SPEECH OF PRESIDENT RODRIGO ROA DUTERTE DURING THE JOINT 68TH NATIONAL SECURITY COUNCIL AND 69TH NATIONAL INTELLIGENCE COORDINATING AGENCY FOUNDING ANNIVERSARY

[Delivered at Philippine International Convention Center, Pasay City
| 31 July 2018]

Salamat po for your courtesy. Kindly sit down.

And this is a very good written speech but it is just a run-of-the-mill, the grid. Prepared by the ladies there. I don't know.

Do not be offended but maybe if I have the time if you'd allow me, I would read it. But otherwise, I'd like to just talk what is in my heart.

I am not into redundance, I am not campaigning. I have hit the end of my political career at least this period of time. I cannot run anymore. I do not know where to hide after this, what I will do, and find out if I can marry again to make it more an exciting at your --- at the end of time.

Gusto ko lang ipaabot sa inyo uli, I said this is not a campaign line, but what I promised to the Filipino nation. I will not bother you with the wherewithals but even I, ako mismo, was in wonderment when the results of the elections came in.

Parang may feeling ako na manalo, feeling lang. Hindi ko masabi manalo ako. But I never expected to get a votes the 15 million plus the 6 that was my margin over my next opponent.

So I started to wonder and my wife is a baptist so sabi ko right after the morning, hinalikan niya ako pati 'yung anak ko, sabi niya, "Pa, mayor ka na --- ah presidente ka na ng Pilipinas."

You know mayor ako kaya ko lahat. It's a small town, a little prodding there, a little urging there and a little maybe sapakin mo and everything will be alright. Now if you want the kind of government on the local levels and everywhere, you have had a chance to go to Davao City and tignan ninyo. May droga pero in trickles and sometimes you would hit with bombs, and of course the people remain to be poor.

Majority of our countrymen are wallowing in poverty. Hindi na ho ako mag-drama sa inyo but I am also a son of a poor man. Otherwise, my father would not have ventured into Mindanao for a greener pasture.

So umalis siya sa Cebu because there was nothing there in Danao. But after he was appointed as military mayor and you can read the files, he was once upon a time the military mayor of Danao right after the war. But he saw the futility of competing with the Duranos, with Almendras, if you are just nothing, so kaya pumunta kami ng Mindanao.

Of course, my mother is a Mindanaoan. Pero sa kahirap ng buhay we started also from scratch. And it was a long hard life for us. I was not really pulling anybody's leg na kung mag-drama ako na at one episode of our life we had also our house demolished.

And to think that my father was a lawyer na hindi niya alam pagatpatan, that's a — in Tagalog that is pagatpatan is a wetland. Ewan ko kung anong Tagalog ba sa wetland? Ah basta wetland.

It was there and doon nila kinukuha 'yung cogon noon for the horses for consumption. Iyong kumpay not really cogon but kumpay, that's the grass of — sa Visayan.

Kaya ako by stroke of fate I became governor and I grew up with or in politics watching. I was about twen — 12 years. So laki ako ng hiras.

Those time siguro maski gusto nilang magnakaw wala namang perang nakawin. Unlike now that corruption is still in the core of a business transaction with government.

So ang --- the only answer I could get maybe huwag kayong maniwala hindi ako marunong maniwala ng Diyos. I said my God is not your God. It doesn't say I do not believe in God.

Eh 'yung God mo torpe 'yang y*** na 'yan. But my God guides me only on those things which are right. Why do you have to scramble everything?

Well, anyway nakuha ko from the messaging and I hope you'd understand that. Nanalo ako wala akong pera, wala akong tao, ni dito sa Pasay ni wala akong isang barangay captain.

Wala, wala talaga. Not even a single mayor except si Abet, governor of Bataan pero barkada eh. Iyon lang. In Danao City, where my father came from or from where we come from, wala akong ni isang barangay captain. But in Cebu City I won by a landslide and only because Bisaya ako.

