRESIDENT RODRIGO ROA DUTERTE DURING THE 145TH FOUNDING  
ANNIVERSARY AND 2ND KANLAHI FESTIVAL OF TARLAC**

**[Delivered at Bulwagang Kanlahi, Romulo Highway, Tarlac City | 07 March 2018]**

Thank you. Kindly sit down. Thank you for your courtesy.

May I have the privilege to acknowledge the presence of the Executive Secretary Salvador Medialdea, Senator Joseph Victor "JV" Ejercito, Congressman Yap and other members of the House of Representatives, Governor Susan Yap, fellow workers in government, mga kababayan.

I have a two-page speech. But since --- I think it's my first time to be back after the elections or more than a year ago. So may I just say to everybody, to everyone, salamat sa tulong ninyo sa akin irrespective of whether or not you voted for me. [applause] I still would like to thank you.

Kasi po malaki ang problema ko. I have not been to the area of Luzon as frequently as I would have --- would like to be here. Pero marami ho tayong dinanang problema and most of the time, I am focused on the problems of solving the law and order of the country.

Kayo po dito sa Luzon maswerte. The NPA movement is strongest in Mindanao particularly in my area of eastern Mindanao.

If you look at the map of the Philippines in front of you, your right side is the eastern seaboard, your left is the western. Dito po sa ano we have a problem na malaki dito sa eastern side. Though maraming nagsu-surrender but still there's a lot of fighting going on. On the western side, it's a mixture of ISIS and the hotheads the --- itong mga terorista.

Going up we have the Iloilo area which is also a little bit of a problem and on the extreme right, meron ho tayong problema sa Samar, Leyte. Dito, it's in Abra, Nueva Ecija and it takes most of our energy really going around and trying to come up with a pacification campaign.

Kung maawa ang Panginoong Diyos, I think I can maybe solve the problem of the NPAs. I am not on talking terms with the head of the communist party, si Sison. And you might want to know as executives and citizens of this country ay ang problema kay Sison, I initiated the talks.

Remember I just made four promises at 'yung four promises ko carried me well even during the presidential debates because I was not really talking much and I was thinking what I can say in a minute and 30 seconds. So 'yung akin parang bullet lang but I think that...

No offense intended. Tapos na po iyon. Nagpapasalamat na ako sa inyong lahat. But just to give you an illustration of how hard it was really.

The only one supporting me dito sa Luzon was Imee Marcos, then si Abet Garcia of Bataan. Then si Lord because of friendship, sa Marinduque, Velasco.

In the Visayas, wala nga ho akong tao that is the ancestral province of my father and even in our hometown, wala akong mga supporters.

Though the Duranos were divided. The grand old man Durano iyon 'yung magpi-pinsan 'yan sila ni Almendras. Kaya Alejandro D. Almendras, the "D" there is Durano.

But the wife of the old Durano also the grand lady was a Duterte who was the sister of my father. And yet hirap ako doon. And in Mindanao it was Zubiri, Governor Angel Amante and Congressman Nograles who was my nephew.

I'm telling you this because I have a hard time connecting kasi hindi tayo magkakilala and most of you are hesitant to come to me.

Iyong hindi tayo nung magkaibigan na mga kapartido. Wala naman akong partido except the PDP. But it was a moribund organization until I came in. Eh local lang talaga sana 'yon eh. So but now a lot of the guys have been transferring to PDP, and which is good.

Total ako naman four years lang remaining or three and a half. And after that, tapos na ako. I can no longer run for any other position and by that time, I would be very old. Time to retire and time really to just disappear from this planet.

Eh alam mo 'pag ganitong edad natin huwag mo na akong tanungin kung may sakit ba ako. Kung ano 'yung sakit ng tatay mo, iyon rin ang sakit ko. Kung ano 'yung medisina niya, medisina ko rin 'yan.

So ang akin is I just would want to say I made four fundamental promises. One is that, I said, I would try to stop corruption at alam naman ho ninyo ginagawa ko 'yan. So I am fulfilling, it is a self-executory promise because it never ends but I'm doing my best.

Then I mentioned about the drugs swallowing our country, 'yang shabu. Now, I have run afoul with so many human rights organizations and even the ICC.

Gusto ko lang sabihin sa inyo, a promise is a promise. At baka nga nanalo ako diyan lang sa apat na promises ko. Otherwise, I couldn't had explained to you why I got six mil --- 16 million and six of that was my margin over Roxas.

So hindi ko talaga alam, ni wala akong leader dito sa Maynila, wala akong --- and that explains the reason why walang lumalapit sa akin. And seldom, if any, na 'yung mag-recommend ng tao because they think or you think that I am a bit at a distance from you, which is not really the case.

