**SPEECH AND PRESS CONFERENCE**  
**OF**  
**PRESIDENT RODRIGO ROA DUTERTE**  
**UPON HIS ARRIVAL FROM HIS PARTICIPATION TO THE BOAO FORUM FOR**  
**ASIA IN HAINAN, CHINA**  
**AND**  
**WORKING VISIT TO HONG KONG SPECIAL ADMINISTRATIVE REGION**

[Davao International Airport, Davao City | 13 April 2018]

Kindly sit down. Thank you.

Let me just announce the... part of my delegation was the Foreign Affairs Secretary Alan Peter Cayetano and the other members of the Cabinet; Davao City Mayor Sara Duterte-Carpio; Lieutenant General Benjamin Madrigal, Jr. Commander, Eastern Mindanao Command; Police Chief Superintendent Manuel Gaerlan, mga kasama ko sa gobyerno, akong mga kaigsuunan.

I am glad to be back from my official visit to China for the Boao Forum for Asia Annual Conference.

Together with Leaders, we discussed the importance of an open and innovative Asia for greater global prosperity.

We recognized that Asia is a key global growth engine. And we strongly emphasized the need for economic cooperation, coordination and collaboration to achieve the development of our peoples, what they deserve.

I [underscored] the importance of providing a safe, secure and stable environment in the region's land [and] waters for economies to thrive.

I reiterated the Philippines' commitment to do more to encourage greater investments into the country.

I stressed our emphasis on infrastructure, innovation [and] interconnectivity to drive domestic growth. Most importantly, we received support for the Philippines' plans for inclusive growth and sustainable development.

The nine business agreements signed during my visit yielded an estimated value of 9 to 8 billion dollars in investments. These are projected to generate more than 10,000 jobs for our countrymen and women.

The Chinese Government also provided 500 million Renminbi in assistance. Grant. So, maybe we'll discuss that later, on what I will do with the money.

Among these is the Memorandum of Understanding (MOU) on the employment of Filipino teachers [of] English language in China.

This allows for the employment of 2,000 Filipino English language teachers starting this year and will be valid for two years, subject to renewal.

In my meeting with President Xi Jinping, we reaffirmed our commitment to sustain the vigor of Philippine-China relations. We both underscored the need for further intensified cooperation, trade and investments, tourism, agriculture, defense, science and technology and energy, among other things.

The Philippines will continue to seek the expansion of areas [for] mutually beneficial collaboration, consistent with our laws.

During my Working Visit to Hong Kong, I met with our dear kababayans.

I reported to them the developments at home and reiterated my vow to do everything to help improve the situation at home.

This latest visit underscores yet again the need for the Philippines to seek its destiny in Asia. We recognize that our neighbours in the region are our partners and friends with whom we can work with to achieve shared prosperity.

I will continue to harness diplomacy to advance our national economic and security interests.

In everything I do, I have as my inspiration the stories of our hard working countrymen and women who have sacrificed everything for a more comfortable life for their families.

I will uphold my solemn oath to do my utmost to provide a comfortable life for all during my watch as President.

With that, I say thank you also for being here and I can maybe answer a few questions from the media.

## **QUESTIONS AND ANSWERS:**

**PRESIDENT DUTERTE:** You always start with the Philippine Star. It's shining brightly with you around, Ms. Regalado.

**Q:** Thank you, sir. Good morning.

**PRESIDENT DUTERTE:** I'm just trying to figure out how it will fare if you are not around.

**Q:** Sir, ano muna, sir, this is the first time that our Mayor Inday Sara joined you in a foreign trip and in an official event like that, such as the one in Boao. So would we see more of her in the coming trips or in your coming engagements?

**PRESIDENT DUTERTE:** No, I don't think that would be a... One answer for that is she was invited.

She went there per invitation 'yan. I don't know about other trips coming along my way during my term whether or not they would allow maybe invite my family, my friends like you. Hindi ko masagot 'yan with certainty. She was there because she was invited.

**Q:** Yes, sir. Sir, another question po, sir. Next month would be the barangay elections and then you have been saying all along that almost or how many percent of the barangay captains or barangay officials in the country are into the drug --- illegal drug trade. So it's already next month. What have you done or are you going to come...? What would be the campaign against those barangay captains --- barangay executives?

**PRESIDENT DUTERTE:** Okay. I will address the public by just saying that I told the Congress of the Republic of the Philippines that ang droga, in a scale of one to 10, the danger level is something like until now almost six. It used to be about eight and one half.

Ngayon, pababa six but hindi pa kontrolado ng gobyerno ang trade sa droga. So I think there's a few guys out there operating the laboratories.

But like any other nation now, shabu is going in and out of the country and the vogue now, the fad is 'yung para sa may pera, cocaine is coming in very fast. But it's not as pervasive as shabu because cocaine is hard to sell, very expensive, I don't know how to make it but there's a process for that.

And it's more --- well, at least organic. So I don't think that is really as vicious and as dangerous as shabu. Most of the Americans are --- the addicts I mean are on cocaine and heroin.