So fundamentally what was my messaging to the people? Bakit ako nanalo? Diyan nga tayo magkatalo eh. Because while others would criticize me harshly kung ano-anong pinagsasabi, ang sabi ko sa kanila hindi ako pwedeng umatras eh. I do not have the luxury of slowing down even or just ignore what I promised because iyon ang nagpanalo sa akin.

I could not be a traitor, turn my back on my promises. Kaya sinabi ng mga tao, eh wala ka ngang pera pinapalo --- pinapanalo ka namin kasi gusto namin 'yung sinabi mo.

So I will reduce the --- my oath of office. Hindi na kailangan, "I, Rodrigo Duterte, do hereby solemnly swear blah, blah, blah..." My oath of office simply says that I protect the Filipino people and I have to preserve the nation.

Iyan lang ang akin. Pag hindi tayo magkaintindihan diyan ah wala sigurado trouble. And I --- well, if it causes my downfall, so be it. Baka iyon talaga ang destiny ko.

Pero itong sabi ko alongside with that, before I won, I was in the campaign hustings and even during the presidential debates you heard me talk. And because I realized that you cannot even present a good --- a synopsis because of the shortness of what was given us. Ano ba 'yung bigyan ka ng isang oras 30 minutes that was all b***s***. Wala naman makagawa ng ganun. It's not really a debate.

A debate is you are given enough time to inform the people of what you intend to do and what is good for this nation. Just a debate na ganun, one minute after that, one another. It's all money there. They're raising money that's all.

Kaya bullet lang ako nang bullet. And what I said that if elected by the will of God, Inshallah, ito ang gawain ko --- tatapusin ko o I'll try to stop corruption. Then I will deal with drug. I remember the word I used in the La Salle debates. Sabi ko, "Harshly. I would be very harsh."

Then I said that I have to tackle the peace and order in general. Then I will not interfere in the financial transactions of government. Then I would talk to the rebels, to the enemies of the state to attain peace. Iyon lang.

So ngayon, graft and corruption --- talagang hinahabol ko. I was there in Cagayan yesterday to destroy --- para matapos na 'yan eh. Pabalik-balik 'yang issue na 'yan smuggling tapos walang kukuha. Then right after a few months, the auction office will announce that it would sell.

Sabi ko, "Stop it because nothing gets there." Now meron doon na hindi ko ipinasira. Iyong vans pati 'yung Hummer. Nung sinabi ni Atty. Lambino, "May Hummer tayo diyan." How many --- was it 14 or...? I'm sure I heard more than 10. I could not exactly remember what was the figure. But I said do not destroy it because I'll give it to the military and the police for their use. *[applause]*

Para naka-Hummer na kayo. Kami ilang taon na namin 'yan naglalaway-laway kami hindi kami maka... Tapos 'yung mga vans, because they are within the vicinity of the local governments, Cagayan 'yan eh. Eh 'di paghati-hatian na lang nila doon kung aabot.

But sabi ko doon kay Lambino, "You write me a letter." And he said, "That's already in your office." So ibigay ko 'yan, Hummer. O ayaw ninyo 'yan? Ayaw ninyo? *[applause]* Ayaw ninyo, ibigay ko sa barangay captain 'yan. Ipagbili pa ng ulol 'yang p****...

Sinabi ko, graft. Then I --- kagabi pag-uwi ko, 'yung importation niyan ng bumper hindi na siya nagbayad the whole amount. But said, hiningian lang siya ng 5,000. Walang resibo, wala lahat.

Sabi ko, "You identify the employee sa Bureau of Customs and I will call the idiot --- baka tinawagan na --- to come to Manila, to my office, kami mag-usap."

Do not use government funds in coming here. It should be unofficial, private. Dalhin mo 'yung chief of office mo. Kasi meron talaga rin 'yan siya. Hindi mangyayari 'yang corruption walang go signal ng...

So the corruption is still malawak --- talagang malawak. And even in the local governments, mas grabe. Sabihin ko sa inyo. And it's the very thing that is really pulling us down --- corruption.