Now, I've been mayor of Davao for 23 years, one time a congressman, then the vice mayor of my daughter. And I am not really a greenhorn sa politics because setting aside modesty, my father was once upon a time the governor of Davao, when it was only One Davao.

There was no Oriental, Davao Del Sur, Del Norte, Occidental, Del Sur, ComVal Valley pati Davao City. It used to be one.

So I kind of learned my ropes and mastered a little bit of style dito sa pulitika.

Pero 'yung apat na ano ko na talagang hindi ko pwedeng atrasan, come what may is itong corruption. Then I promised na drugs is swallowing our country.

Kaya sabi nila maraming patay at marami akong demanda and even in the International Court of Justice.

As I said, "do not worry about me." Hindi naman ako na-ano kung saan ako pupunta except that I said, the third was I would talk to the enemies of the state, make peace with them and hopefully we can finally reach that level of comfort in our country without worrying about fighting.

Ang problema lang ho dito kay Sison is we have had these talks in Netherlands and from the summaries that are given me after every meeting, binabasa ko then I digest it and look for the meaning beyond the words and the commas and the periods.

And problema kay Sison, which I would like to have a peace talk, reach out to him, ang problema is Sison wants at the end of the day a coalition government.

Pagka 'yan ho ang hinihingi niya, hindi ko talaga maibigay sa kanya because sovereignty or the power to run the country, which is the sovereign power of the state, is given to Filipinos who are elected by the people.

You might elect a President who is a son of a b\*\*\*\* wala na ho tayong magawa diyan if it's the choice of the people. The military, the police and the civilians will have to honor the mandate because that is the voice of the people and that is provided in our Constitution.

Kaya kung 'yan ang gusto niya, sabi ko, at this early, putulin na lang natin because I cannot give you what I do not own.

Sovereignty resides in the people and is delegated to the representatives of the people and to the President and to the Supreme Court. They have sovereign powers and if you want to exercise sovereign powers, the Constitution simply says get elected. So kung ganun ang katayuan nila, wala talaga itong pag-asa.

Now, the other front that I am facing is itong terorista just like what happened in Marawi.

Though we had a hard time quelling the revolt because and I'm sure that the military by this time, the police would have reconfigured their doctrines.

Nahirapan tayo doon because they had the natural cover. Hindi ho open plains, hindi naman ho kahoy but they had the buildings which were built with cement and iron and would have been a very formidable fortress.

Naka-position na ho sila doon and target lang sila nang target that is why this accounted for the heavy losses of government too. Sabagay namatay silang lahat but next time, I hope it will not happen again, but next time we have to be prepared.

I am not --- kayo ho mga mixed or if you are a Moro, do not be offended because my mother is a mestiza Maranao. My grandmother is a Maranao, my grandfather on the mother side is Chinese.

Sinasabi ko lang sa inyo ang totoo na pagka --- well, just a hypothetical. I do not want to scare you. But if they would do it in Mindanao or Visayas simultaneously in three or four places, mahihirapan tayo. And it's going to be bloody, very bloody.

Kaya huwag naman sana 'yung ganun, medyo malayo kayo. As of now, I do not allow the purchase of heavy firearms. You are limited only to a shotgun and a .22 rifle.

But if you know, hell breaks loose, then I'll have to consult the military and maybe I will allow you to hold the high-powered guns.

That is a far-fetched idea and I hope that the trouble there would be contained in Mindanao only.

Now in the matter sa drugs, hindi talaga matatapos 'yan despite or in spite of the threats of ICC and everything, wala akong pakialam sa kanila.

Now, there are about a million, ilagay na lang natin, a very liberal number. Huwag na 'yung kay Santiago na 'yung 3 million niya. Kay Bato was 1.6.

You know, one million addicts sa shabu could be hell for this country.

Now, you know, sabihin nila, "bakit si Duterte pinapatay lang niya 'yung mahihirap?" You are wrong. Hindi ko pinapatay ang mahihirap. Ang pinapatay kong mahihirap 'yung kriminal.

Kasi ang shabu could only be operational if there is an organization. Meaning to say that there is a group of persons who plan to commit a crime and decide to commit it.

Shabu cannot operate on a single one-vendor policy. There has to be the cook, the financials --- financiers, 'yung nagluluto, 'yung nagkakapital, the lieutenants and eventually it is distributed to the streets known as mga "basurero," they are the ones passing it.

Remember that shabu is a commodity for the poor. Kaya karamihan ang namatay diyan talagang mahihirap.

Eh bakit 'yung mga mayaman hindi? Meron rin. Meron ding mga mayors namatay. As a matter of fact, dalawa na.

'Yung isa hindi na umuwi, si [Mabilog], I have been looking for him. Hindi na siya umuwi kasi papatayin ko talaga siya. [laughter]

You know, if you are the mayor kagaya ni Parojinog and you make your public office a platform for your drug distribution and you kill government people, yayariin talaga kita. So with Espinosa.