Hindi pa dumating sa atin 'yan dito. Unless we allow criminal syndicates to operate here again. Maybe with the --- the one danger is the cartel of the South America who would connect with the criminal syndicates in Asia. Iyan mahirapan.

We have discussed that with --- during my meeting with Mr. President. And during the bilateral, he mentioned it several times in front of my Cabinet about the need for really a focused attention to drugs because we have also the same problem. And mind you, they execute people.

Indonesia has the same problem. Malaysia not so much but mas --- hindi lang napa-publish but I know that Widodo, President also has the same problem with drugs.

It's a long... It's gonna be a long fight. It will transcend my presidency. And the next president has to deal with it eyeball-to-eyeball whether he likes it or not.

The motivation there is profit. Kaya itong mga... Balik ako dahil sinasabi ko 'yan dahil itong mga barangay captains 'yung iba pati municipal mayors and the city mayors, kaya nga namamatay ang mga --- kasi pumasok.

You know ang shabu if you have a capital with just 1,000 overnight it can blossom into something like million because it is a craving --- it's like food. And every criminal addict. They are criminals because takers are also punished.

They are not the innocent bystanders. You are not supposed... Kahina naman ng ulo mo kung sabihin mo na nadala ka ng --- may mahila ka sa droga. I pity those guys. Alam mo ang IQ ng mga 'yan? Katorse. You know that's a very dangerous thing and you are going --- do it.

Kaya ito hindi ko masigurado but just a warning kung sino man 'yung tumatakbo ngayon, the same policy will apply to you. And the same strategy that I am adopting is good until the end of my term to the very last day.

So sinabi ko sa Congress hindi pa natin masyadong kontrolado. But there is a lessening. I said it's about six.

But you know, my job is to see to it that there is no scale to use the danger of drugs. Kung maari lang zero. Do not... Kayong mga durugista, do not help me attain my objective at the expense of your lives. 'Di ba?

Hindi nila alam ang laro diyan. Kung maabot ko 'yung ambisyon na zero and it could cost you your life or your liberty for that matter because the police and military will be active against you.

It's the plain law enforcement.

**Q:** Thank you, sir.

**PRESIDENT DUTERTE:** Nagwa-warning lang ako.

**Q:** Opo, sir. Thank you, sir.

**PRESIDENT DUTERTE:** Thank you, ma'am.

**Q:** Maayong buntag, Mayor.

**PRESIDENT DUTERTE:** Maayong buntag.

**Q:** I am Ruth Palo Dumandan of Radyo Pilipinas.

**PRESIDENT DUTERTE:** Tog ka siguro da?

**Q:** Sir, in relation to the barangay elections, the PNP said that you have the list of the barangay officials who are involved in illegal drugs. Are you going to release the list of the names of the barangay officials, sir?

**PRESIDENT DUTERTE:** I will... I will sleep on that issue. I'll give it a thought. I'll sleep on it maybe sometime.

Kasi I have to make sure that it does not affect the freedom of the people to elect their own leaders because this is democracy. So I have to think about this crucial issue.

The choice of the people but then again letting them know that you might just elect the wrong guy. And then we go back into this rigmarole again of denials and everything, and even mayors getting killed along the way.

Basta ako dito sa drugs, zero tolerance ako. There is no middle ground here. Hindi ako maglalaro sa droga. I do not talk to criminals. Ngayong magkaharap tayo eventually because I know it from as a mayor for the longest time you are caught, you are brought to my office and you start to say you a narrative of apologies, I do not go for that kind of...

Basta dito, no quarters given, no quarters asked. Zero tolerance ako sa drugs. Magkasala ka na ng iba, magnakaw ka na lang ng eroplano diyan o, okay lang sa akin.

**Q:** Second, President. On the resumption of peace talks with CPP-NPA. Are you giving timeline to... when to start the talks? Because the Makabayan said, Makabayan bloc said that the peace talks should not be... it should be unconditional.

**PRESIDENT DUTERTE:** It's not a condition, it's a timeline. There are no conditions given. Eh alam mo 'yung sinasabi nila kung... do they understand the nomenclature of a timeline and a condition?

During the two-month period, you will not... I will give my demands and they can also have theirs and that is where we start negotiating.

Pero 'yang timeline, alam mo bakit? Ganito 'yan and may I explain it for the nth time.

I have invited everybody outside of the Philippines who are communist members to come home, the leaders, and we can talk. I will give them my personal and official guarantee na during the two months na magpunta sila dito, they will not be arrested, they will not be molested, and they will not be whatever, caused any inconvenience.

Ngayon, ang una kong sinasabi, this is not a [unclear]. Ito una ko, this is really the ceasefire. No taxation, no atrocities, no nothing. Just come here as a plain citizen, you are protected by our policy of re-approachment with an open heart and wala man sila 'yang pera kaya nanununog 'yang mga ya --- kasi 'yung hindi magbigay sunugin nila.