Kaya if I can make just even a dent or give the Filipino a respite of corruption, what's happening ever since, okay na sa akin. Sabi ko sa kanila, "Pumunta kayo dito bukas. Gusto ko kayong kausapin sa opisina ko."

And I will call PTV-4 to broadcast live our conversation and I would ask them, "Bakit ito nakalusot itong bumper na ito? Just give me the paper. Eh saan ang pera nito, the corresponding payment?"

So if you cannot produce that, Basilan is waiting for you. Saluin mo na lang lahat ng IED doon araw-araw and that is also bothering me.

So anyway... Tapos 'yang droga. That was the second promise sinabi ko. At I cursed, I throw epithets --- street slang. Iyong kung anong lumalabas sa bunganga ko. Kasi galit ako.

Ngayon, hindi na masyado kasi marami ng mas magalit kaysa akin. Noon, ako ang galit. Eh di ako ang nagmumura. Ngayon, kung magmura ako pati itong Obispo, p* --- galit rin sa akin pati mga pari. So sige, pagalitin ko na lang kayo. Shut up na lang ako.

Pero sabi ko, itong droga, as I have --- that's my favorite line eh. Drugs can kill a country. Itong droga na ito malawak. Noon milyon, ngayon bilyon. And the number of persons, diyan makita mo sa TV Patrol --- 'yung crawlers ng DZMM, it's being shown live cast 24 hours, makikita mo doon ang droga pati ang...

Sabihin pa na itong mga human rights --- but let me answer them in a very courteous way. How about my soldiers and policemen who were also killed?

Remember that Marawi thing started in a service of a warrant of arrest in connection with a drug case. What precipitated the trouble there was initially about drugs. And I have lost several hundreds of my soldiers. And everyday, I lose one or two policeman or soldier that is events or incidents connected with drugs.

Bakit walang bilang? Bakit lahat na lang --- 700 killed. They do not give a reason why. Sino 'yung pinatay? May I just ask, unsa man extrajudicial killing? You can't even prove it. Basta may namatay diyan na ano, extrajudicial killing. T***** 'tong mga p*****...

Nandiyan lang si ano, kung hindi mumurahin ko... Were it not for the former president, with due respect sir, b**** s***** ko itong mga y*** na ito.

Paano `yung mga sundalo ko? O paano `yung --- sabagay, tabla na. Iyong nagsaksak ng Ombudsman, buntis pa. Pero sa awa ng Diyos, patay na rin, so tabla lang.

Iyong sa Davao naman, bumili lang bata ng load, pinatay niya. Pero bilib ako. Ang inagaw niyang baril, while being fingerprinted, buntis lang, policewoman buntis lang inagawan ng baril, patay. Sabi ko, mahina itong g*** na `to. Hindi mo naman pala kaya isang pulis eh. Minsan `yung...

Ikaw, Son how many equalization did you pursue also? Eh lahat man kayo. Paarte-arte, lahat man tayo dito. Hindi ka pwede mag-survive nitong milieu na ito Pilipinas kung hindi mo...

Sabi ko do not destroy my country because I will kill you. Do not destroy the young, our children dahil hihiritan talaga kita. And so what's wrong with that? That is a legitimate defense.

Do not. There's the condition "do not." So hindi ka naman mamamatay kung hindi ka "do not." Ah human rights.

But I kept my defense all along while they were investigating me. Alam ko na kung ano ang isasabi ko. I kept it a secret because I know na lalaki pa nang lalaki.

It was not until after `yung commissioner mismo ng Human Rights Commission ng UN. Sabi niya, "Duterte needs to be looked, to be examined by a psychiatrist."

I was preparing for my... Sagot ko, sabi ko, "Makatikim talaga ito ng mura ko t*** i**." Just like the other previous...

Nung narinig niya, sabi niya, "Huwag, huwag. Relax ka lang diyan." "So bakit, sir?" Sabi niya, "Huwag kay bigyan tayo ng dalawang

cobra diyang helicopter. Baka hindi ituloy. Kapatid 'yan ni King Jordan eh. So tumahimik ka nalang diyan."