At sabi ko sa Army pati pulis, "huwag kayong matakot magtrabaho." Tatal ako na lang rin 'yung itinuturo ng human rights pati ng ICC, 'di hayaan na ninyo 'yan.

I take full, legal responsibility for things that are happening intended or not intended, akin 'yan. Trabaho lang kayo, huwag kayong matakot. Ako ang pupunta sa presuhan. Para klaro ang ano.

I'm here to protect my country. I believe that if I stop this crusade, it would have compromised the country and the next generation. Then it would have been my failure in my time [applause] na wala akong ginawa.

Tatal, 'yung mga mayaman, bantay kayo, cocaine is coming in very fast. Pumasok na kasi ang cartel ng Mexico pati South America. So we are dealing now with cocaine and shabu.

Kaya itong America, kinakabahan na ngayon. Noong una, when the stupid Americans, they were putting to task si Bato, "Bato, tokhang."

Sabi nila, "bawal 'yan. That is a violation of human rights." Tingnan mong mga p\*\*\*.

They were able to capture the dark side of the Internet. May nakuha sila doong organization na ang bilihan online.

They took over the operation --- it's in Time Magazine about two issues ago. Tapos they took over and pretended they were the organization selling the drugs. Noong nakuha na nila lahat, kinatok nila sa America. O 'di pareho kay Bato.

'Yan nga ang mahirap diyan eh. If you have an American friend, sometimes it's not really good because you will come out a very hypocrite nation. 'Yan ang mahirap diyan.

Noong iniipit nila ako, sabi ko, "you know America, one day to your sorrow, you will realize that you have a problem."

So si Bush ngayon declared a national emergency. And if you have read the Philippine Star about four days ago, sabi ni Bush, kung ako ang masunod, sundin ko si Duterte kasi wala masyado ng mga durugista doon kasi pinapatay niya. [laughter and applause]

So I cannot --- hindi ko maintindihan itong mga p\*\*\*\*\* i\*\*\*\* 'to talaga. [laughter] Just allow me to express it. Eh talagang galit ako eh and they were threatening me with...

You know, I'd like to give you an assurance, they want me hailed before the ICC. Ayaw ko lang sabihin ngayon but they will never, never, never acquire jurisdiction over my person. Sabihin ko sa inyo 'yan. [applause]

Bakit? Hindi ko na lang sasabihin. Basta pagdating ng panahon sabihin ko sa inyo na --- mag-summon sa akin, "under what power do you summon me? Do you have jurisdiction over all of these cases?" Palagay na atin totoo, do you have jurisdiction over the case here, over me?

Kaya sabi ko hayaan mo 'yang mga --- alam mo mas bright tayo sa kanila, tingnan mo. At when the brass tacks are down... Hindi naman ako --- I'm not eloquent type, eh 75 lang ako eh, totoo.

Ako, I am the original K-12. Kaya sabi ng anak ko, "Pa, bakit 'yan si Briones hindi mo masabihan? Bakit niya pahabain 'yang...?" Sabi ko, "Anak, dahan-dahan ka lang kasi nakakasagasa ka ng tao. Ang tatay mo original --- finished my high school in seven years." [laughter] Parang scholar rin, pero nagbabayad.

'Yun sila Bingbong, lahat, Sonny Dominguez, he's a very brilliant guy eh kababata ko 'yan eh, he used to be our valedictorian sa Ateneo de Davao, since Kindergarten hanggang high school. 'Yan sila Carmela --- Rudy Garcia, 'yung police general, nag-retire. 'Yan, sabay kaming na-expelled 'yung buang na 'yan, pero hindi ko nalaman naging general 'yun. [laughter] Pero ang tatay niyan sundalo rin, Rudolfo Garcia.

Pero 'yan sila Tugade, 'wag kayong maniwala diyan kay Tugade. Tugade is a billionaire --- high --- College of Law pare --- man 'yan kami sa law school may kotse na 'yan, de-kotse na 'yan, siya may --- may maraming pera. He learned his ropes sa Delgado Shipping, when he retired he put up his own ano. Ilocano 'yan, taga-Cagayan.

BIR, Dulay, he's from Baguio, Ilocano rin. Lahat ng Cabinet members ko Ilocano, dalawa lang kaming Bisaya diyan, sa totoo lang, puro Ilocano lahat 'yan. Bebot Bello was my dormmate, Dulay 'yung sa --- puro nga 'yung --- sabi nila hindi star- studded 'yung Cabinet ko.

Ang kinuha ko lang 'yung mga kaibigan ko sa Davao, 'yung mga military whom I met during their sojourn for the years that they were assigned in Mindanao, naging kaibigan ko sila. Mabuti na lang kasi itong sa military, isang salita lang. Sabihin kong, "gawain mo 'yan," ginagawa talaga.