If you continue to do that, then forget about talking. You tell the Makabayan to just [unclear]

There has to be a ceasefire. Not a single shot fired. Maski de-bomba or the pump gun, air rifle, no taxation, no... just stay and I believe that they will have the camps where they can stay in the meantime.

Walang mga pera 'yan so I will not allow taxation. That is why I said, "ako ang gagastos." If I want peace, I must invest in peace.

So umuwi kayo dito, ako ang magbayad ng lahat, hotel, pagkain, pero hanggang diyan lang. Good time, i-charge mo 'yan sa iba.

Tapos lahat ng mga kampo nila, magdeliver ako ng assistance, pagkain... so for the... just to hold the line. Until such time maybe, in the fullness of God's time, we might have a concrete and substantial peace agreement to sign.

So 'yan ang sabi bakit ako nagmamadali. Paabutin ko ng Disyembre 'yan, maubos ang pera ko. Hindi naman ito akin and it's an extraordinary expense.

I don't know how I would explain it to Congress because pera ito ng bayan and of course, Congress has always a say on how we spend our money.

This one, I'll try to explain it to them that this is in furtherance of my desire... of our desire, of the nation's desire to have peace.

**Q:** Thank you, sir.

**Q:** Maayong buntag, sir.

**PRESIDENT DUTERTE:** Yes, sir?

**Q:** Allan Nawal sa Philippine Daily Inquirer.

**PRESIDENT DUTERTE:** Ah nandiyan pa kayo?

**Q:** Wa pa man, sir. (Wala pa, sir). My first question is, your satisfaction rating remained very high at +56 percent pero adunay mga observation sir nga sa Luzon ug sa Metro Manila, nibaba ka ug mga 11 percent. So aduna na kay mga statement?

(TRANSLATION: But there are observations that your ratings in Luzon and Metro Manila that there was a percentage drop of 11 percent in satisfaction rate. Any statement on this, sir?)

**PRESIDENT DUTERTE:** No. I'm trying my best, my very best. If my very best is not good enough for our people for all times, I'm sorry.

I am already in office, I am elected, I have my mandate and I have my promises to keep.

I am complying with my promise, you can see it with your naked eyes.

I am, sabi ko, ano bang... I only promised what during the election? That was --- kaya ako nauna, I was always the first to end. Even during the debates, I have extra seconds and say, "I am through."

One is that corruption. At least everybody is... can see to it that I am really doing it and there will be more dismissals in government.

Second, that I will stop kung kaya ko or reduce it to the barest minimum. Drugs. Kung hindi pa ninyo naintindihan 'yan.

Then I said that I will seek out the enemies of the state. I am referring to the insurgency of the communist and the insurgency ng ating Moro under that grouping.

Then I said I would not tinker or intervene in matters about governance, lalo na sa contracts, contracts.

So I'd like to publicly say --- nandiyan 'yung mga Cabinet members --- no transaction of government, especially 'yung mga contracts of public works, infrastructure, railroad. They do not --- these papers do not reach my office. I do not allow it. Diyan lang 'yan.

Kumbaga project 'yan ng Trade o Foreign Affairs or Labor o kay Roque, kanya 'yan. Hindi ako nakikialam. Walang... walang papel dumadaan sa akin eh, purchase of car, not even a single thumbtacks. Hindi 'yan, hindi na umaabot sa akin 'yan.

So ako, whether you like it or not, well, tapos na 'yung eleksyon para sa akin. I do not go for any percentage acceptability. It's you who has to accept my performance because I promised it to the people.

'Yang drugs na 'yan talagang tatapusin ko kayo hanggang katapusan.

Corruption. Nakikita ko naman lahat. That was --- We're talking with the enemies. We're trying --- Bello and Dureza are it all the time.

'Yung economic advisers ko, whether it is energy or Malampaya, solve it yourself because I trust --- that's the reason why you are here because I trust you. So do it. Walang [unclear].

So as long as it does not really go to corruption, I'm comfortable.

Ngayon kung sabihin mo nagbaba ako kasi corrupt ako na pagkatao, ayan ang sabihin ko sa mga tao, then naloko kayo.

Pero itong, itong apat na ito, talagang sa ayaw ninyo at sa hindi, ma-popular man... I am willing to go minus 10, decrescent. I do not care. Tapos na ako. I do not have to be popular because I do not need it.

I'd be something like in distress. If nagkakampanya ako then you would say that, "you are now on the 20 --- yesterday, you were 24. Now, nandito ka na ngayon sa 18." Then I have to, you know, give it a thought and maybe lose some sleep.

Ngayon tapos na 'yan. I do not care about how you rate me. That is not my job. My job is not to watch for these rates. My job is to implement what I promised. Ginagawa ko po 'yang apat na 'yan. Simultaneous. Nakita naman ninyo. I did not promise you anything.

Wala nga akong mention noon na, kita naman --- did I mention to you about infrastructure, about these things?

But now, I see something that's maybe a part of our swerte sa buhay.

We have secured so many billions and that 500 Renminbi, gratis 'yan ha. Walang conden --- no, there's no contract about building a railroad.