Hanggang ngayon wala pa 'yung helicopter. Bantay ka, sir. *[laughter]* 'Pag hindi dumating 'yun, ituloy ko talaga 'yung mura.

Ako naman, nobody should begrudge me when I say that we have a very limited source of ano sa mga intel. As a matter of fact, there is only one country that I have been insisting na diyan lang kayo hanggang.

Because I think this country is too far away. The proximity is quite a distant star and there will be no --- no more...

I think that there will never be a time that we would have to be involved in a legal — geopolitical issues of the world unless it's a total war. Hindi pa natin alam.

So 'yan. Hindi talaga ako makahinto especially 'yung... Nakita naman ninyo I would react almost bunganga ko nang makita mo 'yung mga kababayan natin na ganun nalang ang ginagawa.

So 'pag nag --- mag-ano ako talaga ako, buti't nalang nagka-areglo kay talagang hindi ako aatras. No way ako atras doon.

Sabi ko, "Alis. Alis tayo. I will look for money to finance you, sabi ko "come home, lahat ng Pilipino."

Buti't nalang o 'diba nag-matigas talaga because I didn't like the — ah what happened. Biro mo...

You know, tayo may pamilya. You are basically a soldier. Ano... 'Pag ang pamilya umalis 'yung tatay, kaya ako na --- kaya ako ano sa ano. Hindi ako ano ha. I really sympathize with my soldiers and policemen kasi 'pag nawala kasi na-assign, there is a slight dysfunction.

The wives will carry on minus the husband. And kung may mga anak kang lalaki, it's not good na --- 'yung father image nandiyan palagi. It entails sacrifice, I know that.

That is why nakita mo dinoble ko ang sweldo. Not because for anything and even just to compensate for the regular absences.

Pero itong mga taga OFW, if they lose the father who works abroad, there is a dysfunction in that family. Hindi 'yan sabihin mo makauwi, maka urgent leave, makauwi ng ilang araw, maka furlough. Wala 'yan.

So kung ang nanay pati tatay mag-trabaho sa labas, tapos alam naman ninyo na ni-re-rape 'yan doon, ginagamit gabi, araw, gabi.

Maglinis ng bahay sa main employer, tapos 'yung mga bahay ng mga anak niya, sister-in-law. That is why they are limited to three hours sleep. And they eat hogwash.

Kaya 'yung condition ko na seven hours of sleep, no confiscation of passport, no confiscation of cellphones so that can... Then they have a day off and they can eat their own food cooked by them.

Nung pumayag, sabi ko, "Okay. Okay na ako." Pero kung hindi lumusot 'yun, sorry. Magtiis tayo dito. Kung magutom tayo, sabay tayong magutom at sabay tayong mamatay para walang masabi ang Pilipino.

Kaya ganun. Ganun lang ang sakit ng loob ko na kung bumalik sila dito sa bayan nila for all of their degradation na dinaanan, reduced to the animal state, tapos 'yung sweldo nila na ipinapadala dito...

Eh alam mo itong mga p***... 'Pag malaman ka diyan na meron kang allowance, talagang s**** --- hanggang bumigay 'yung bata. Eh may pera eh. Alam nila.

Now shabu is a commodity for the poor. Itong mga mayaman ngayon, and I'm sure that Sinaloa of --- is entering into the picture. Cocaine na ngayon eh.

Medyo bumaba na ang konti ang presyo pati marami na ang supply. This could only mean that there are middle class.

Eh sabagay, cocaine is not --- or heroin, hindi masyado, not as lethal as 'yung shabu. Eh shabu naman it's a mixture of chemicals eh. That's why it destroys the brain.

Ito namang cocaine, do not mix it with anything. It's organic. So matagal pa 'yan. And this is not really as bad as itong shabu.

Eh itong shabu ang masakit sa akin kasi ang tinatamaan ang mga mahirap. Hirap na nga, and they will flounder you know. There is a family and there is one all --- konektado na sa shabu.