Itong bureaucracy, ayaw kong mag-ano sa inyo but you are good lalo na pagpasok ninyo may Civil Service eligibility ganun, CESO. Pagdating niyo sa itaas supervisory powers, department chief, 'yan tayo nagkaka-problema kasi alam ninyo 'yang director is really a political position, always appointed by the President.

But there are others who are really very good and na-retain, hindi ko naman tinanggal lahat eh, 'yung performing.

But otherwise, 'yung critical decisions and time is of the essence, I go for the military. Cimat, lahat 'yan sila galing Mindanao, puro military 'yan, puro kilala ko.

Kagaya ng Boracay, sa Boracay, suplado 'yung mga tao, ayaw mag-cooperate. You know in Boracay there are three basic issues that government must intervene. One, it is [a] health issue. The right of the government to intervene and interdict to promote public health.

Second, public interest, because kung hayaan mo 'yang ganun, time will come when it is so polluted, it can no longer be of use for the next generation. It is to our interest to preserve its pristine state just like before.

The third issue is law and order. Kasi kung ayaw nila mag-cooperate and they begin to protest, eh kayo naman ang may kasalanan diyan, you were responsible for the damage all these years, pati 'yung mga local officials who were all nonchalant of the problem there, aarestuhin ko kayong lahat.

And if you put up a fight then I'll charge you for sedition, preventing government to do what is good for the Filipino people. 'Yan lang ang maiwan ko sa kanila.

Ulitin ko 'yung drugs. When I was mayor... I was a prosecutor, trial lawyer ako eh. Then I went to become city mayor in 1988. Far and in between, I had about so many elections, 10, I never lost an election and the last one was the presidency. [applause]

Kaya hindi ko naman malaman kung bakit ako dumating dito, na mismo ako hindi ko naman mani --- naniniwala na manalo ako.

Kaya nung nanalo ako nagtinginan kami ng asawa ko, sabi ko, "what happened?" Ang sabi niya, "there is only one entity that can help us out solve this riddle, and it has to be God. And when you talk of God, it is always destiny." Otherwise, wala akong maibigay sa inyo na rason kung bakit nanalo ako.

I came in from the cold, eh taga-Davao, probinsyano naman kami. As a matter of fact, Davao straddles towards the south on the right side North Sulawesi of --- then if you go straight you would see Papua New Guinea at kung tumingin ka on a very clear day, makita mo 'yung mga Amerikano na --- mga puti naka-bikini doon sa beach nila. [laughter] Doon ang probinsya ko po.

So 'yun, itong drugs. As --- if I can just really give you --- nung na-mayor ako sabi ko, "look, I am not a soldier, I am not a policeman," sabi ko, "but I'm trying to build a city for all of us. Do not f\*\*\* it, because if you do destroy the city, I will kill you. Do not destroy the young of our land, because if you do, I will kill you." Simple as that.

Nagawa ko, eh sinabi ko na sa inyo. But my orders to the military and the police, hindi ko sabihin, "barilin mo, kill." "Go after the organizations." Impossible na hindi 'yan organized crime. I said you have the cook, you have the lieutenants, you have...

And the rule is the act of one is the act of all. Same penalty 'yan. 'Yung cook pati 'yung tig-deliver, pareho kayo, equally responsible because it is a conspiracy basis.

Mag-usap kayo, "o kami magluto, pick-upin mo, ihulog namin diyan sa high seas, lagyan namin ng GPS, kunin ninyo, ibigay niyo sa barangay captain."

Now how could I be happy recommending an election within the next few months? Ang sinabi ko sa mga congressman, "kayo, I will not stop you, that is your job, and if you think elections are very important in a democratic way of life, go ahead, schedule it."

I'll just give you the caveat, marami dito manalo na suportado ng drug money. Ngayon, bahala kayo. Kasi kung sabihin ko naman walang eleksyon, sabihin niyo na, "Duterte, gustong mag-diktador."

Look, if we can have the structure of federalism and if you can submit it to the people by 2020, and it provides the elections of a president, parliamentary, I will give you this assurance now, no need to remind me: I will step down. Alis na ako.

Para wala 'yang, "Ah Duterte gusto ng..." So to make it easy for everybody, "O, merong taga-Mindanao, gusto nanamang mag-diktador." Forget it, I'm not interested. After I shall have finished, kung makaabot ako ng six years, I would have served government for almost 40 years, tama na 'yan.

So no need for you to be afraid na, "ah diyan sa Davao may budding diktador." I'm up to 2022, but if there is a Constitution which will provide a strong presidency, kasi bago lang 'yan eh, kailangan mo talaga hawakan.