It's 4 billion straight, gratis lang. Now this time, I will ask maybe permission from Congress. Gusto ko na malaman rin sila because I said sila 'yung tiga-tingin ng pera. It might be good at this early na pag-usapan na lang namin.

But I would suggest hospitals. The first one is I will repair and equip the hospitals in the south, particularly in Jolo and Basilan.

Wala silang CT scan, wala silang MR --- MRI, walang... And competent doctors. But ngayon kasi, they can just read it doon sa machine and the reading of the x-ray can be done in Manila, to the experts, and they can transmit or convey there, improve diagnosis if there's a need be one. Meron 'yan.

And maybe sa medicines for... Gusto ko ibigay muna ito sa... those that really, really, urgently immediate ang needs.

Hindi kailangan na... hindi mo pwedeng i... hindi naman kagaya ng infrastructure na you can put it off to some other day because today is a rainy day. Ang sakit ang problema, hindi.

**Q:** Daghang salamat, sir.

**Q:** Good morning, Mayor President. My name is Ian Cruz of GMA 7, sir, GMA news. Sir, can you share some details of your bilateral meeting with President Xi, particularly with the sea row, sir, and with the possible joint exploration with China, if you may, sir.

**PRESIDENT DUTERTE:** All that China needs actually is the cooperation. 'Yun lang. Open your doors if you want something done in your country, if you are inviting us here to invest, we will invest.

And if you do not have the resources, we will do it for you. And if you say that if you have the money to pay, pay us in a short term. If you do not have the money, pay us on a long term. Ganun.

Sa... nandito 'yan eh. Tourism. But itong Boracay, sinabi ko will be closed and I am --- Alam mo kasi ang problema diyan sa Boracay.

Kasi itong... kayo, nauna kasi kayo. I never mentioned about Boracay, I was mentioning it about closure [garbled]

There is always, sabi ni Cimat, there is entrance --- ingress... ingress, egress. Then in the meantime, we repair. Anong plano? Wala pa. We have so many plans about... nandoon na sila.

'Yung DTI, is the one --- milyon 'yang pumapasok diyan sa tulong. Pero it is not for use to build something inside the area which we are trying to clean.

Now what's the problem? The problem is the whole of the island, according to the Supreme Court, is really forestal pati agriculture.

I do not know how many of those guys there were given rights or a title over the land na kung wala pang --- Act of Congress would be good or a Presidential Proclamation.

President Arroyo, when she was talking to me about a week ago, she never signed any proclamation segregating a portion of that area as commercial.

And yet you find so many hotels, entertainment and everything. And even something like, mentioned like something, sabi, "o casino." I never discussed that.

Tapos anuhin na, "Duterte's." If you really want to know ang sa puso ko, I would give it to the farmers kasi agriculture 'yan eh.

And mind you, I am not inclined to declare anything there as a commercial area.

And if you will lose your billions there, I'm sorry because I said I am not signing any proclamation until the end of my term.

So kung magpagawa ka diyan ng hotel, disgrasya ka because it's agriculture.

Then we will have to dismantle your hotel, suffer the loss and losses and that's a problem.

I would like to declare it as a land reform area. Ibigay ko muna sa Pilipino. Bakit ko ibigay sa mga mayaman? Bakit ibigay ko sa mga foreigners?

Sila ang kikita, anong iwan mo sa mga taga-Boracay? Eh 'di ang sweldo nila.

Then all those germs being spewed. Eh 'di unahin ko na lang 'yung Pilipino. Sirahin ko 'yan Boracay and let all the rest also.

You made it dirty? Fine. Fine with me. So sirahan ko 'yan so that the others will also grow.

There are many resorts --- Bohol, Cebu, Palawan. And they will have a chance also, a shot at maybe what is... the goods the country can offer.

That to me is a consoler. It consoles me na 'yung ibang resorts, mabubuhay.

Boracay, I will clean it and do not wait for any schedule because I am not inclined to proclaim anything there that would change the category from forestal, agriculture then to...

So if you ask me now, I'll give it to the Filipino farmer.

**Q:** Sir, regarding the West Philippine Sea. Have you discussed with President Xi?

**PRESIDENT DUTERTE:** No. It is not the appropriate time to do it. But as I have said, I will discuss it with... Bakit ko --- sisirain ko? They are now offering joint exploration and from the mouth of the President of China, sabi niya, then exploration, maybe we can be extra generous.

So why... why... bakit ko sisirain 'yan? For what? At the urgings of the Philip --- the so-called Philippine allies? I want a quarrel? What if China would say, "Okay, let's go to war." O 'di patay na.

Alang-alang magsabi ako hindi kasi ubo --- sunod-sunod ka ng utos doon. Inuudyok ka eh. Hindi pupwede 'yang ganun. "It's a national interest." Do you want a massacre?

Merong --- we are... Nitpicking ka diyan pagka ganun. Buti --- you compare it with the Philippine --- no, no, the Philippine assets all-in-all, kulang tayo. Arms and everything and even people.