The suffering is wala, totally dysfunctional na. Ang anak iiwan lang sa kapatid, iiwan sa lolo, iiwan sa kapit-bahay. So what will happen to the Filipino? What will happen to the human being?

Sila, because they never tasted hardships, they have not experienced bitterness in life, makita na kung gaano kung saan-saan ka na pumunta kung wala ka madukot. Wala sa kanila 'yan.

Then I promised you that including uniformed personnel. Huwag kayong pumasok diyan sa droga, 'yang mga murder-for-hire, kasi ipa-project ko rin kayo.

You can be very sure there will be a project for you and really that is to neutralize or terminate you. Kung hindi ko ganunin, walang mangyari sa ating bayan at this time when we are all bombarded with drugs, nobody seems to obey the law.

Alam mo kung bakit ngayon? The fear of the sanction of the law nawala. Why? Because of human rights.

Ang pulis noon, previous administration, walang nahuli, iilan ilang buy-bust. It was not only after I became President and it were as --
- I demanded that all records be opened to me, nakita ko ang Pilipino nakapila na by the thousands araw-araw diyan sa television.

All contaminated, all sickly, all rendered inutil because of drugs. Bakit noon wala? Kasi ang pulis takot. Ayan 'yang taga-Davao na 'yan, sila diyan nakaupo 'yung table na 'yan, alam nila. Tignan mo, tanungin mo how I protect my policemen and soldiers there.

Sinabi ko, "For as long as I'm mayor, you will not go to jail. Provided you do your duty in accordance with law." 'Yun accordance with law, bahala ka na diyan.

Alam mo naman kung patayin mo diyan sa harap ng Luneta, hindi man 'yan accordance with law. Kung dalhin mo doon sa kusina ng Manila Hotel, barilin mo, that is in accordance with law kay wala ka mang makita.

Once there is a witness then it's not in accordance with law. Eh paka-b*** mo naman 'yan. 'Yan definition mo na 'yan. Mga sa Davao --- kaya ang Davao ganun, kasi p***...

At ang taga-Davao ngayon, hindi naman ako, si Inday naman, they like it. Ang taga-Davao na mismo ang --- o wala rin siguro magawa sila kay --- alam mo 'yan si Mayora.

Noon, 'di ba alas-dose, ala-una, alas-dos 'yun, binabaan ko ng ala-una. Reklamo 'yung mga taga-Davao. Sabi ko, "May marinig pa akong isang reklamo, ibaba ko 'yan sa alas-onse. P***** i** kayo." 'Di tahimik sila.

Ngayon nandito naman 'yung isa, ibinalik ngayon sa alas-dose. So alas-dose, tahimik ang Davao. Biyernes Santo talaga. Eh nagpunta man kayo doon. Wala na kayong mapuntahan.

'Yun ang dapat para sa Pilipinas ngayon. Tignan mo ang Davao parang may curfew kasi magtambay-tambay ka diyan, maglakad ka, loitering. Patay ka, maski --- maski pantakot na lang. Never mind about the actual reality. It's enough that they are really hesitant to do it because they might violate the law.

'Yun man sana ang gusto ko para sa Pilipinas. Eh pero I realize na... Pero itong corruption sa executive department, sa akin, tayo, ah mawala 'yan.

Ang hindi ko kaya, well of course I am not saying that Congress is into it but 'yung --- at saka 'yung local government because mine is only supervision but not control. But pwede talaga kitang ipitin.

Sabi niyo si General Año is a very strict guy. Because --- kaya --- I can either suspend you or I can just dismiss you from the service.

Ang Ombudsman kaya niyang gawin. Ang Sandiganbayan kaya rin niyang gawin. 'Di unahan ko na kayo. Bakit pa ako maghintay? I will just suspend you, for as long as itong mayor na may control sa pulis.

So kung may crime, the crime is repeatedly committed, mga droga. Patatangalan kita talaga ng pulis. May mga --- itong mga --- superstar complex kasi 'yan eh. Lalo na 'yung matagal na, family of politicians.