The Constitution that is fit for us is the French Constitution. Everybody is elected by districts, except the President who is voted upon universally, lahat. Hindi --- sabi ko... Kung sino man 'yan, mamili kayo, you know, if you think he's too fragile, bago pa, then you are still sorting out kung ano, you better be careful.

Pero ako, wala kayong problema, 2020 tapos 'yan, alis na ako, ba-bye. Walang diktador-diktador, pagod na ako. Sa totoo lang.

Hindi naman ako mayaman kaya sana gusto ko na at least sa buhay ko pagdating ko dito, malaki sana ang sweldo ko. Hindi man ako nag-practice so I never got --- ilan lang ang sweldo ng fiscal.

Balak ko noon na magkaroon ng pera ng --- maka ano lang ng anak ko. Makapasyal ng mga Hong Kong-Hong Kong, ganun.

Ako kung tanungin ninyo ako, and I deserve how much? One million five, bigyan ninyo ako nun. Kung hindi, t\*\*\* i\*\*\*\*\* 'yan, inyo na 'yang gobyerno ninyo. [laughter and applause]

Lipad ako dito, doon. Lipad ako dito. Galing ako kuwan ng Maynila, chopper, tapos Clark, uwi pa ako ng Davao bukas kasi may problema nanaman. Tapos tutuloy ako ng Jolo may problema doon, bisitahin ko 'yung mga sundalo ko na may...

Ganun ako nang ganun. Isang beses niyan may twerka talaga diyan luluwang, sigurado ko bagsak 'yan. Tapos ang honor ibigay sa iyo, p\*\*\*\*\* i\*\*, doon ka ilibing sa Libingan ng mga Bayani. 'Yung aking pwesto diyan ipa-affle ko sa inyo. [laughter and applause] Inyo na 'yan.

Ako, just burn me and place my ashes beside my mother. Meron doon sa aming mausoleum, may kanto man doon, doon lang ako.

Ayaw din mag-away pareho kay Marcos na ayaw ipalibing. You know, the law says he must be a soldier or a president.

On both counts, he was a soldier if his record is not really clear or muddled up, that is history for you to decide, not mine.

Ngayon, 'yung pagka-Presidente, you know, the first time he won, my father was a Cabinet member the first year of Marcos. So I know that he was president.

Kasi noon --- ganito ang style niyan eh. Kagaya ngayon, which is really natural. I mean, there's nothing wrong with it. Winner takes all talaga ang Pilipinas eh.

But during the time of Macapagal, he was running for reelection. Marcos was the opponent, Nacionalista. My father was a Nacionalista.

Tapos lahat ng governors pati mayors ng Mindanao lumipat na doon kay Macapagal. Just like now, nagpuntahan ng PDP.

But my father and governor Ebarle stuck it out with Marcos. So when he won sa presidente, he took in my father as Secretary of General Services --- Bureau of Supply, printing, 'yung mga titulo ng --- properties of the government were under that office. Pero matagal na 'yon. Pero alam ko si Marcos presidente. Kaya nung pagdating ng panahon, sabi ni Imee, "Mayor..." "Sige, ilibing mo." Kanya 'yan eh. It's his.

And ang sabi ko doon sa mga iba, itong mga yellow. Ganun 'yung p\*\*\*\*\* i\*\*\*, yellow ba 'yan? [laughter] I mean no insult. Hindi baka... Ito, ito 'yung kulay nila. Sana pagkatapos ng eleksyon, tama na. [applause]

And if the Ilocanos would like to have a hero in the name of Ferdinand Marcos, ibigay mo sa kanila. [applause] Kanila 'yan eh. Otherwise, half of 'yung Ilocandia or Ilokano-speaking, magdamdam 'yan and it will continue to divide the country. So 'yung yellow, wala na. [laughter and applause]

Ako nung tumakbo, sabi "anong kulay natin?" "Ah maski anong kulay." Kulay-kulay, maniwala ka diyan. Wala akong kulay. Kung ano lang available diyan sa hardware. [laughter] Maniwala kayong kulay-kulay.

Tapos ganun sana sila, 'yung 'di na mga... Itong mga Rappler pati... Ako ayaw kong magka-ano pero I promised them na hindi ko na --- I will not bring this up pero I will not mention the names.

Kung hindi ako nag-Presidente, makuha kaya ninyo 'yung 7 billion na utang. Ilang Presidente dumaan? Was there somebody able to collect the taxes? Iyong frequency, binibigay 'yan for free on a condition na mag-telco ka.

Eh binili mo lang pala just to maintain the monopoly of the two, ipinapasauli ko, pinapabayad ako. Ah t\*\*\*\*\* i\*\*, do not f\*\*\* government. Do not ever do that. Isauli mo, I'll give you --- 'yung may mga utang sa iyo, 10 days.