I am not ready to sacrifice the lives of my policeman and soldiers for nothing. I'd rather talk about business. Let it float there, hindi naman manakaw 'yan eh. Pero ang China is coming in, offering something.

I think it's --- maybe it's not a gambit but if it's really from the heart, as I've been saying --- 'yung armas na kinuha ko doon sa China pati sa Russia, to their credit, until today, ni papel o ballpen hindi nag-hingi 'yan sa Pilipinas.

I never mentioned about military. Sila ang nag-offer. Kung sabi nila, "If you have --- you have to fortify your forts and your arms, we're just around." And that was also the words of President Putin of Russia.

So why go... goo around and pick a quarrel?

**Q:** Sir, my last question, sir. Before going to China, you declared that Chief Justice Sereno is now your enemy and then she answered back. May I read what she said, sir? Sabi po niya, “You have heard the pronouncement of the President. I was just asking a question that actually needed to be answered: why the Solicitor General was devoting resources of the government to oust a sitting Justice through a quo warranto petition? You heard his answer: His answer betrays the entire story.”

**PRESIDENT DUTERTE:** Do not make it a problem for you. You forgot for several times you mentioned my name, Justice Secretary. Alam mo kung bakit I castigated you in public? Ignorante ka eh.

There was a time, we were in the thick of the campaign at sinabi mo sa mga public, “Do not submit yourself to an arrest unless there is a warrant for your arrest.” Sabi ko, “Hindi ko susundin ‘yan, Madame Justice kasi b\*\*\* ‘yang bat --- batas mo.”

You know ‘pag ganun ‘yan, lalaban lahat ‘yan. Eh kung walang warrant, if there is a crime committed in the presence of the military and the police, bakit? Magpo-produce ba siya ng warrant galing sa’yo?

Kaya sabi ko torpe ka, that’s why should not be there. For a Chief Justice, hindi mo alam ‘yan? Bakit ka magbigay ng salita ng ganun? Kaya nagalit ako sa iyo because even an ordinary flunker ng law, alam ‘yan.

Na there are instances where there --- I --- they can... the military and the police, and persons in authority, and civilians for that matter, walang koneksyon sa gobyerno can make arrest, citizen’s arrest.

The crime is about to [be] committed in my presence or the crime is being committed, or the crime has in fact been committed tapos tumakbo ka, hinabol kita, and mil --- and I will make an arrest.

You go back to your transcripts sa mga announcement ko. Kaya ako talaga, ayaw ko. Answer... And so talagang dapat paalisin ka, noon pa. B\*\*\* ka na, p\*\*\*\*\* i\*\* mo. Kung anong pinagsasabi mo, kaya sabi mo gusto ko talaga, o ngayon?

I am not directing Congress, I am not a member of Congress. I am directing my partymates. O kaya sabi ko, “Partido naman kaya tayo, sumali ka na dito sa PDP. O then, I am asking you to impeach Chief Justice.”

But the ball is still in the hands of the Supreme Court. And I don’t know what’s coming her way from you. Eh ‘yung passionate ng... Kita mo naman eh --- we’re reeling sa drugs.

America. Tokhang ni Bato. Human Rights. Eh kung dito, human rights, pasunod-sunod ang mga --- akala mo marunong. Kaya sabi ko, mahirap ‘yang...

Tokhang, it's a ci --- it's a civil way of... "Tao po, meron ba ho kayong durugista dito? Pwede ba kayong huminto?" And the irony of them all is that America is engaged in Tok --- Because they discovered a dark side in the internet.

They took over the operations para malaman nila. And after --- making a complete story, they started to knock 'yung sa internet, lahat. Eh tokhang na rin sila.

Eh 'yang problema na 'yan, kasi sabi ko 'yung --- a pretended knowledge or pretentions of who you are, stop it. Just because you are the Chief Justice, you are not smart.

Kasi kung smart ka, matatag ka diyan, walang lalaban sa iyo, at hindi ka nagkakamali sa mga declarations mo. If you are that ignorant, you better go. You are just risking the country into a chaos. Umalis ka na.

Tsaka hindi ka dapat diyan talaga in the first place. And that term of yours --- until what? 2030? That's --- that's too long for an ignorant Chief Justice. It's too long. Tama na 'yan. Give way. If I were you, I will resign.

So I'm asking my partymates in Congress. Who am I to direct the --- the Senate? 'Yung Congress, ang ibigay sa representatives because we were talking of impeachment. We are not talking of --- in conviction.

Now kung nandiyan na 'yan, the process of impeachment, then you --- you maybe or you say something like, "Senators, you convict her." That is far different. I was just appealing to the House of Representatives who will handle the impeachment.

The conviction is something else. For your guidance and information. Ang sabi ko, huwag kayo pumasok diyan na...

Ngayon ang human rights, human rights. Noon ko pa alam ang depensa ko. Tignan mo, t\*\*\*\* nga eh, pati itong De Lima hindi makasagot. Ka --- sa kanya 'yan nag-umpisa. I studied my case when she was investigating me en banc dito sa Davao.