So ako, by the way, I am in favor of putting up a very --- a dynasty law. Okay ako, wala akong problema. Ang anak ko, si Inday, I can tell you I know her. Hindi magtatakbo 'yan ng national. Ganun lang 'yan.

It was a reaction of a daughter na marinig ang mga salita ng... Sabi man talaga, "my father does not deserve that kind of statement." Ayan oh.

Then itong... 'Di ako makialam sa transaction. Nandito lahat ang mga Cabinet members ko. You can ask Delfin Lorenzana, you can ask General Año, 'yan si... No transaction of any kind sa gobyerno dadating sa table ko.

'Yung --- kaya natatawa ako doon, diyan sa frigate na 'yan, 'yung ano. Walang dumadating doon. Pero sinabi ko, if you have a complaint, especially graft and corruption. I will give you the audience any time of the day or night, basta may isumbong ka.

All you have to do is to just go to the ano — guwardiya diyan sabihin mo, "Gusto ko makausap si Mayor dahil may i-report ako." I will entertain you. But dito, dahan-dahan lang.

But corruption is still very much alive, very much alive. Kaya para masabi ko mahinto na nga itong... They import, then you wait for a few months, then there is the decision of the auction office to sell it, ikaw rin ang bibili, ikaw rin ang gagamit. Maswerte kayo.

Kaya, "Inggit si Duterte." Inggit talaga. P***** i**, sinong hindi mag-inggit niyan na mga Harley Davidson, mga Lamborghini, inggit talaga ako. I am...

But ang problema, because I love my country more than the inanimate thing there. I have to worry about the Filipino, the hunger of the Filipino, the suffering of the Filipino. Ayaw ko nga 'yan eh. Basta 'yung ganun huwag, sabi ko.

'Yung sa airport. Sinabi ko, isa-isa pa. They are not allowed to open anything. Dumaan na 'yan doon sa ano eh. May machine naman doon, pag-akyat na doon sa conveyor, tapos na 'yan. Why do you have to f*** the baggage ng tao?

Ayaw ko. 'Yang kunan ng mga... Ilang beses akong dumaan eh. Tignan mo kami. Ilang taon ako mayor? 23 years. Naging congressman ako, one term. Vice Mayor, one term.

Punta akong --- Hong Kong kaming pamilya. "Yes, mayor?" "Dini-dini." Kung magdating dito kasama ko, galing rin mga Macao nag-umuwi, kung anong gagawa... Darating din 'yung araw ninyo, tignan mo.

Eh ngayon sabi ko, "Do not..." Lalo na maliit, mabuti pa ang galawin mo 'yung mga mayaman. 'Pag nagsumbong 'yan sa akin sabihin ko, "Mayaman ka man p***** i** ka. T*** i**, ibigay mo na 'yung iba." Totoo.

`Yung mga molde, maski baliktarin mo `yung mga private planes nila wala kang marinig ka sa akin. Pero `yung maliit na... Walang matakbuhan `to eh. Ito, they don't care. Pagka ganun `yang mga `yan, "O adre o." `Yun na `yun.

Itong maliliit, walang maibigay. Kaya `yung dalawang manager diyan sa dalawang airport flag sinabi ko talaga, "one more time..." Nandiyan si Art Tugade. [*Nandito ba si Art?*] `Yan sa harap niya sabi ko, "One more time. Doon kayo sa airport na..."

May maraming airport dito na ang haba parang basketball court lang. Pero diyan sa record, kumpleto na. Basketball court. Kung tignan mo doon, mag-landing ako nung kampanya, "Saan ang airport ninyo?" "Yan lang."

So gawain mo `yan sa akin. Ah sigurado. Kaya sabi ko `yang mga --- `yang lowest bid, lowest bid `wag ako --- paniwalain mo ako diyan.

Ngayon, lowest bid is konsabo talaga `yan. Siya na `yung lowest bid, ibagsak niya `yung presyo, magbigay pa siya doon sa engineer, magbigay pa doon sa mayor. magbigay pa sa governor, magbigay pa sa barangay captain, ang p***** i***** Pilipino, natabla.