Meron pa ako diyang habulin na ano. Kaya itong mga oligarchs talaga, hindi ko palulusutin 'yang mga 'yan.

Remember the Lopez Group of Companies before? Right after EDSA, they formed so many Lopez Group of Companies.

They borrowed about 7, 8 billion sa DBP. Tapos they dissolved the corporations, ang utang nilang --- kaya dumive (dive) and DBP. It was condoned, pinatawad. If that is economy --- if it's not economic sabotage, what is it?

Kaya uminit ang ulo ko. That's economic sabotage and I would like to remind you, that is non-bailable. So sabi ko 'yung corruption let us stop, let us stop it. Give the Filipino a respite of about --- tutal sandali lang naman ako diyan eh. Before you know, wala na ako diyan.

Kaya 'yang kotse, nagbili ako ng bagong bulldozer. Lahat ng kotse na ini-import ang Pilipino, 'pag hindi niya binayaran kaagad, iwanan niya, maghintay siya ng ilang buwan until the Customs decide to sell it by way of auction.

Tapos itong --- itong mga y\*\*\* na ito sa Customs, tawagan lang rin 'yung nag-import then they will schedule an auction, sila lang rin nag --- tapos kunin nila, mura na ha. At least may benchmark pero mura na. Paglabas niyan may papers.

Dito sa CEZA puro bago. 'Yung hinahanap ninyong Aston Martin, nandiyan 'yan. Next week puntahan ko 'yan. Magbili rin ako ng bagong bulldozer dito. [laughter] P\*\*\*. Sagasaan ko lahat 'yan. [laughter] Wala nang import-import. [applause]

Either meron ka, maghanap ka sa buhay, you have the money on your own. Huwag mong dayain ang gobyerno, I'd be happy to earn money for government.

Pero 'yung mga hocus-pocus diyan, I assure you 'yang Customs si General Lapeña 'yan galing Pangasinan. He was my chief of police and regional director for the longest time. Ako mismo naghingì niyan kay --- kasi mahusay eh. He's very honest.

The other one sa BIR, Dulay diyan sa --- taga-Baguio. I don't know if he's an Igorot but he's also honest. Kasama ko 'yan sa dormitory.

Bebot Bello sa Labor. Magka-roommate 'yan sila puro Ilocano. Kuripot. [laughter] Huwag mo lang ingay kay Bebot. Totoo 'to ha.

Sa dormitory ganun 'yan eh. Eh ako, kuha toothpaste, dala kong toothpaste [gargles]. Si Bebot naman bina-brush niya 'yung sapatos niya sa basketball.

Eh matapos, eh ako matagal [laughter] siya doon sa sapatos. Ngayon nang matapos sabi niya, alam mo ang ginawa ng buang? Sabi niya, "Shhh. Pard, pahingi ng toothpaste ha." [acts like brushing his teeth] [laughter] "Bilib ako sa Ilocano na ito," sabi ko. [laughter and applause] Matipid ang buang.

Kaya kinuha kong Labor. Secretary of Justice man 'yan noon but he's a good guy. Anak ng judge 'yan sa Isabela.

Lahat 'yan sila. Bingbong is Ilocano 'yan, Davao. Pero ngayon sa akin. Lorenzana, Cimatú, puro Ilocano 'yan. Mas madali utusan. Sabi ko...

Kaya 'yang Boracay. Kung ako taga-Boracay, sinabi ko kahapon, "do not --- do not make it hard for me."

Sinabi ni Año, "six months." Kaya nga may state of calamity. You know, when the government declares a state of calamity, there are instructions to be done. But part of those instruction is money which should be given to the people affected with the calamity.

Kay doon sila maghingì ng tulog pangbigas, pang-hold, as fast as they can cooperate with government, eh 'di mas madali. Pero ewan ko kung anong ginawa ng mga mayors diyan.

'Yung drainage talaga ng 'yung mga hotel-hotel na three-storey, inilibing lang nila sa sand. Pero it protrudes down --- the mouth is... Kaya punta ka ng Boracay, it looks very exotic kasi foamy white pero pag-dive mo, ligo ka.

I was there during the campaign, sabi ng --- hindi asawa ko kasama --- may iba akong kasama. [laughter] Mag-abot ba 'yan Davao 'yan? Inyo? Huwag ninyong paabutin ng Davao. Abangan ko kayo diyan sa highway. [laughter]

Sabi ng babae, "you smell like a s\*\*\*." "Really?" "Yeah. You smell like a s\*\*\*."

'Di mo man maamoy sarili mo so 'yung --- 'yung sumunod, amoy --- p\*\*\*\*\* i\*\*, amoy t\*\* nga. [laughter] Sabi ko, "this is a disgrace." Hinayaan ko si Ted Failon, he made an exposé. After that...