I knew then, sigurado ako na hindi ko talaga --- sabihin, you will never have jurisdiction over my person, not in a million years. I was the only one keeping that secret. Wala naman kasali 'yang mga kasama ko, I was just testing her.

Ang tanong nila, 'yung group of medium people said, "Come and talk to me." Sabi nila, "bakit hindi mo nilabas 'yan?" She's a lady. I said, "Gusto ko lang makita gaano karaming istupido dito sa Pilipinas.

P\*\*\*\*\* i\*\*. Sa totoo lang, especially those na nauna sa... How can you ever, ever? Kaya I'm war --- itong --- sinong pangalan nito, si Fatou, you do not have jurisdiction even to conduct preliminary investigation.

There is no basis at all because we were never --- the Philippines was not ever, ever a member of that ICC for the reason that there was no publication. 'Pag walang publication, tapos mag-diretso ka lang.

At tsaka diyan sa treaty na 'yan, sabi ni Professor Roque at si Professor Panelo, you know, this guy is very smart. Sa kanila, may double jeopardy. That if you are acquitted, they have the right to an appeal.

In this jurisdiction sa ating Constitution, double jeopardy is prohibited. 'Pag naka inosente ka, inosente ka. And government cannot refile the case forever because double jeopardy is never allowed.

Nandiyan sa treaty sabi ni Panelo pati ni Roque, I did check, both of them, nandiyan, which is a violation of our Constitution. The publication is a violation of our Constitution because of the Tuvera versus Tañada.

There has to be a publication. If there is no publication, it is as if there is no law at all. Kaya ikaw Ms. Fatou, 'wag kang pumunta dito because I will bar you. Not because I am afraid of you, I said, because you will never have jurisdiction over my person, not in a million years.

But what is your authority now? If we are not members of the treaty, why are you f\*\*\*\*\* in this country? You cannot exercise any proceedings here without basis. That is illegal and I will arrest you.

At hindi ako matatakot, I said, you can never call me to the International Criminal Court simply because your position is flawed. It cannot be corrected anymore.

So stop your nonsense. Kayong mga taga-UN, you are better off. We have so many problems to solve, at hanggang ngayon wala kayong napagkikita. There are bombings there, hospitals of children are being bombed, ni wala kayong...

Ito, I will address to the --- si Madame --- si --- sa Burma? Aung [San Suu] Kyi.

I will apologize to you but if you have noticed my statement was almost a satire or --- just being...

Kasi sabi nitong mga Europeans, there's a lot of violation sa human rights in Burma.

So, sige sila atake sa Burma.

Sabi ko, "Well, meron diyan sa Burma. There are a lot of human rights violation. So what are you doing?"

Sabi ko, "Do you have any plans of providing a safe sanctuary even for a moment for those who are really the victims of war? There's a civil war going on." Wala, wala sila.

They keep on criticizing us, Aung [San Suu] Kyi pati 'yung iba. Ngayon, bakit sinabi ko 'yan? Madam Chancellor, let me confess to you publicly. I was doing a --- a very sarcastic [unclear].

I was just adapting their findings that there are a lot of violations in your country. I am not ready to intervene in your --- I was just using because I said, "if you are willing, you guys in Europe, to receive, provide sanctuary or in the meantime allow the... the Rohingyas to stay with your country, I will also do it."

Sabi ko, "madaldal kayo. O sige. Merong mga tao diyan na wala talagang mapuntahan. Why don't you provide the, any relief?"

Sabi ko, "tanggapin ninyo 'yan sila. Provide a temporary shelter, you European guys. Oo." Ngayon, ano ang sagot? Wala. Ako, sabi ko, "I'm willing."

I am not using the Islam as [an] excuse. I'm just talking about the human being. If you are really worried to death and keep on attacking [unclear] Then you provide the relief. Bigyan mo sila ng ano... accept the refugees.

If you are willing to do that, I am ready to accept my share of responsibility in the name of humanity. Sige nga. Puro daldal lang kasi kayo eh.

Now you know the reason why you are so unpopular in --- You know, you... you just --- it's not a dust that you can just sweep on under the rug.

Hindi niyo alam ang sentimiyento ng mga Orientals. You know why we have this deep, deep wound in our hearts? Because you colonized us. You occupied our country and lived off of the fat of the land and you killed so many of our forebears.

Kaya lahat kami may sentimento. 'Yung kaya sila, "it happened o..." Is that the American explanation? "Ah, it happened two centuries ago."

But lahat kayo diyan, Britain occupied Malaysia. The Dutch, it's where The Hague is... doon ba? You occupied Indonesia. Are you ready? Just... just because it was in the past, they're forgetting it?

You occupied practically Britain, Germany, Italy. You occupied the Middle East, got most of their oil, you went well in advance in development because of the oil that you got almost for free from Africa.

Kaya galit ang mga Middle East sa inyo. At 'yung mga intra ano ninyo within the tribal, the rising tribal hatred is the blacks.