Kaya mag --- kailangan, either they come to terms with me or magulo talaga itong biyahe ko as I --- kung makaabot ako ng katapusan ng ano...

Then I said I will talk to the enemies of the state, I tried with Sison. p***** i** sobrang yabang naman ng ... Ayoko hindi ko na pinansin. Ayaw mo? Eh di huwag. Sino ka ba? Who are you?

`Yung iba... And the MILF leadership is here, I'd like to thank you for coming to terms with us and I recognize your efforts. The Filipino people will remember you for all time. Si Nur naman, still finding her time sabi niya --- his time, sabi niya mag-usap nalang tayo and it is there. And I hope that he has mellowed a lot but I hope we can talk sense and maybe...

Ginawa ko naman 'yun sabi ko corruption, drugs, sabi ko law and order, I will talk to... Tapos sabi ko wala ako, wala ako. Kaya ako magmura 'yang Inquirer na 'yan pati ABS - CBN wala silang masilip sa akin.

Walang transaksyon magdating sa opisina ko. Maski baliktarin mo 'yan, I exactly prohibited that one. 'Yung project nila Dureza, ni Lorenzana, ni Año, it begins and ends in your office.

Dito ka sumagot sa akin. You do not have to explain to the people, answer me first bakit may corruption. Sa awa ng Diyos puro matino ito. 'Wag kayong maniwala diyan sa...

Now let's talk about Faeldon. The reason why I am hanging to Faeldon is this: early on I will reveal it now, it was Faeldon who whispered to me 'yang Mighty King may racket diyan.

Sabi niya "Sir, billion 'yan matagal na." Kilala mo man 'yan si --- sino 'yan? Isa pa 'yan hambugero. Akala mo mag-asta --- akala ko noon NBI 'yan. Kay kung nalaman ko lang 'yan nang...

Alam mo sabihin ko ang ginawa niyan? Mayor ako, they were passing the Sin Tax Law. Ungab was made sa --- kasi Aquino kami eh. Ginawa siyang chair sa appropriations. Nung nagde-debate sila ng sin taxes, pumunta itong y*** na iyan, mabuti't nalang kasi mistah daw kami 1967, o ano sige mistah di --- "tara mistah kain tayo."

Pinakain kami may dala-dala siyang bag na ganun. "Pera ba 'yan? 'Wag mong iiwan ha? Ah hindi? Akala ko pera." Tapos kain may iniwan siya sabi niya "ikaw na ang bahala". Di hindi ko rin naano --- may kausap ako.

Tapos sabi ni Bong, "Mayor pera ata 'yan." P***** i** tingnan mo pera nga. Sabi ko "Bong, habulin mo."

"Nasa eroplano na." Sabihin mo "p***** i** 'yan PAL na 'yan baba... Ibigay mo."

So nandiyan sa security camera umakyat si Bong ibinigay talaga 'yung bag sa kanya. Kasi gusto niya lower. So may experience na niyan ako. Ang sabi ni Faeldon --- sabi ko "pag-aralan mo."

Sinabi ko kay Sonny Dominguez kami na munang tatlo, sabi ko, "sige yariin natin 'to". So you know how much we got from Mighty King? 40 billion. *[applause]* Now kung itong Faeldon na ito interesado 'yan sa pera, eh bakit hindi niya sinakyan 'yun?

I mean he was --- was hindi na man na-swallowed but medyo nalusotan siya doon. I don't... Itong sila Sid Lapeña, he was my chief of police for the longest time, huwag kayong maniwala ng... Matit... Dulay was my --- ka-roommate ko 'yan eh. Puro Ilocano 'yan lahat eh.

Kay sa Cabinet nga dalawa --- tatlo nalang kaming Bisaya naiwan, puro Iloc --- puro Ilocano na ang kaharap ko.