But we are doing all right sa other fronts. I'm talking to the MI, MN. Pagka pumasok ang IS gulo, gulo 'yan.

It's so bankrupt, it's so --- it's so empty ang ideology. Ang walang --- alam ng mga g\*\*\* pumatay at magsira. Pumatay ng bata, pumatay ng babae, pumatay ng...

At saka may I --- last na lang ito baka makalimutan ko. When I was a congressman noong 1998, 'yung kay Erap, 'yung time, 'yung pinaalis natin si Erap, tayo 'yon.

Nagpunta ako ng Saudi, kasi may tatlong Pilipino doon na hinuli ng Riyadh religious police. Alam mo naman 'yang mga g\*\*\* nagbigay ng mga rosaryohan.

And they were there in my house, sa gate, crying everyday. Eh naman syempre kung tanghali, mainit na pinapapasok ng asawa ko at pinapakain niya. You know after --- 'di busy ka, sabi niya, "bakit --- bakit wala kang ginagawa? Why don't you do something about it?"

So I went to Riyadh, pleaded the case kay King Fahd. Pumayag si King Fahd. But I was told, in whispers, doon sa Minister ipasa niya doon sa, "you ask this guy to talk to his counterpart."

'Yan sikreto ko congressman pa ako. Itinago ko kasi ako magkakaroon ng bakokang sa ulo ang naiwan dito sa Pilipinas.

Pero noong pumutok 'yung sa Kuwait hindi ko talaga mapigilan ang galit ko, binigwasan ko na sila.

Sabi niya, "in the Arab countries..." Arab 'yan eh pareho ng Ilocano tapos may halong --- o Bisaya, Ilonggo, sa Bisaya, Leyteño, Bol-anon.

There are tribes in the Arab nation who has that idiotic culture that if you are brought in the slave markets of Africa or you are paid to do domestic work, sexual abuse is part of the territory.

Alam ko na noon 'yan, hindi ko lang sinabi. You know, mga Pilipino man tayo lahat.

Here is a family. 'Pag nawala 'yang nanay, the family becomes dysfunctional, alam ninyo 'yan.

Ang bahay 'pag walang nanay is not a bahay, it's not a home. Kung ang tatay sasali sa kahirapan, mag-alis rin pati ang asawa tapos magtrabaho doon ng five years.

Tapos ang asawa gagamitin ng amo niya, ng anak ng amo niya, ng son-in-law niya, barkada ng anak niya. The human body can only take so much. Kaya kita mo tumatakbo sa bintana, suicide pababa.

Wala masira eh. And they are only allowed kasi 'pag magtapos 'yan paglinis ng bahay ng amo niya, he goes to the other house of the daughter-in-law and starts cleaning the house there.

And kung meron pang in-laws na iba, linisin niya 'yan. By the time she is through with these chores, she gets about two, three. Walang --- kaya nga nakikita ninyo sa --- two, three hours, four of sleep, and they are fed with garbage.

Kaya nung nangyari sa Kuwait, pi\*\*\*\*\* i\*\* ko na talaga sila. Hindi ko na matiis eh. Hindi ko na talaga mapigilan at sinabi ko na 'yan ang totoo.

So in --- p\*\*\* ilang babae ngayon nagsasakripisyo? Being raped, multiple, kinakastigo pa hematoma all over the body just to send money to the Philippines para makapag-aral ang anak nila.

Ilang pamilya 'yan na pag-uwi dito wala kasi ang sweldo pinapadala. Ito namang mga p\*\*\*\*\* i\*\*\*\* shabu na ito kaya patayin ninyo 'yan, ilibing ninyo ako bahala.

Pag alam nila 'yang bata, may tinatanggap regularly stipend or baon dikitan nang dikitan 'yan hanggang -- - until such time na lalaglag. Nakita mo ang hirap ng nanay pati tatay, lalo na ang nanay. Sisirain na ang

katawan niya bunganga, sa p\*\*\*\*, sa... Ang p\*\*\*\*\* i\*\* niya pagdating 'yung mga pera dito ibibili ng shabu at pagbalik nila dito walang nangyari sa pagod nila.

P\*\*\*\*\* i\*\* ninyo kung ako --- kayo ang Presidente anong gawain ninyo? Papatayin ko talaga kayo l\*\*\*\*. Besides akalain mo nalang, one million addicts --- one million addicts reduced to slavery to a chemical called shabu.

And when the monkey rides at their back — gumaganoon na walang pera ito. It's the commodity for the poor, magsaksak ito, magnakaw, mag-holdup. Of course, may mga pinatay 'yung mga pulis 'yung iba. But ilan --- everyday I lose four, three policeman a day in the entire Philippines.