They will never forget that they were just pulled out from their civilization and brought to America to be slaves.

Sabihin ko na sa inyo because you're not willing to talk about it publicly. So I will give you an idea why. Tignan mo 'yang treatment ninyo doon.

You just do not say because you do not want to talk about it, but what... Kaya ganun.

That was also the same sentiment of Obama. Even he was President, he was talking about really, hanggang dito ka lang.

There's a certain space there na, which is reserved for the whites.

Ganun 'yan. Huwag na lang tayong maglokokhan. Kaya ganun ang galit na lang namin.

Gaya ng Balangiga bells. Kung kinuha lang ninyo 'yun, okay lang sa amin. Pero kinuha ninyo, pinatay ninyo as ordered, you turned the place into the howling winds and hung the dogs. How dare you criticize us for human rights.

Better learn from your history. I am killing here criminals and drug people because of your loss there, which is really l\*\*\*\* sa amin. P\*\*\*, kita mo, nakita mo na sa inyo. Then you are suffering now and you have to declare international emergency.

What did I say six months ago? You remember? "You Americans, you will find it to your horror and sorrow. One day in the future that your problem of drugs in America is far more serious than what we are suffering here." Remember?

I've never been the prophet but I've always been hard in my --- I do not apologize for it. I offer no excuses. 'Yan ang bunganga ko kasi 'yan ang totoo. Bahala kayo diyan.

Me, I have to protect my country. I have to go around. Who are the friendly guys? Who are the... who are the... who would help us? Kayo, binitin ninyo kami.

The reason why I had to go to China and to Russia is because you stopped it.

Itong Canada, pabili sila ng helicopter. The... the... What we are saying is that there's... there's a lot of trouble here.

I am facing how many fronts? The NPA, the Moro insurgencies. It's not the Muslim eh. It's Moro insurgency. It's a question of homeland and territory, then the terrorist and the drugs.

Ang... magbili kami sa... Then only to be told na, "No, we're... we'll deliver the choppers but you cannot arm it. It's only good for evacuation and emergency."

Twenty-three helicopters para emergency, kargahan ko raw ng mga evacuation pati 'yung mga sundalo --- 23 helicopters, karami niyan. Mag patay pa ako ng sundalo ko para magamit ko lahat? Twenty-three. Ano gamitin mo sa air lift?

T\*\*\* J\*\*. “You cannot use this --- you cannot use it against your citizens.” That’s what... quote unquote.

Well, I’ll tell you now. There are many citizens of ours. It cuts across the tribal... the different tribes in the country. They are up against government. They are dealing it with terrorism and war.

Now you want me to just sit on my a\*\* and accept an order of 3 --- 23 attack helicopters that I couldn’t even bring in an M-16? Just because they are my citizens. Why? Is it our fault?

That’s the reason why I... it took me this long to explain to the public that the rational or rationale of why I’m going around, making friends with everybody because I do not trust you anymore.

Binitin mo kami nung last minute and Canada, isa ka pa. Well, I said, “I will remember you for all time.”

Yes, what is your next question?

**Q:** Thank you so much, sir. Good morning.

**PRESIDENT DUTERTE:** Sus, for standing up there? ‘Yun lang isa?

**Q:** Maayong buntag, sir. Hernel Tocmo, ABS-CBN Davao. Sir, with regards to the issue of housing units for typhoon survivors, many houses are still unoccupied kasi sinasabi nila na delikado daw na tirahan, substandard, and some houses are also built along danger zones like in New Bataan, Compostela Valley. Will the government look into these or to the contractors and NHA?

**PRESIDENT DUTERTE:** Maniwala ka diyan. Mga issue ‘yan ng left. Lahat na lang gawin ng gobyerno, mali. Kaganda noon. Maski bombahin mo kalima ‘yan, nandiyan pa, nakatindig pa ‘yung ginawa ni General del Rosario.

He’s one guy who would --- he won’t fool everybody. He will never do that. Siguro kung hanggang diyan lang ‘yang roof mo, ano bang gates diyan sa --- [unsa ba’y tawag nila? Ano ba tawag ng sin sa Tagalog?] --- yero.

Ayaw mo kasi mag-aral ng Bisaya eh.

**Q:** Will there be an investigation, sir, considering itong mga housing units sa typhoon...?

**PRESIDENT DUTERTE:** No, I do not. That’s a... that’s created by the left. I will not do it because I trust the people who are doing it. Precisely I called General Ed Del Rosario. He was the Task Force Davao. He was good and is still good until now.

**Q:** But these housing units, sir, ‘yung previous administration pa ito, sir, ‘yung sa mga for bagyong “Pablo” survivors and “Yolanda, for example itong sa New Bataan...

**PRESIDENT DUTERTE:** Wala kaming ginawa doon.

**Q:** Oo.

**PRESIDENT DUTERTE:** At least in the meantime, you elected a... a carpenter na ano eh. That’s not mine. Ang akin dito, you go to Marawi and...

It’s not really a fashionable house but it can provide the temporary sanctuary for the family, at least from the elements. Maniwala ka niyang mga left na ‘yan.