Kasi nandoon ang karamihan kasi ng sundalo it's either Ilonggo or Ilocano, mga generals kailangan taga-Pangasinan. Kasi paglabas niyan karga-karga ng nanay ingon ah general ito balang araw. O general. *[laughter]*

Kaya lahat ng --- karamihan nga diyan general puro Panggalatok. Wala mang general na Cebuano. Cebuano na talawan. Kuan ra ning ako ha kay Cebuano ra ba ako. Pero totoo man 'yan.

Paghimo nuon og paltik kugihan ang mga y***. t*** i** magtrabaho sa bayan natin ayaw. So 'yan. Iyang China Sea, di tayo pwedeng makipag-giyera diyan. I will not waste my --- the lives of my soldiers and ...

I cannot --- I cannot go into a battle that alam ko matatalo ako. G*** ba... And besides, if that conflagration there in the Middle East without offending anybody, hindi wala namang Arab dito. We are all Malay.

We only differ in religion which ako I travel from one another in my values. Kung ano lang ang maganda I follow Islam ganun. Pero itong sa ---itong... But it is in the --- in the belief also, you should read a book about Islam.

Now when they --- ng magpatayan sila, there's really a purpose. Hindi 'yan sabihin mo na ang Islam na basta nalang maghurementado. May specific target 'yan sila and it is really --- there is a purpose.

And you'd notice that most of the time they would use bladed weapons. Hindi 'yan ano --- but there will really a time for that and I will explain. Ganun 'yan eh. Pero kung magdating kasi 'yan dito tapos magsabi mo na you will kill all infidels, hindi man pwede 'yung ganun.

So I cannot go to America, I am not sure America would be ready for that. The past Congress and ask a permission to go to war. Marami. Pahirapan lang nga kung ang 22, 23,000 na baril para sa pulis. At ako ang tinatamaan gamitin na extrajudicial killing and this is what I do not like. 'Yung na-scrap na ano helicopter deal with the Canadians, they will sell it to us but we cannot arm them because we cannot use it against the civilians of my country.

Buti hindi... You never --- you never take your geopolitics seriously and the balance of the... My civilians are joining the NPAs and they are killing civilians, soldiers and policemen and all.

My civilians, my brother Moro are all civilians but they have joined Abu Sayyaf. Medyo okay pa makain ko pa 'yan. Historical territorial talaga 'yan eh. It's never an issue about religion, it never has been, it is not now. Ang kanila territorial, but ang problema nito there's a new mixture and that is ISIS.

And if they go out there because they are fast losing mass base, they are planning targeting Southeast Asia. Kung sa Southeast Asia, saan man sila? Will do a rampage in Indonesia? Yet, no.

In Malaysia? Lalo na Brunei, anong fertile ground mo? Southeast Asia, Mindanao.

Do you want to kill infidels? There's a good mixture there in Mindanao and do what you want.

Ngayon, saan man ako magtakbo? Can I call immediately with the flip of my finger? Canada? NATO sabi nga ni — sabi nga ni it's not — to longer... Sabi ni Trump it's no longer operational.

Where's my immediate ano? Where do I get the rockets? Where do I get the thing there? China. Walang iba.

Unless I go to a state visit sa North Korea, kaibiganin ko na lang 'yon. Baka pareho 'yung ulo namin sira, eh 'di magkaintindihan kami. What do you do with your enemies like your father, your brother, father-in-law? I fed him to the dogs. We... I will feed him to my fishpond Manila Bay, the fish there are regenerating, much stouter.

So 'yan ho ang message ko I — wala kasi itong — baka magalit. Huwag namang magsama. Ang problema ko magsama ang loob. Tapos 'yung next speech gawain 'yung grammar pabaliktad.

So ang gawain natin, siyempre mga sundalo kayo eh. Let us behave like soldiers. I will just read the last paragraph. Consuelo.

We will see to it that the nation that we hand over to the next generation of Filipinos is one that is more stable, harmonious and progressive. Together, let us continue to make great strides as we collectively bring out our countries toward— our country towards a safer and brighter tomorrow.