Tapos sabihin nitong mga human rights, "o ito kang Duterte, 7,000 ang pinatay." Kung hindi ba naman mga torpe ang p\*\*\*\*\* i\*\* niya. Ang kabila, bakit sila namatay? Eh sabi ang biktima ko raw 7,000, period. Tapos pupunta doon sa ibang countries gaganon-ganon o, "ito 'yung pinatay ni Duterte".

Sabi ko kayong human rights, maghawak kayo ng marijuana sa kamay mo 'pag hindi kita binaril. Ah sus. Palagay na natin one five, one five, you reduce one million five Filipinos slaves at saka nasira 'yan wala na. I suppose... [Sino ba 'yung aide-de-camp ko? Nandoon ka ba 'yung sa UN? Nandiyan pa?]

Itong aide ko ha, kayong mga pulis. 'Yan rin ang kapitan ng barko ng Pangulo. Annapolis ito. Hindi kayo sagutin niyan bahala kayo diyan. [laughter] Annapolis Naval Academy ito.

Ito 'yung nagda-drive ng Pangulo. Sabi niya na --- minsan daw sabihin niya, "Sir, magpapasyal tayo sa..." Sabi ko, "sino mag-drive, ikaw?" Sabi niya, "oo". P\*\*\*, huwag na lang. [laughter] Baka... Hindi mainsulto. Nagda-drive talaga ng barko 'yan. 'Yan ang driver ko sa Pangulo.

I'll leave this to you. You --- i-Xerox na lang ninyo. Nandito lahat, United Nations Office on drugs and crimes. Nandito lahat, it's illustrated here. I-distribute lang ninyo. Tapos may introduction. It gives you an idea of what you are reading.

Tapos dito, cannabis, marijuana 'yan. Pero dito, risks: "Cannabis smoke contains 50% more than tar than the high tar cigarettes which puts the users at an increased risk of lung cancer than other respiratory diseases." That's the worst that you can...

Cannabis. May history siya. Cocaine. Dito risks: "Mixing cocaine with alcohol is a dangerous cocktail and it can greatly increase the chances of sudden death."

Ecstasy. "Tablets or pills that are sold as ecstasy may contain other potentially dangerous substances which can vary widely in strength and use."

Heroin. "Uses risk overdosing on heroin which can lead to coma and death to respiratory depression."

'Yung mga artista, sila Whitney. Pupunta 'yan doon sa hotel. Bibira kung gusto na mag-suicide.

LSD. "In the physical effects, are small compared to the psychological and emotional effects. They include dilated pupils, increased heart rate and blood pressure, and loss of appetite, sleeplessness, dry mouth and tremors."

Methamphetamine, shabu. Effects: "Methamphetamine use sometimes triggers aggressive, violent and bizarre behavior among users."

Kaya puputulan 'yung... Sa Cebu, pinutulan niya 'yung asawa niyang, ulo, tapos sabi niya, "okay na tayo. Pinatay ko na si Duterte." Pero ang hawak-hawak niya, 'yung ulo ng asawa niya. [laughter]

Ito 'yung shabu. It's the most --- how was it termed --- vicious sa lahat. Ito 'yung sa mga pobre. Pero ito wala ng rehab. Kaya kita mo lahat ng rehab diyan sa Fort Magsaysay, no takers, because among all others...

Basahin ninyo 'to, iiwan ko lang dito. Maybe the police... Who's the ranking police dito sa inyo. Sabihin na --- pinakataas dito, sino? Basta ibigay ko na tapos iputos (wrap) --- i-ano mo lang, sir. Get it for you and the rest, tapos ibigay mo nalang sa mga tao. It would educate people very thoroughly about shabu. Okay, sir. Thank you.

So ibigay niya 'yan sa inyo. 'Yan, kung bakit ako talagang mainit sa shabu, because rehabilitation is no longer possible if the brain has shrunk considerably. And it can come about two to three years of constant use of shabu.

So 'yan lang po ang pinunta ko dito just to remind you about my campaign. 'Yan lang naman talaga ang worry ko.

Sabi ko, ang ano hinayaan ko na. Hindi ako bright. Ibigay ko 'yan sa mga bright 'yang economy. Pobre ako diyan. Mga bright ang nandiyan sila. Ako, I could hardly pass the --- ang Economics ko gi-drop ko yata 'yan. [laughter]

Pero guess what? What is the surprising thing about all these things? What surprises you? Nakatindig ako dito, nakaupo sila, nakikinig. [laughter and applause]

Alam mo, ang 75 lang, K-12, utusan lang niya itong mga valedictorian. [laughter] Bright 'yan eh. [applause]

Guys, I have to go. I have to go to Clark to talk to people and I'm proceeding home. I have a long trip to go --- to come. [applause] I'm very happy to see you.

Maraming salamat po. [applause]