I... I trust Del Rosario. I will not investigate anything. ‘Yung doon, tignan ko. But only --- sabihin ko kay Del Rosario, if he can do it simultaneously, it can improve on the situation there.

Pero hanggang pagbabarilin mo ‘yang mga sundalo ko, ah wala.

Compostela tapos mag-repair ‘yung mga sundalo ko, tapos pagbabarilin nila. Of course not. My soldiers are there to kill you, not to be the subject of the... at the receiving end of the conversation dito.

**Q:** Okay, thank you, sir.

**Q:** Sir, habol lang ako isang question lang po, sir.

**PRESIDENT DUTERTE:** Navy naman ngayon.

**Q:** Sir, it has --- I just would like to know about your Facebook skills kasi there was a time before, I think in 2015 or 2016, there were groufies or ‘yung mag-selfie-selfie and then you asked me once, “Day, Day, unsa man nang tag-tag?” Meaning to say, how to... ‘yung tag, ‘yung picture, i-tag ‘yung isa, so I explained to you. And now you even said something about the use of smartphones na ayaw mo kasi gusto mo tawag diretso, ganun.

**PRESIDENT DUTERTE:** Everybody knows it.

**Q:** Yeah. Now, ang question ko is this...

**PRESIDENT DUTERTE:** Why do I use that stupid thing? ‘Pag pindot ko ganun, lima kabook (five options) ang lalabas. Mga g\*\*\*. Mabuti pa ‘yung Nokia ko.

**Q:** Sir, ang question ko po, kasi Cambridge Analytica, ‘yung ano, ‘yung Facebook ano eh, said 1.1 million ‘yung data ng ano mo, it has something to do with your election, ‘yung ano, campaign in 2016, 2015.

**PRESIDENT DUTERTE:** Maniwala ka.

**Q:** Kaya ko nga tinatanong because that time, hindi ka ano sa Facebook eh.

**PRESIDENT DUTERTE:** Wala akong Cambridge-Cambridge, Oxford, basta ‘yung akin, kampanya, simple lang.

Kung ayaw ninyo sa akin --- ganito ang sabi ko sa Luneta. Ito ‘yung Cambridge pati Oxford. Itong akin baka Columbia ‘to.

Sabi ko, kayong lahat na naniwala sa pari, naniniwala sa Diyos, at ayaw ninyo ng patayan sa mga droga, gusto niyong buhayin niyo ‘yang mga p\*\*\*\*\* i\*\*\*\*\* ‘yan, diyan kayo.

Ngayon, kung sino ‘yung gustong patayin ko, tapos gusto ninyo na tao na --- ay nandiyan si Inday eh. Ganun.

O, tapos, sabi ko, “gustong magpunta ng impyerno, patayin na natin ‘yang durugista, dito kayo.” O, see what happened.

Ba’t ako Cambridge-Cambridge ka pa diyan.

**Q:** Ay sila man may sabi.

**PRESIDENT DUTERTE:** Wala man akong alam. Hindi ko man kilala ‘yan. Honestly, hindi ako bilib diyan sa survey-survey. Kita mo, and to the last day, kailan lang ako gumanun?

Well, ikaw, nakatawag ka pa. Hindi ako nagagamit ng --- hindi, ayaw ko man ‘yang p\*\*\*\*\* i\*\*\*\*\* ‘yan kasi isang tulbok mo, dalawa.

Mag-ano ka numero, three, four, maglabas ang five, six. Ano kang klase itong y\*\*\* na ito?

‘Wag ka maniwala niyang Cambridge-Cambridge na ‘yan. Hindi ako naniwala niyan.

**Q:** Yes, sir.

**PRESIDENT DUTERTE:** Tsaka bakit ako magbayad sa mga ugok na taga-Cambridge ang magtrabaho para sa kampanya ko? Mas lalo akong matalo niyan.

**Q:** Thank you, sir.

**PRESIDENT DUTERTE:** Magsabay ka kung Tony Boy, ayun pa nagbigay ng pera. ‘Yun ang Cambrigde talaga na tama.

T\*\* i\*\* Cambridge. Ako magbayad sa’yo, matalo pa ako. Wala ‘yan. Kalokohan ‘yan. Maniwala ka diyan sa mga taga-Maynila. Wala nang ibang ma...

**Q:** Yes, sir. Thank you, sir. Good morning.

**PRESIDENT DUTERTE:** Dili ko musalig (I will not trust) Cambridge-Cambridge.

**Q:** Tanong lang naman.

**PRESIDENT DUTERTE:** Next.

I'd like to thank everybody who joined... joined me in the... my arrival. [applause]

Ito, palakpak lahat ng media. Wala, 'wag ka nang sumulpot uli sa... Pakpak kayo diyan. [applause] Aw, lagi. Sunod, barred kayo. You clap your hands first before I talk and... [laughter and applause] You remember that.

Sige. Hindi bitaw tama. Thank you for your time, media guys. I was just joking.
